THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore 1 to 1½ of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believes, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this: that The Guardian covers the field of its circulation three and a half times as well, if compared with population in the city and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons like. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

Even Her Blood Turned to Water.

When Dying of Pernicious Anaemia Her Life Was Saved by.

FERROZONE

Probably very few cases are on record in which an absolute cure has been made of pernicious anaemia.

But Ferrozone did cure Miss Elaine Stanhope—cured her absolutely, and her mother Mrs. G. Stanhope of Rothesay, Ont. says the following:

"My daughter complained of feeling tired. She was very pale and listless, and kept losing strength till to weak to attend school. The doctors prescribed different bottles of medicine but Elaine kept getting worse instead of better. She had Anaemia and we were afraid for awhile that she might never rally. We read of a similar case, that of Miss Descent of Stirling, Ont., being cured by Ferrozone, and this induced us to get it for Elaine. It took three boxes of Ferrozone to make any decided improvement, but when six boxes were used my daughter was beginning to be her old self again. It didn't take much longer to make a complete cure and I am convinced that there is no better bloodmaker than Ferrozone. It has made a new girl of Elaine. She has gained ten pounds in weight and looks the picture of perfect health. She is stronger and enjoys the best of spirits. The credit of her recovery is entirely due to Ferrozone."

Every grown girl and young woman can make herself strong and healthy with Ferrozone.

It makes blood, nerve and tissue,—makes it fast—makes it to stay.

Complexion soon becomes perfect, nerves get new strength, tiredness vanishes—perfect health is the reward for using Ferrozone, which is sold by all druggists—price 50c per box; don't fail to try it.

50,000,000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspaperdom.'

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.

The Reason Why Zutoo Is Used by Thousands.

It would probably surprise you to know how many thousands of people are using Zutoo Tablets who had never before used a headache cure.

This is due to three facts.
They tried the tablets.
The tablets cured their headache.
The tablets did not hurt them.

Like sensible people, they do not suffer from headache any more. They either let Zutoo ward off the headache—nip it in the bud—or assist nature in stopping it.

Which do you do? Do you suffer from headache or do you take Zutoo?

I bought a horse with a supposedly incurable ringbone for $30. Cured him with $1.00 worth of MINARD'S LINIMENT and sold him for $35.00. Profit on Liniment, $34.00.
