Pure Wool

at the Hewson Mills means fresh wool that has never been woven before.

"Pure" wool—in some mills—means rag shoddy (old cloth, torn up and re-woven) and cotton. It is neither pure, clean, fresh nor sanitary.

The Hewson trademark means cleanliness as well as quality. 63

Imported Hackney Stallion

The above photo is "Fashioner" taken at the Dominion Exhibition at Halifax, last autumn. It will be noticed that Fashioner is wearing a belt, attached thereto are the ribbons presented to him for winning sweepstakes in show classes for Hackney Stallions.

FASHIONER

Imported No. (8468) (343)

Color Dark Chestnut, snip, near hind fetlock white, foaled 1902, bred by George Hodgson, Manor House, Brandesburton, Hull, England. Imported in July 1906 by Hamilton & Hawthorne, Ontario.

DAM	SIRE
Tit Bits (10563)	Welbeck (7313)
Madame de Brandes (4270)	Sir Alfred Sands (3271)
Brown Bess	2nd Sire James (1564)
	Star of the East (798)
	Walkington

Fashioner imported No. (343) (8468), weighs 1250 lbs. Fashioner is sired by the noted horse Welbeck No (7313). Welbeck sire of Fashioner is one of the greatest sons sired by the champion Hackney stallion of all England, Garton Duke of Connaught for which his owner refused the big sum of $20,000.00. Garton Duke of Connaught has sired more prize winners and high priced Hackneys than any other Hackney Stallion in Great Britain and has the high honor to be the selected Hackney Stallion for the services of the Hackney mares owned by his Royal Highness King Edward. Fashioner Dam Tit Bits, No. (10563) by the noted horse Sir Alfred Sands No (3271). Tit Bit is the Dam of many prize winners at all the leading shows of England and has proven herself to be a great brood mare. Fashioner imp. (343) (8468) is one of the highest actors and fastest going Hackney stallion in Canada. He was shown at London fair Ontario 1906, and won the second prize against a strong field of good horses and first class judges pronounced that he should have won first prize. He was shown at the Dominion Exhibition Halifax 1906 and won first and sweepstakes for the best Hackney stallion of any age. All breeders wishing to breed high classed harness horses should not fail to see this grand young hackney stallion before breeding their mares. It has been proven by first-class breeders that the Hackney stallion crossed over trotting or thoroughbred mares is the only way to produce the high class harness horses that sell for the big prices. Horses bred this way have been sold for $800.00 a pair to $1,000.00 a pair through Ontario and the United States. Trotting and thoroughbred mares crossed with a Hackney stallion like Fashioner with the size he has and the stylish way of going of and his conformation will be sure to produce horses that will sell for the big prices, and as well be good horses to work on the farm and not take all you raise on your farm to feed them.

Fashioner will be at Connor's Stables, near Essory's Livery Stable, every Market day.

TERMS—10 dollars cash for Season, or 12 dollars in Fall to November 1st, secured by note of hand at time of first service. Single Service 7 dollars cash at time of service.

All accidents at owners risk.

JOHN B. ROPER,
Owner In Charge.

East Royalty Charlottetown, P. O. April 22, 1907 4—22dtf&9tfm.f.9i.

50th Anniversary Of Indian Mutiny

The Disturbances in Hindustan Give the British Thought, Though They May Turn Out to be But a Flash in the Pan

LONDON, May 13.—John Morley, after resting at the India office, now has full employment for all his talents. The series of riotous and seditious disturbances at Lahore, Rawalpindi and Amritsar would have excited uneasiness at any time, but, coming as they have on the fiftieth anniversary of the outbreak of the Indian mutiny, they are causing widespread alarm. The coincidences are not confined to the dates. A different cause is assigned for every disturbance, precisely as was done at the time of the great mutiny, and the disaffection is equally mysterious, although Hindoo agitators have been working more openly than half a century ago, and the prosecution of a native journal libelling British officers as murderers has been a conspicuous incident. While the penalties imposed upon the libellers have been resented, agitators have been fomenting the spirit of revolt against agrarian laws and religious fanaticism has been aroused. It is not clear whether the arrest of Lala Lajpat Ria and the prohibition of public meetings will suffice for the restoration of order on the railways and unable the military authorities to concentrate troops with rapidity, a safeguard lacking in 1857. Lord Kitchener is in command and will not hesitate to act decisively. The new mutiny may be a flash in the pan, like the nationalist agitation in Egypt directed against Lord Cromer's successor, but veterans like Lord Roberts, Sir Evelyn Wood and Sir George White are reported to take a serious view of the mysterious movement. There is, however, no trouble over the cartridge paper greased with cow's fat and hog's lard to stir up a revolt in the native regiments, and there is no descendent of the great Timour at Delhi to be proclaimed by the mutineer's Emperor of India.

$20,000 FIRE AT SYDNEY MINES

SYDNEY MINES, May 13.—The two-storey building owned by George Mulloney, on Main street, was destroyed by fire to-night. The loss is estimated at between $15,000 and $20,000. The lower floor was occupied by A. House, baker, and George Mulloney, boots and shoes. S Roberts kept a lodging house on the second floor. Practically nothing was saved from either floor. Mulloney was moving into his store. His entire stock was new, being only recently purchased. The fire is believed to have originated in the bakery. Owing to low pressure of water service the firemen could do nothing towards combatting the flames, and when force was increased the building was beyond saving.

STRIKE CAUSING LOSS OF MILLIONS

NEW YORK, May 13.—There is no change for the better in the dock situation caused by the strike of "longshoremen." Freight is piling up at an enormous rate at all the docks and apparently the steamship companies have but few men to move it. The blockade is causing much inconvenience to shippers and merchants transportation companies and strikers are losing thousand of dollars daily.

The loss to shipping interests alone is said to aggregate $5,000,000 thus far, while the loss in wages to the longshoremen also runs into seven figures.

Neither side has thus far shown any disposition to surrender, but the prediction was made that one side or the other must soon give way, as the strike is paralyzing the ocean freight traffic of the port, a condition that merchants cannot longer permit to continue. According to the strike leaders, 30,000 stevedores are on strike in Manhattan, Brooklyn, and Hoboken, and considering the number of men out the strike is remarkable for the lack of disorder.

$50,000,000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars. —Newspaperdom."

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest any money in publicity will never accumulate a fortune.—Record.

ANOTHER GREAT DISCOVERY.

A well known gentleman in Black Bay, Ont., Mr. John Cowan, has discovered an absolute specific for Rheumatism, and writes: "I was affected with Sciatica and chronic Rheumatism which I contracted years ago. The disease had a great hold in my blood, and it was hard to make any impression on it. Reading of Ferrozone I was convinced of its merit and it's certainly the best I have ever tried. Why it just drove away the Rheumatism. Even stiffened old sufferers will experience quick results. The reason is that Ferrozone acts through the blood and thereby destroys the cause of the disease. Price 50c per box at all dealers.

MARCONI COMING TO CAPE BRETON

NORTH SYDNEY, May 13.—The masts for Marconi wireless station arrived here Saturday from Pictou. The principal mast is about 65 feet long and 15 inches in diameter at the butt. Smaller ones are 50 feet in length with six inches larger diameter. They are billed to the Marconi wireless telegraph company, North Sydney. It is expected that installation will be commenced after arrival of Mr. Marconi, who is expected at the end of the month. It is expected he will sail from Liverpool on or about May 24th.

The Doctor Said Nervous Prostration

But After Weeks of Effort He Could Not Help Me, and I Was Cured By

Dr. Chase's Nerve Food.

Sleeplessness, failure of appetite and digestion, and then nervous collapse.

This is the story told in this letter. But there is also new hopes for similiar sufferers in the cure described.

Mrs Alf. Stevens, Burgessville, Oxford county, Ont., writes:—

"Two years ago last November I was run down, and did not know what was wrong. I could not sleep or eat, and at last my nervous system gave way entirely, and I had to go to bed. The doctor told me I had nervous prostration, and, though he doctored me for some weeks, I did not get any better.

"I then began the use of Dr. Chase's Nerve Food, and by the time I had used six boxes I was completely cured. People remarked how well I looked, and I said, 'Yes and I feel well, that is the best of it, and Dr. Chase's Nerve Food did it.'"

"Twenty years ago," said Dr. Weir Mitchell, the great American authority on diseases of the nerves, "the treatment of diseases was the highest medical idea Now the highest ideal is prevention of disease."

In the front ranks of preventives must be placed Dr. Chase's Nerve Food because it works on the principle of increasing the quantity of rich blood and nerve force in the body and thereby keeping vitality at the high water mark.

This is the only way in which nervous prostration, locomotor ataxia, paralysis and many less dreaded diseases can be prevented or cured, and cure of such ailments when once they are thoroughly established means long weeks and months of presistent treatment.

The old saying that "An ounce of prevention is worth a pound of cure" is nowhere so applicable as in diseases of the nerves, and there never was so effective a preventive as Dr. Chase's Nerve Food. This is being proven every day in thousands of cases, 50 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

ANNOUNCEMENTS.

There will be a rehearsal of the choir singing at Zion church concert in the Kindergarten tonight at 7 p.m. A full attendance requested.

All Is Not Gold That Glitters

Government Standard may sound all right to those who do not know the difference but it is applied to a quality of seed that will not grade the best. Just remember when you go to buy your seeds this spring to have a look at the package. If it is marked

No. I.

you are all right and are getting the best on the market. Seed that is guaranteed absolutely free of all noxious weeds, but if the package is marked "Government Standard," you should be careful. When people have go'd to sel they seldom mark it Brass and when people have No. I. seed to sell they do not as a rule mark it Government Standard. We have seeds marked and guaranteed No. I., be wise buy the best. Our prices are right.

Send 25c, in cash, stamps or postal note for 12 full size packages of any of the following seeds. Mark the kinds you want with an X. (Guardian.)

Beans	Onion	Savory	Chrysanthemum
Beets	Parsnips	Squash	Nasturtium
Cabbage	Parsley	Lettuce	Pansy
Carrot	Peas	Tomato	Stocks
Cauliflower	Pumpkin	Astor	Sweet Peas
Celery	Radish	Balsam	
Corn	Sage	Carnation.	
	Cucumber		

These packages are all full size and are all fresh seed from Wm. Rennie's.
