Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. FOST, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERRING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.

The Non-cathartic Nature-cure for

Constipation

Helps the System to Cure Itself.

You cannot cure constipation by violent methods. Violence is never effective against nature. That is why the use of morning salts and purgative pills so easily become a habit. These things do not cure the trouble; they only force matters, and in so doing weaken the bowels till natural action becomes impossible, and you have to go on taking your pills or salts indefinitely. Compare Dr. Cassell's Instant Relief. This great tonic laxative helps nature by strengthening the bowels, natural action is restored and a cure effected which is real and lasting.

Dr. CHAS. F. FORSHAW, D.Sc., F.R.M.S., a well-known British Scientist, writes:—"Never take Salines or Purgatives for Constipation—to force Bowel action is to aggravate the trouble and create the Constipation habit. I recommend as a superior and convenient treatment Dr. Cassell's Instant Relief."

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, specks before the eyes, flatulence and windy spasms, acidity, heartburn, impure blood, and that dull, heavy feeling which is a sure indication of liver troubles.

WHEN you put your foot into shoes that were never intended for you—nature rebels. It doesn't help to have shoes a size or two larger—chafing is just as bad as squeezing. The remedy is to choose from a line that considers the natural needs of the human foot—not just one perfect foot—but all kinds of feet.

Red T Shoes offer comfort, and ease, and that true style that follows when your feet are properly fitted, because in the complete line there is probably a last and a style for every pair of feet that enter a shoe store.

THE EXCELSIOR MONTHLY—The Excelsior Monthly is the name of a new periodical just launched in Charlottetown. Although edited and controlled exclusively by ladies there are, in the first number at least, no indications of revolutionary undertakings or of any intended militancy in connection with woman suffrage or other questions peculiar to the feminine mind. The periodical is a modest and well edited school journal published by the pupils of Grade Nine, Prince Street School, and is a distinct credit to its staff of editors and reporters. It also bears tangible evidence in its advertising columns of the generosity of the merchants of the City who so kindly patronized the venture and helped it financially. It promises to issue monthly and to be a record of current social events of interest, especially, to the pupils and to their friends and generally, to citizens. It is an excellent exercise for the pupils, will be a valued souvenir in after years of their schooldays and is in every way worthy of encouragement.

GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

SUDDEN DEATH— Many people in Charlottetown, will learn with much regret of the death of Mr. C. E. Tanney, of London, Ont., travelling salesman for the Sherlock-Manning piano. Mr. Tanney has been coming to Charlottetown at exhibition times for a good many years to demonstrate pianos, and on Wednesday night of exhibition week he was taken ill at his hotel, the Revere, and was removed by ambulance to the P. E. Island Hospital. As his condition looked serious his son was wired for, and arrived Saturday night. He remained with his father for a week or until last Saturday morning when he left for home, his father at that time being considered out of danger. Sad to say Mr. Tanney took another weak turn that very night and only lived a few minutes. The son was again wired for and got the sad message at Moncton. Mr. Allan Forsythe accompanied the remains as far as Moncton. Mr. Tanney's son meeting the body at Point du Chene. Deceased was 57 years of age and had never been ill in his life except for a somewhat similiar shock which he suffered here two years ago. He leaves a widow and two children. Mr. Tanney was a man of very genial disposition who made many friends during his visit here. He was an accomplished musician and a splendid singer being for some years choir leader of the leading Methodist church at his home town of London, Ont.

REVIEW.

THE picturesque grandeur of Alpine surroundings forms the background for Marguerite Clark's appearance in a notable Famous Players-Paramount Picture, "Out of the Drifts," a tale of the eternal snows, avalanches, dizzy heights and yawning chasms. But the battle against the elements is not the only one in which the adorable Famous Players star is pitted against a powerful adversary. She is a simple, unsophisticated little shepherdness whose innocence and beauty arouse in a dissolute visitor at the village which is her home, the lowest impulses of his nature. But the very ingenuousness which leads her into this trap proves her salvation, for it in turn awakens a sense of shame and repentance in the man, who, as a result, thoroughly changes his mode of life and makes himself worthy of her truest love. Although the environment of "Out of the Drifts" is different from anything in which this star has ever appeared on the screen, it retains the same irresistible charm and the unforgettable personality with which Miss Clark invests every role which she assumes.
