A Dangerous Pastime.

Playing with edged tools is a dangerous pastime, but not nearly so dangerous as playing with a cold, neglecting it. A cold is more treacherous than a sharp tool: the latter inflicts a straight forward open wound which you attend to at once, but a cold is often allowed to run. In a day or two the delicate membranes of the throat and chest become irritated and inflamed, causing congestion and a cough. The neglected cold thus brings it's owner into the straight path which leads to Consumption. Thousands are just about so far advanced and do not realize their dangerous position. To regain their starting place of "*Good Health*" they must be careful as to their clothing, diet, etc. and get the sore places in the throat and chest healed. The only unfailing cure is *Shiloh's Cough and Consumption Cure;* it tones and strengthens while it cures, giving greater power to resist disease germs. It is an infallable remedy, and is sold under a *guarantee not* to fail or money refunded. Alex. Lewis, of Frogmore, La., says:—S. C. Wells Co., Toronto, "Some time ago I suffered terribly from a hacking cough, and the doctor said I would get consumption, but I began taking Shiloh's Cure regularly and am now completely cured."

A Ballade of the North Winds.

Hurrah for the wind and the ice and the snow;
High up in the air their caps they throw
As they give a ringing, rousing cheer,
The maddest, merriest, of the year.
Hurrah, hurrah, hurrah, they shout,
Those boys from the village school let out.

Hurrah for the wind and the snow,
Eddying, drifting, to and fro.
Tomorrow they'll build their forts and men,
Snowballing, racing, shout again
As they put the laughing girls to rout,
Those boys from the village school let out.

Hurrah for the ice and the covering snow;
Over its frozen crust they'll go
As they dash, on their painted sleds away,
Down the steep hillside like winds at play.
With yodel and song and lusty shout,
Those boys from the village school let out.

O, the ice and the wind and the rollicking snow,
Right well the country children know
That the wild and wonderful winter fun,
Out doors and in, has at last begun.
And, loud and long, they raise the shout,
Those boys from the village school let out.

Tons of Turkey Eaten.

Five million pounds of turkey and other fowl fit for the Christmas feast loaded the dinner tables of the city Monday, as nearly as we can be estimated by the experts of South Water Street The Lucullian spread was distributed among the people of Chicago in varying proportions, and enough was left to appease the hunger of several armies Tuesday. With the passing of the gobbler occurred the simultaneous disappearance of 2,000 barrels of cranberries, 3,000 barrels of apples, and a quantity of sweetmeats which cannot be computed even by the dealers.—Chicago Tribune.

GRANT INTERVIEWED

Sufferer From Bright's Disease Tells How He was Cured By Dodd's Kidney Pills.

Bright's Disease, Like Diabetes, No Longer incurable—Mr. Ewen Grant's Case of Three Years Standing—But a Few Boxes of Dodd's Kidney Pills Cured Him.

QUINN P. Q., Jan. 5.—The case of Mr. Ewen Grant, cured of Bright's Disease by Dodd's Kidney Pills, continues to excite attention here. Many enquiries are received by Mr. Grant regarding Dodd's Kidney Pills, and people are never tired of asking him personally about his case. In view of the wide interest for the public attached to any cure of Bright's Disease, which was until comparatively recently considered incurable, your correspondent interviewed Mr. Grant, as follows:

"When did you first feel the symptom of kidney disease?"

"About three years ago, I experienced sensations of continual lassitude and tirdness.'

"Did you consult a doctor?"

"Yes, several, who pronounced that I had an excess of blood and perscribed without result.'

"Was your work interfered with?"

"Yes, I was in the Glenwood sawmill and at last got so I had to quit.'

"That was hard, was it not?'

"As I had a wife and six children to support, it was indeed. My back at this time became entirely useless.'

"Did you know what was the matter with you?'

"No; my whole nervous system was completely upset, but I did not look sick, being full blooded.'

"How did you come to use Dodd's Kidney Pills?'

"Well, I read of a case exactly like my own one day. It was described as Bright's Disease and the patient was cured by Dodd's Kidney Pills. I determined to try them. My wife had lost faith and said they would be like the others, but I thought I might as well give them a fair trial. I took several boxes and was soon able to go back to work.'

"How do you feel at present?'

"I am now in the best of health, spirit and vigor, and heartily recommend Dodd's Kidney Pills to my fellow-men,' Mr. Ewen concluded.

'Want an advance, eh? Sorry, but I can't let you have it. I'll tell you where to go.'

'Where?'

'To the island of Luzon. They do nothing but make advances out there.'

GOOD RESOLUTIONS.

'I'm going to turn over a new leaf,' said Snickers.

'Good,' said Bickers.

'I mean it,' said Snickers.

'Your intentions are always irreproachable,' said Bickers, 'there is only one thing wrong with them.'

'What's that?' asked Snickers.

'They're so seldom carried out.'

'You just keep an eye on me this time,' said Snickers.

'What are you going to do?' asked Bickers.

'I'm going to take a Dodd's Dyspepsia Tablet after every meal.'

'What!'

'That's right.'

'Say it again,' said Bickers.

'I'm going to take a Dodd's Dyspepsia Tablet after each meal,' repeated Snickers deliberately.

'What for?'

'For a month or two?' said Snickers.

'Yes but what's the matter with you that you're going to take Dodd's Dyspepsia Tablets?'

'Doesn't it occur to you that it is probably because I have Dyspepsia?'

'Why don't you go to a doctor then?' demanded Bickers.

'Because Dodd's Dyspepsia Tablets are twice as good and ten times as cheap,' said Snickers. 'Not that I have any prejudice against doctors, you understand.'

'Well, that's all right, I suppose, if Dodd's Dyspepsia Tablets are liable to cure you.'

'My dear boy, if you only knew how many people are using and have used Dodd's Dyspepsia Tablets, there would be no question in your mind as to their efficiency. Why, they're sold all through Canada, the United States, England, and Australia. It must be up in the millions.'

'Well, all I can say is, when you make a good resolution you want to stick to it,' said Bickers.

PRESIDENT: A. W. MAYBURRY, Esq., M.D., Toronto. DIRECTORS: P. J. M. HORROCKS, Esq., Consumers' Gas Company, Toronto; H. M. HARDY, Esq., Toronto; J. H. HUNTER, Esq., Toronto. BANKERS: THE IMPERIAL BANK OF CANADA, Toronto, Ont. SOLICITORS: GIBSON, ARNOLDI & CO., Toronto, Ont. TRUSTEE AND TRANSFER AGENT: STUART S. ARNOLDI, Esq., North British and Mercantile Co., Toronto.

WORK FOR YOU WINTER AND SUMMER.

Read Carefully and Become a Shareholder.

This Syndicate has been formed for the purpose of manufacturing knitted goods cheaper than any existing company, to keep down prices, and to oppose the large knitting combines and companies which have joined hands to raise prices. To do this successfully it will be necessary to get yarn at the first cost and to manufacture the goods with the least possible expense. Therefore—

1. The Syndicate will manufacture its own yarn and machines for which it has a mill and every facility.
2. The Syndicate will have all goods made by shareholders knitting at their own homes.
3. The Syndicate will pay for all properly made goods at once upon receipt of same, and besides paying for the work when sent in will semi-annually divide with its working shareholders the net profits from the sale of all goods made by its shareholders.
4. The Syndicate will sell all goods made by its working shareholders.
5. To each subscriber of twenty $1.00 shares the Syndicate gives free a twenty dollar Knitting Machine to keep, and also supplies each working shareholder, free of charge, full directions, samples and yarn to make the goods.

To become a shareholder, a worker, the owner of one of the machines, to be paid for the work you do, and also to participate in the equal division of the net profits, you have only to become a member of the Syndicate and take twenty $1.00 shares which will cost you twenty dollars.

THE BUSINESS OF THE SYNDICATE — It is intended to manufacture its own yarns and knitting machines and supply these machines and yarns to its shareholders FREE. By this plan it can readily be seen that the Syndicate will not only benefit its shareholders by way of dividends, but it will be the source of a regular employment and income at their homes. The Syndicate is fully prepared to keep its shareholders supplied with yarns for doing the various kinds of work required, and it is also in a position to dispose of all goods knitted from these yarns through large jobbers and to the general trade as fast as it is sent in by its shareholders.

We have a factory for the purpose of manufacturing machines and yarn only, all knitted goods being made by our shareholders at their own homes, no knitting being done on the premises. It will be seen that to manufacture goods on so large a scale it would be necessary to have a number of knitting factories, which would mean the investment of thousands of dollars, besides taxes, insurance and interest on same. We can, therefore, not only manufacture goods cheaper and in larger quantities, but down the Combines and pay our shareholders a handsome dividend semi-annually.

THE MACHINE — the Syndicate furnishes is a high speed family seamless knitting machine, and will last a lifetime with ordinary usage, in fact the Syndicate will guarantee the machine for twenty years. It will knit from the finest imported yarns to the coarsest of Canadian wool yarn the same as hand work, but eighty times faster. With each machine a full outfit is sent, together with a supply of yarn to commence at once. The guide accompanying machine is so plain and the operation so simple that any one of ordinary intelligence can make any of the knitted goods required by the Syndicate such as Gents' Socks, Ladies' Stockings, Golf and Bicycle Hose, Knickers, Leggings and Toques for Children.

THE PRICES — the Syndicate pays for knitting these goods are:—Socks, $5.00 per 100 pairs; Ladies' Stockings, $10.00 per 100 pairs; Gents' Golf and Bicycle Hose complete, $10.00 per 100 pairs; Leggings and Footless Bicycle Hose, $5.00 per 100 pairs; fine Toques, $5.00 per 100. All these goods are quickly made on the machine and at these prices any person willing to work can make good pay, much more than clerking in store, working in shop or laboring on farm. Shareholders can devote all or part of their time knitting, but at all times they are expected to work for the interests of the Syndicate.

WHO CAN JOIN. All persons willing to accept and honestly knit the yarn entrusted to them, and to return made goods promptly to the Syndicate.

WHAT YOU MUST DO TO JOIN. Each person desiring to become a shareholder of stock, participating in the semi-annual dividends, and to do knitting for the Syndicate, receiving pay as fast as work is sent in,—must cut out the following APPLICATION FORM, sign their name to it, fill in address and reference, and enclose it with Express or Post Office Money Order for $20.00 to the Syndicate's Secretary, Stuart S. Arnoldi, 26 Wellington Street, Toronto, Ontario, to whom all money orders are to be made payable.
