THE CAPITAL OF THE WEST

Latest from Summerside and Prince County.

J. C. Jardine has taken the position of Summerside correspondent of The Examiner.

THERE were two horses among the shipments by the Northumberland on Saturday.

THE schooner Malabar arrived here Saturday from Pictou with coal for Joseph Read & Co.

ONE of Montreal's Aldermen has prepared a by-law to prohibit spitting on streets and public places which will be presented to the Council at an early date. Montreal is slightly behind Summerside in this matter.

The schooner Lois, Captain S. Cain, arrived here about 7.30 o'clock Saturday evening from Pictou with coal for Joseph Read & Co. The schooner left Pictou Friday afternoon and was obliged to lay to off Cance Cove in the storm during Friday night.

Go to Market Hall tonight if you want to see clean high class comedy. The Jerry from Kerry Company play under the auspices of the Improvement and Tourist Association, and every seat is likely to be taken. Call at Gourlie's early and secure yours.

THE tug boat St. George owned by Lieut. Gov. Snowball, Chatham, N. B., on her return from Pictou to Miramichi came in here Friday night on account of the storm. As the Miramichi is frozen up it is quite possible that the tug may have difficulty in reaching her destination.

CAPT. Joseph Read, special agent of Lloyds received word on Saturday to go to Buctouche at once to examine the wrecked schooner Sadie, owned by Carvell Bros. and cargo in the interest of the underwriters. It is believed that the cargo will be saved but the vessel will be a total wreck.

Before the Supreme Court on Saturday in the case of J. Morris Wright vs Peter McNutt, jr., action of damages on warranty of a horse, the jury gave a verdict for defendant. Neil McQuarrie K. C. and Henry Wright for plaintiff; W. S. Stewart and A.C. Saunders for defendant. The case of Artemas Clark vs John McMurdo action for trespass on land is now before the court. Neil McQuarrie K. C., for plaintiff; W. S. Stewart and A C. Saunders for defendant. Court adjourned at 4.45 p. m. until 11 a. m. today.

The schooner Bessie E. Lake arrived in port Wednesday night from Summerside P. E. I., via Pushthrough, after a passage of 21 days with a cargo of potatoes and oats. When the Custom's boat went alongside the captain said he was from the west coast but on being questioned admitted that his cargo had been taken on board at P. E. Island. A customs officer was then but on board. Whether the Bessie E. Lake was trying to avoid the customs or not will be a question for the minister to ascertain.—Newfoundland Ex.

THE Summerside Improvement and Tourist Association are circulating souvenir postal cards advertising the Islanders Reunion to be held here from the 11th to 23rd of July 1904. These cards are very tastefully gotten up, containing an attractive little cut of Island scenery and a short reference to the "At Home," in the form of a letter with a space left for the address and a space for the sender's signature. The cards may be had from any of the merchants without charge. All interested in the Home Coming of next summer should secure these cards and mail them to their friends.

ALBERT DOUCETTE to whom reference was made in The Guardian a few days ago as having presented suspicious orders to some of the merchants has been placed in Summerside jail charged with forgery. After having made his escape from Summerside he was detected going in a westerly direction on foot. Officer Philips was put on his trail and took the western train in order to overtake him. At Wellington the officer learned that a valise had been shipped from that station to St. Louis by an unknown man whose description gave a slight clue to the officer. The man was not accompanying the valise; had probably gone on foot, throught the the officer and he followed on. At St. Louis the officer found the valise and it corresponded with that bought at R. T. Holman's by the man he was after. The officer stayed by the valise and it was not many hours before the very man he was looking for came after the article. The officer at once handcuffed his captive and brought him to Summerside Friday night. The prisoner did not offer any resistance, and told the officers on the way down he had worked hard since he was nine years old and now he wanted a rest. He further said that he expected to have being caught before this. While officer Philips was looking for his man at St. Louis another party from Alberton was searching for the same fellow. Doucette had walked all the way from Summerside to St. Louis, about sixty miles, and was pretty tired after the journey.
