Biliousness

Is caused by torpid liver, which prevents digestion and permits food to ferment and putrify in the stomach. Then follow dizziness, headache,

Hood's Pills

insomina, nervousness, and, if not relieved, bilious fever or blood poisoning. Hood's Pills stimulate the stomach, rouse the liver, cure headache, dizziness, constipation, etc. 25 cents. Sold by all druggists. The only Pills to take with Hood's Sarsaparilla.

GRAND PICNIC

Grace Church Sunday School will hold its Annual Picnic near Cardigan Station, on Wednesday, July 20th.

Arrangements are being made to entertain a large number of visitors from both city and country.

Lovers of sport should not fail to attend as a number of streams in the vicinity are famous fishing resorts. Cardigan River is also near at hand, from which many speckled beauties have been taken this season.

Games, such as Croquet, Cricket, Foot-ball, Base-ball, etc, will be supplied in abundance. A well stocked refreshment booth will be on the grounds, under the management of Mr W P Pickard.

Tea will be on the tables at 3 o'clock.
Train leaves station at 9.30 a m sharp.
Return fair 45c. Special rates for families.
Good swings a specialty.
Should day prove unfavorable the Picnic will be held the following day.

RAILROADING AS A BUSINESS.

Hustle Once, Last and All the Time Says Chauncey Depew.

The railway profession presents more attractions for a young man than any other line of business, says Chauncey M Depew in Railroad Men. It has greater opportunities for advancement, and it is also more permanent. To succeed in it in any department requires health, brains, honesty and equipment. The young man must make up his mind that if he would rise in the profession he must never question the kind of work that is put upon him, the hours which are required of him or the places, agreeable or disagreeable, to which he is assigned.

Railway organization is essentially military, because upon the ability, vitality, and integrity of the vast number of men in the various positions working harmoniously together depend most of the internal commerce of the country, prosperity of business, the activities of communities, great and small, the funds of investors and the safety of hundreds of millions of passengers.

The young man who proposes to enter railway service should first decide whether he will take his chances for a career in outdoor or indoor work. If outdoor work, which is the operating department, he will be immensely assisted if he has had the opportunities which are offered in the technical schools. In these days of thorough training it is almost impossible for a young man of ordinary education to get on in competition with the graduates of the Sheffield Scientific school at Yalo, the scientific schools of Colombia, the special education of Cornell, the big advantages of the Tory Polytechnic and the Stevens institute and the instruction given in many other of the schools and colleges of the United States.

If he selects indoor work, he must make up his mind that much more will be required of him at first than in commercial lines. If he is in the treasurer's department and shows special efficiency and intelligence when a vacancy occurs in the freight department, in any discussion that should happen between the heads of these departments, he is almost certain to be drafted for a better position by the traffic manager, and vice versa.

Railroading differs from no other business or profession in its beginning. The salary is small. The work is hard. It is only the few who by cheerful readiness at all times to perform their own tasks and to stay several hours—and if necessary all night—to meet the requirements of the office or to do the work of the lame, lazy and incompetent attract the attention of their superiors and are marked for promotion.

In the service every one's eye is on every one else. There is a generous appreciation of comradeship, at the same time there is severe criticism of the conduct and character of fellow employees and officers. The moment an officer becomes careless of his duties, inattentive and out of reach when wanted, his chances for promotion are over, and the accident of a discharge or displacement is imminent.

There is but one rule of success in railway service and that is, no matter how high you get, once a hustler always a hustler, and a hustler until you die or reign.

Humors of the Post Office.

When a letter came to the General Post Office addressed, "An Honest Man, Melbourne," it was returned through the Dead Letter Office, endorsed by a facetious postman, "Not known here." Try Heaven", says Argus of that Australian city. Mr Duffy, the postmaster-general, would probably not be severe upon the letter-carrier who failed to deliver that letter; but while he makes it his boast that his staff can work wonders in the delivery of letters insufficiently or badly addressed, it must be humiliating to him to know that a letter sent to himself was returned recently marked "Not known." The letter was addressed "P M G, Melbourne," and the sorter, thinking it was intended for somebody with those initials, placed it among the letters to be delivered when called for. Of course, it was not claimed, and in due time went to the dead-letter office, whence it was forwarded to the sender, who despatched it once again to Mr Duffy, with the endorsement, "I thought that at least your department would know its own chief." Mr Duffy is still smiling.

INEBRIETY IS A DISEASE—Parties can be cured at the KEELEY INSTITUTE, Portland, Maine of Alcoholism, Morphinism, Cigarettes and Tobacco; also from Neurasthenia or Nerve Exhaustion. The undersigned citizens will cheerfully give information to any person who wishes to be cured of any of the above diseases and desire to live a better and healthier life. You may call upon them for such facts as is placed in their hands. This is the nearest Keely Institute to the Maritime Provinces hence practically the cheapest.

R. C. GOFF, L.C. WORTHY. WILLIAM TURNER, P. P. ARCHIBALD, Queen Hotel; ALEXANDER HORNE, W. B. ROBERTSON, Sheriff SIMON W. CRABBE, A. I. JOHNSON, Pres W.C T. U.; MRS. R. J. CAMPBELL.- Oct 21—d& wkly

Should the reader prefer not to confer with any of the above references, write or come direct to the Institute without consulting our neighbors.

MESSRS R N TAYLOR and S C Scantlebury, Opticians, will arrive in Charlottetown from Boston, July 19th, when they may be consulted together for several weeks on all troubles of the eye requiring the aid of glasses. Treatment by modern methods. To insure an accurate fit glasses will be made to order, in each case, at moderate prices. Samples of all the latest styles to choose from. No charge for examination. Office at Dr Taylor's residence. Grafton Street. july13 d&w 3i

PRINCE EDWARD ISLAND

And Its Attractions to Tourists.

Prince Edward Island's summer climate is delightful, free alike from chilling fogs and excessive heat. The many bays and winding estuaries, together with the dark and bright green foliage, and the rich verdure of the meadows, make up a scenery which is beautiful and quietly picturesque. Surrounded by the Gulf of St Lawrence, whose waters are almost as saline as those of the ocean itself, it enjoys all the coolness of the sea breeze, and the advantages that can only be derived from sea bathing. The average temperature of the water is about 65 degrees.

Charlottetown, the important city of the Island, has over 12,000 inhabitants, and is the capital. It is connected by rail, steamship and stage with all the important villages, towns and seaports, and an extra fine farming region. It has many great retail stores, besides a large wholesale trade. It has two Electric light plants and a street railway will soon be an accomplished fact. It has a first class water works system suppling the city with as good if not the best water in America, and a complete modern system of sewerage is now being constructed. It is famed for its wide streets, many of which are shaded, its many pleasant drives, the principal of which is the new Park Roadway, its attractive surroundings, pure water, and clear, cool and bracing air. It is widely known as one of the healthiest cities in Canada. It has two hospitals, many churches and a large and elegant new Opera House. It also has several fine public buildings and a market which is one of the chief sources of the citizens' pride. It has one of the largest and best equipped pork-packing establishments in the Dominion. On its west side is Victoria Park—a favorite summer resort—while on the east are the magnificent new Exhibition Buildings and Driving Park. Chief among its public squares is Queen Square in the centre of the city, beautifully laid out with blooming plants of every description, fountains, and well arranged walks, and enlivened with a band of music during the summer evenings. The rural scenery in the vicinity of Charlottetown is charming, and horses for driving are abundant at very low prices. Boats can also be hired, and steamers run regularly on the bays and rivers, affording most pleasant excursions. The principal hotels are Davies, $2.00 up per day, $10.50 up per week; Queen, $1.50 per day, $6 00 up per week; Revere $1.00 to $1 50 per day, $4 00—$5 00 per week.

Summerside is the next largest town in the Province, with about 4000 inhabitants. It is situated on beautiful Bedeque Bay and in the centre of a fine large farming region. It has the largest and finest departmental store in the Maritime Provinces, besides having other large retail stores. It has an Electric Light Plant, and a water works system and sewerage are being agitated for. Tourists are delighted with the beautiful scenery and the many pleasant drives in the immediate vicinity of Summerside. The hotels are—Clifton, $2 00 per day, by agreement per week; Russ, $1.50 per day, $7 00 per week; Campbell, $1.25 up per day, $6 00 per week.

Georgetown and Souris are the two important towns in the eastern part of the Island, with a population of about 1,000 each. In the former the Aitken, $1.50 per day, by agreement per week; Tapper, $1.50 per day, $5.00–$6 00 per week, furnish good hotel accommodation, while in Souris the Sea View, $1.50 per day, $8.00 per week, affords exceedingly home-like quarters.

At Cape Traverse, a very pleasant summer resort, is the Lansdowne, a large, airy hotel at $1 00 up per day, $4 00 to $8 00 per week. In Alberton, there is the Albion Terrace, $1.50 per day, 5 00 per week. In Tignish, Railway, 1 00 per day, 5 00 per week. In Kensington, Clark's 1.25 per day, 6.00 per week; Commercial 1.00 per day, 5.00 per week. In Montague, McDonald 1.00–1.50 per day, 6.00 per week. In Mount Stewart, Clark's and Manson, each 1.00 per day or 4.00 per week.

THE following hotels open for the summer season: At Hampton, Pleasant View, $1.00 pr. day, $5.00 pr. week. At Stanhope, Mutch's $1.30 pr. day, $5—7 pr. week; Cliff $1.00 pr. day, 5—6 pr. week. At Brackley Beach, Shaw's, $1.30 pr. day, 6—8 pr. week; Sea View, $1.00 pr. day, 5–6 pr. week. At Rustico, Seaside, $1.75 pr. day, 7—10 pr. week. At Malpeque, North Shore, $1.00 pr. day, $6. up pr. week. At Tracadie Beach, Acadia $2.50 pr. day, $8 00 pr. week. At Alberton, Seaforth, $1.50 pr. day, $7.00 pr. week. At Pownal, Florida, $1.52 pr day, 5—7 pr. week.

In addition to those already mentioned there are several other important and progressive towns and villages in the Province, all with ample Hotel accommodation, while the numerous comfortable farm houses prepare for the reception of tourists at moderate rates.

The rivers and streams teem with trout, the bays with mackerel, while game of almost every description abounds

S.C. SCANTLEBURY

Who has achieved noted success as a refracting Optician in Springfield, Mass., will visit his father for a short time this month.

While his primary object in coming to Charlottetown is to rest and recuperate, still we understand he has promised his friends, that he will devote part of his time to testing the eyes for impaired vision.

Those who may require glasses will no doubt take advantage of Mr. Scantlebury's visit to Ch'town. 8dliw

JOHN DICKIESON

Opening up his Spring stock of Buggies.

Don't fail to see the new style elegant Farm Waggons, with or without bodies, spring seats etc. The best made in Canada. Here you will see a full line of those popular Carriages made by E. N. Henry & Co., Montreal. Be sure you see those stylish Buggies and get prices before buying any other.

Farmers are respectfully asked to call and inspect the different lines, and at the same time see the DICKIESON CLEANER for 1898. This machine has been thoroughly remodelled during the past winter and every difficulty in connection with handling all kinds of grain has been overcome. Any intelligent farmer can see at a glance that it possesses all the points of merit of the best cleaner in the market, and has in addition many features which place it far ahead of any other. The new patent devices for carrying the slatted canvas without rollers does away with the straps and buckles for tightening it. Quite a number of these machines have been placed with the best farmers in the country during the past two months and all are convinced that the Dickieson Cleaner will be the leading one this summer.

MR. JOHN DICKIESON, DEAR SIR—I have thoroughly tested your new Improved Grain Cleaner and find it does excellent work. My neighbors all around came to see it at work, all agree that is the best machine of the kind they have seen yet. The new patent arrangement for carrying the slatted canvas without roller or straps I consider a good thing. The bag filler works fine.
