MR. ARTHUR J T MELLISH

Barrister and Attorney at Law

Having proceeded to South Africa for the winter on active military service in response to Her Majesty's call, begs to announce that in his absence his law-office at Souris will be kept open and all legal business will be promptly attended to under competent management. Correspondence on business may be addressed to him at Souis as usual.

Miss Ida A. E. McArthur, Mount Pleasant, P. E. Island, writes: "I desire to testify to the merits of McKinnon's English Ointment. In the fall of 1895 I had part of the middle finger of my left hand taken off owing to an accident. Hearing of the healing properties of this Ointment I got my father to procure a box of it for me. At the time I was suffering from intense pain caused by the proud flesh that had formed around the wound, but after a few applications the finger began to heal, the proud flesh disappeared and the pain ceased. After using two boxes my finger was completely healed."

S'SIDE AND PRINCE CO.

Supt. Sharpe of the P. E. I. Railway, was in town yesterday.

REMEMBER the Masquerade Hockey Matches tonight in aid of Public Library. There should be a full house.

IT has been decided by those who pretend to know that Summerside Harbor will be open for navigation by the middle of April.

MAGNIFICENT double based violin has been imported for Our Boys' Orchester and was yesterday morning placed in the hands of Mr. John Taylor, one of the members for practice.

MR. James A. Morrison is building a new warehouse in connection with his establishment at the east end of Water St. He purposes adding agricultural implements to his stock during the coming season.

REV. W. H. Smith announced from his pulpit last Sunday that the amount subscribed towards the century fund by his congregation had already reached the handsome sum of two thousand dollars, with more yet to be added.

ALTHOUGH the present winter has been an unfavorable one for mud digging, and hauling—over 300 cars of mussle mud have already been shipped from Summerside, and the season is not yet over. The principle shippers are Messrs. P. Ryan, J. S. Cook, James Brehaut, F. Perry and J. Higgins.

ELEMSDALE NOTES.—The weather has been exceptionally fine the past week. The roads are in a very favorably condition.—Mr. Lewis Rennix is carrying on a flourishing business.—Mr. Gordnn Matthews who has carried on a very successful business for a number of years is about to retire. We wish him much success in all his future undertakings.

A too literal observance of rules and regulations may or may not bear the expected result. This one did not. He was going to dig mud and the lenten rules forbade his taking any solid food before 12 o'clock noon of that day. There were however no restrictions as to liquids and he partook somewhat freely. The result was that he went into the mud hole. He was pulled out, and was able to get home in time for dinner.

MESSRS. SINCLAIR & STEWART have commenced work on the foundation of their new brick store and have let the following contracts:—Carpenter and joiner work to Messrs. Schurman, Lefurgey, Clark & Co., plastering, Mr. Joseph Brehaut, Summerside, Painting, Mr. R. E. Sobey, Summerside, brick and stone work, P. G. Blizzard, Charlottetown. Stone cutting, E. J. Duffy, Charlottetown. Cast iron columns, Bruce Stewart & Co., Charlottetown.

SUCH excitement as was witnessed for a few minutes in Summerside yesterday has perhaps not been equalled since the Relief of Ladysmith. Early in the forenoon it was announced that the trophy won by the Crystals from the Senior Hockey Clubs of the Island and which is being temporarily detained in Charlottetown, had at last been received and was on exhibition in the show window of Messrs. Rogers & Rogers. Crowds flocked to see it and the magnificent creation as it was enthusiastically called, was more than admired. Before admiration had developed into any serious demonstration however, it was discovered to be only a clever imitation of the original, manufactured by one of the local tinsmiths as a prize for the winning team in the Masquerade Matches in Crystal Rink tonight.

PROPERTY CHANGES.—Mr. R. C. McLeod has sold to Mr. Major Schurman the Bowness' property on Central Street now occupied by Mr. McCunn, manager of the Bank of Nova Scotia, and also a lot of land on Granville and Spring Streets, formerly part of the John Green estate. He also sold to Mr. John M. Clark, The Baker property on Water Street and the Connolly property on Water Street east, better known as The Red Onion and also a lot of three acres of land north of the Town. Mr. McLeod has also purchased a considerable interest in the Schurman, Lefurgey Clark & Co. manufacturing business and has leased for a term of years the store formerly occupied by Mr. R. T. Holman which he purposes fitting up, with all the modern requirements for a carriage store. This will undoubtedly make one of the finest carriage repositories in the lower provinces.

CLEVELAFD FOR THIRD TERM.

WASHINGTON, D. C.,——.—The possibility of his party uniting on Mr. Cleveland for third teym attracts increased attention here, and his nomination, despite its exceptional character, is not an impossibility. Reciprocal trade relations with Canada and the admission into the United States free of duty of that celebrated Canadian product, Putnam's Painless Corn Extractor, on account of its painless action and certainty, would be a plank in his platform. Use Putnam's Corn Extractor. Sure! safe! painless!

"Why is it you never mention your ancestors?"

"Because I believe in letting bygones be begones."

"IF THE CAP FITS WEAR IT."

SPRING DISEASES.

How to Avoid and How to Cure Them.

Strengthen the System and Enrich the Blood by Using Dodd's Dyspepsia Tablets, and you are Fortified Against Colds, Gripe Pneumonia, etc.

The present season is, by long odds, the most unhealthy one Canada has known for a good many years. Doctors and druggists have been busy day and night, prescribing and compounding medicines for their patients.

Strange to say, however, there has been no decrease, but rather, a marked increase in the number of sick people.

No person whose blood is thin, watery, and weak can successfully withstand the ravages of spring.

The blood must be rich and red and nourishing in order that the various organs of the body may be properly fed and strengthened, and enabled to perform their work properly.

Now, in order that the blood may be rich, red and nourished, the food we eat must be thoroughly digested, just as wheat must be thoroughly ground, to make good flour.

And, in order that the food may be thoroughly digested, the digestive organs must be in perfect condition to grind the wheat thoroughly.

There is one way to ensure the perfect and thorough digestion of our food, and as a result, the proper nourishmet of the body, and its power to resist disease. That way is to use Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets digest the food. They do it positively. It is no more possible for Dodd's Dyspepsia Tablets to fail to digest the food in the stomach, than it is for heat to melt snow.

If Dodd's Dyspepsia Tablets be used, digestion will positively be accomplished. The digestive organs will be strengthened and stimulated, and the danger of contracting disease reduced one hundred per cent.
