Weak, Thin Folks Need Bitro - Phosphate Says Editor of N. Y. "Physicians Who's Who." Local Druggist Guarantees It.

Dr. Frederick S. Kolle, the New York author of medical text books, whose opinions are greatly valued, writes:

"When the nerve tissue begins to lose its vitality, woman begins to lose her youth and vivaciousness. She becomes irritable, moody and despondent. It would be a godsend if more weak, thin, nervous men and women were aware of the efficacy of Bitro-Phosphate."

Thousands of thin, run-down people whose nervous energy is nearly exhausted are turning to Bitro-Phosphate as dispensed by Hughes Drug Co., Ltd. and other leading druggists, because it helps to revitalize the nerves, increase bodily weight and bring back energy and mental keenness.

CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

their usual deficits. Under their present ordinary rate of waste and extravagance still more taxes are inevitable They cannot keep up their present fly-away spending of public money without further taxation, and the question is now are the people willing to add another hundred thousand to the public debt in order to influence the election of two or more candidates to support the Hon. MacKenzie King. The Conservative Party have now the best organization in this province that they have had for at least half a century, and part of the duty of that organization is to checkmate this kind of work by promptly reporting it to headquarters.
