(By W. H. Govcher)

A bunch of nerves is the only temperament for a champion," remarked Thomas W. Murphy, as he sat in the living room of his Poughkeepsie home, surrounded by paintings of the horses to which he gave world's records. In this room there are seven paintings. They represent Peter Manning, Directum I, Margaret Dillon, Miss Harris M. Sanardo, Aron Guy and Frank Bogash Jr., the horses which Murphy placed in the two minute list. The average record of this group, which contains over one third of all the horses in that list, is a shade under 1:58 1-2.

"In order to get the last ounce of speed from a horse continued the master reinsman, "it is necessary to humor him. Let him have his own way if he has any peculiarities on the track, providing it does not interfere with his speed. At the same time a trainer must be sure that the work given him between races or time trials does not do him more harm than good. I have had a number that required drilling and others that had to skip work.

"When Walter Cox raced Mabel Trask she had a habt of stopping after a score and taking a look at the surroundings. She could have been broken off that habit. Walter did not interfere with her. Mabel Trask enjoyed the privilege. After she had had her peek she was ready to race all the better for it.

"Anna Bradford the filly that placed he three year old pacing record at 2:00 3-4, was very high strung. Whenever she was turned in her work or to score she dropped her head, giving it a swing to one side before getting under way She would then put her head in place and flash off like a bird. On account of this habit Anna Bradford wore a very loose check rein. It flapped on her neck when she was racing.

"This filly could carry her speed as far as any pacer I ever had but she would not go away smooth gaited unless she had that play with her head. She would not stand for rough treatment or harsh bits. As soon as Anna was in trim to race she was never taken to the track for work.

"The day Anna Bradford made her record I looked at my watch when she passed the half. It registered 1:01. She buzzed along from that point to the three quarers in 29½ seconds and paced he next quarter just as comfortable in 30-1-4 seconds. The week before she won a race in 2:01½, the middle [illegible] of the mile being paced in a minute.

"Anna Bradford could have paced either of these heats in two minutes if she had been sent for it. All that I had to do was to sit still and let her go. Nature had balanced her perfectly. All that she wore was a three ounce shoe on each foot.

"The summer Anna Bradford was four years old I worked her in 2:02. As I also had Frank Bogash Jr., I told her owner that he would have to turn her over to another trainer. She moved on but was not heard from. A few changes closed her career.

"Frank Bogash Jr. was a wonderful little horse. Like Peter Scott and Peter Volo he was a regular racer. They were trained jus like ordinary horses and would go at any time. From the day that Peter Volo came to me as a two year old he always acted like an aged horse. This trio always felt good nd acted perfectly in or out of their races.

"With Peter Scott I knew that he would give all that he had in every heat he raced. Some times he would trot in 2.07 and fraction and I would think he was all out, only to have him come back two seconds faster. There are few horses of that kind.

It is better to meet danger than to wait for it.—He that is on a lee shore, and foresees a hurricane, stands out to sea and encounters a storm to avoid a shipwreck.—Colton.

"Y" SECRETARY ARRIVES—Mr Ralph C. Scott, Y. M. C. A. secretary Santiago, Chile, arrived in the city Saturday night. Mr. Scott, who has been doing foreign service in South America, is here in the interests of Y. M. C. A. foreign work and will visit local business men interested in "Y" work abroad. Charlottetown has in the past shown keen interest in the advancement of Y. M. C. A. labors and it is expected that Mr. Scott will receive the co-operation of citizens in general. While in Charlottetown Mr. Scott will be the guest of Mayor and Mrs. R. H. Jenkins.

THE FINAL GAME for the Maritime hockey championship will take place tomorrow night between Windsor and the Abegweits. Plan opens this afternoon at 4 o'clock.

Messrs. W. Pigeon Montreal and C. A. Anderson, St. Stephen, left on the Borden train Saturday on a business trip.

ISLANDER'S DEATH—The tragic death occurred in Boston Friday, March 2nd, of Mr. George A. Sheldon, of Roxbury, Mass., while at work on a building on Congress St, Boston. The deceased, who was in his 38th year, was the youngest son of Mr. Charles Sheldon, deceased, and Mrs. Mary Sheldon, of Mill View, P. E. Island. The funeral services were held at the home of his sister, Mrs. Wm. A. Ridgeway, 140 Elliot St., Milton, Rev Otis W. Foye, pastor of Dorchester Temple Baptist Church, officiating his favorite solo "Somewhere We'll Understand" was sung my Miss Remeick. He leaves to moura besides his aged mother and aunt a sorrowing widow and step daughter, Marjorie; three sisters, and four brothers. The sisters are Mrs Wm. Ridgeway, Milton, Mass.; Mrs. Bessie Vickerson, of Vernon River; Miss Margaret in the old home. The brothers are Ernest in Winnipeg; Charles, Norman and Emerson of Mill View, P. E. Island. The remains were laid to rest in a beautiful spot in Cedar Grove Cemetery, Dorchester, Mass.

BAKED BRAN CUSTARD

1 cup Kellogg's Bran; 2½ cups hot milk; ½ cup sugar; ¼ teaspoon salt; ½ teaspoon vanilla; 3 slightly beaten eggs.

Mix all together and bake in a buttered dish until custard is firm. The yolks of three eggs may be used in pudding, and the whites used for a meringue to be browned slightly on pudding.

IN MEMORIAM

In loving memory of Jean MacMacleod who died March 26th, 1919.

On this earth no more we'll see her
God has called her up above
She is singing with the angels
In the land of peace and love
Fond thoughts still linger in our Hearts
The tears they often flow
And to her sad and lonely grave
Our thoughts do often go.

Inserted by her parents.

In loving memory of Rev. James McDougall who died March 25th, 1922.

One year has passed our hearts still sore
As time goes on we miss him more
His memory is as dear today
As at the time he passed away.

Inserted by Mrs. Wm. Heffell.

Western Guardian

Also house off Margate Road with eight rooms. Lot reserved. If not sold before March 29th at 1 p.m. will be offered by autcion. Wm. Bernard. 26-2i

—SAD DEATH—A very sad affair, which has shocked the whole community of Tyne Valley, occurred there on Sunday, March 18th, and resulted in the tragic death of Mrs. Sarah Turner, an aged and respected resident. The deceased, a widow lady, was about 85 years of age and lived with her only son Mr. Hugh Turner. It is presumed that at about 6 a. m. she rose to make up the fire in her bedroom and that in some manner her cloth ing caught fire. Her son, who was downstairs, smelled smoke and rushing upstairs found his mother, her bedroom and bedding in flames. Although receiving severe burns in doing so, he succeeded in carrying her to safety, but the severity of her injuries and the shock to one in her advanced years proved almost immediately fatal. The funeral was held at 7 p. m. Sunday to the Presbyterian Church and Cemetery at Tyne Valley. Besides the son with whom she resided there are left to mourn two daughters, both married, one now residing in the United States and the other, Mrs. Samuel Cotton, of Enmore.

GALE REVEALS TREES BURIED CENTURIES AGO

PARIS, Mar. 24 — Subterranean plantations and gardens have been discovered on the Brittany coast at Tres Mallouen Mallouen. The discovery is the result of a fierce gale which tore away the sands at the foot of the rocks of Ris. The storm laid bare a mass of trees and tree trunks which have apparently been buried for centuries. The trees had taken on a reddish tint and seem to have been oaks for the most part. Represeuntatives of the Archaeological Society of Quimper are examing these vestiges of a remote age.

TIED GAME

SYDNEY, N. S., Mar 23—In a game replete with thrills, Stellarton and Glace Bay tied with a score of 4 to 4 after five minutes overtime at Alexandra rink tonight. Early in the second period, Brooks, of Stellarton was put out of action by an accidental blow from Roach's stick. As Stellarton had no spares to put on, the Glace Bay team dropped a man and the game continued with only five men to a side, until the end. In this session Chester pitched Roach into the boards and then refused to obey the referee's order to leave the ice. After some argument Gregory was allowed to remain.

STEAMED BRAN PUDDING

3 tablespoons beef suet or any preferred fat; ½ cup molasses; 1 egg; 1 teaspoon salt; 1 cup Kellogg's Bran; ½ cup milk; 1 cup flour; ½ teaspoon soda; 1 cup dates stoned and cut fine.

Melt suet and mix with molasses, mix an egg well beaten. Sift flour, salt and soda together. Add 1 cup Kellogg's Bran and combine wet and dry ingredients. Stir into the batter 1 cu pdates stoned and cut up fine, turn into buttered cups, having cups half full. Steam 1 hour. If steamed in one large mould, three hours cooking is required. Serve with hard sauce or lemon sauce.

Leisure for men of business, and business for men of leisure would cure many complaints.—Mrs. Thrale.

BIRTHS

BUELL—At Charlottetown Hospital on Feb. 10, to Mr. and Mrs. C. S Buelle a son.

MARRIAGES

DOWN—MacDONALD.—At Charlottetown February 28th, by the Rev. D. M. Lamont, Mr. Walter Down of this city to Miss Willina Marion MacDonald of Marshfield.

DEATHS

McDONALD.—Died in the City Hospital, March 25th, Archibald J. McDonald, age 69 years. Funeral will leave the City Hospital todayed, at 2.30 by train to his home. Funeral will leave his late residence, Glenwood, Souris West, on Tuesday morning to Rollo Bay Church.

Championship Game Tuesday Night

The Windsor hockey team, champions of the Nova Scotia League and the Charlottetown Abbies, champions of the New Brunswick and P. E. Island league will meet at the Arena Tuesday night to decide the championship of the Maritime Provinces.

This game promises to be the fastest one seen played here this season, as the Windsor team are taking no chances and are determined to win, they have even requested to have two referees to handle the game and have taken as their own choice, Wilkie, of Halifax.

The Abbies have not as yet decided on their choice, but it is likely to be Jack Twaddle, who has refereed all the play-off games of the N.B. and P.E. Island Hockey League.

It will be remembered that Windsor played a great game here last season, but the Abegweits were equal to the test and came out on the long end of the score.

The Abbies are skating faster this season and using team work to good advantage, so that they are heavy favorites for Tuesday night's contest. But one never knows, with Windsor playing with everything to gain and nothing to lose, they will surely go out to step their prettiest in order to gain a victory.

The Abbies on the other hand, have to guarantee expenses for ten men and pay two referees to handle the game and last but not least the chance of losing the Trophy.

From this it would appear that there is little advantage in being defenders of the Trophy, however, the Abegweits have consented to the wishes of other clubs and still won out and as they are good finishers there will no doubt retain the coveted Morton-Thompson Trophy for 1923.

The Windsor team will arrive here tonight and will be accompanied by a large number of their townsmen. The ice in the Arena is in splendid condition and with present weather good surface should be available for the game.

HOOKWORM DISEASE CURED

The most notable recent abvence of science in mastering disease is the discovery by Dr. Maurice C. Hall of the U. S. Department of Agriculture, that the blighting and health destroying hookworm disease can be cheaply, quickly, agreeably and effectually cured by carbon tetrachloride, which has heretofore been generally used only as a clothes cleaner, in doses of 0.3cc. to kilogram of live weight.

In one district in Ceylon the afflicted inmates of a prison were treated and showed practically 100 per cent cures. To one prisoner condemned to die, who offered himself for the experiment, a dose of 10cc was given. After he was executed, 22 days later, a past mortem showed that all the parasites had been removed. He experienced no ill effects from the dose except some nausea and drowsiness. The chemically pure form only can be taken, and has shown remarkable efficiency in destroying all forms of worms and parasites in the intestinal tract. Experiments are being conducted to determine the dose and effect of this drug in destroying the unnatural flora that often invade the bowel, disturbing nutrition and producing toxins including oxalates that have the most deleterious effect on the human anatomy. If a minimum dose of the drug can be given in such a manner that it will destroy this abnormal ferment and growth without inhibiting digestion or impairing nutrition, another great step forward will have been made in medicine.

It is refreshing to think that after the most profound effort was put forth in all parts of the world where this disease flourished, to find effective means of combating it, it turned out that a cheap and simple chemical substance hitherto unused as medicine, possessed all the properties needed to completely rid the human body of this scourge—a material medicine, taken by mouth, not thought received from another, not electricity, nor re-setting of bones, rubbing, nor laying on of hands, but an earthly substance, a true anti-dote was always just at hand and needed only to be tried to be found the perfect remedy, and to have a value in this particular instance far beyond that of pearls and rubies. Thus it is with opportunity, which in life is always just at hand and needs only to be embraced for all things men most need and desire. Millions of people in many parts of the world, including many thousands in the Southern States, afflicted, and seemed doomed to early death with this disease caused by a parasite, can now take new hope because one man had the vision and courage to try a simple remedy that nature has long had in store for just this malady. And so for every germ there is a vaccine; for every malady, a remedy, for every pain a balm, for every cross a crown, the only requisite to bring it in hand being the willingness to seek and to find. It is on earth and needs only finding.—Albert N. Doerschuk, in Spatula.

Basketball Tonight

The girls will resume the Inter-Church Intermediate Basketball League in the Y. M. C. A. tonight at 8.30. The games will be St. Pauls vs. Zion and St. James vs. Baptists.

Championships Claim Disputed

SYDNFY, Mar .22—Sydney's Y. M. C. A. basketball team will not recognize the claim of the Wanderers team to Halifax to the Maritime championship Fred A. Hardman, physical director of the local "Y" this morning said he informed the meeting of the physical directors of the Y. M. C. A. in the Maritime Provinces held last January, that a Sydney basketball team would be contenders for the Provincial and Maritime basketball title in 1923.

The Sydney team is still open to meet either the Wanderers or any other basketball five that claims the Maritime title, according to Mr. Hardman.

CREAM PUFFS

1 cup washed butter; 2 cups flour; 2 cups boiling water; 6 eggs.

Place butter and boiling water in a sauce pan, bring to a boil and add all at once the flour. Stir until it forms a ball that will not stick to the sides of the pan. Place the cooked paste in a bowl and beat in one at a time, the eggs. With a teaspoon place the mixture in little balls on buttered pans, two inches apart. Bake 20 to 30 minutes in a moderate oven. When cool cut a small slit in the sides and fill with whipped cream mixed with seedless Sun-Maid raisins, or chocolate filling with raisins. Dip top in white frosting. For the chocolate filling: Add to one and a half cups of scalded milk, half a cup of flour mixed to a smooth paste with half a cup of cold milk. Place in a double boiler and cook 15 minutes, stirring constantly. Beat the yolks of four eggs with one cup of sugar and a quarter teaspoon salt and stir into the hot mixture. Add two squares of melted chocolate and one tablespoon of butter; cook until well blended; remove from fire, cool and flavor with vanilla or almond.

PAPER COLLARS— FOR CHOPS

Paper collars for chops, ham bones, chicken legs or other leg bones are easily made. Cut a piece of stiff white paper to about three inches by five inches, fold about an inch in from the long edge and cut the folded edge in a fringe. The paper is then rolled on the finger tightly or loosely according to th size of the bone to be dressed. Pull out the centre to make several rows of fringe. Slip over the bone and fasten with an elastic band, a ribbon or a coarse white thread.

RAISIN ICE CREAM

Soak until plump 1 cup of seeded raisins, with 1 tablespoon of lemon juice in 2 cups of water. Then simmer slowly, while closely covered, until raisins are tender and 1-2 cup of water remains. Dissolve 1 tablespoon of corn starch with a few grains of salt in 4 tablespoons of cold water; add to the raisins. Cook until clear being careful not to crush raisins while stirring. Add 3-4 of a cup of sugar, remove from fire; keep covered and let it get cold. Whip 1 1-4 cup of heavy cream until stiff. Then fold the raisins, with 1 teaspoon vanilla, into the cream and freeze.

Ovid finely compares a broken fortune to a falling column; the lower it sinks, the greater weight it is obliged to sustain. When a man's circumstances are such that he has no occasion to borrow, he finds numbers willing to lend him; but should his wants be such that he sues for a trifle, it is two to one whether he will be trusted with the smallest sum.—Goldsmith.

That fortitude which has encountered no dangers, that prudence which has surmounted no difficulties, that integrity which has been attacked by no temptation, can at best be considered but as gold not yet brought to the test, of which therefore the true value cannot be assigned.—Johnson.

ICE RACES TODAY

The Charlottetown Driving Club ice races which have been postponed several times will take place this afternoon at 2 o'clock sharp, provided the ice course can be got ready, which is probable. Mr. Smallwood is clearing it this morning and is lengthening it so that the finish can be moved further up to get rid of a bad spot in the centre.

The races this afternoon are: a Free For All Pace, a Free For All Trot and a Class A. Trot, called in the order named.

The officials will be:

Starter, Mr. Geo. McDonald.

Judges, Messrs Ollie McNeill, Leonard Wood, Walter Brown.

Timers, Messrs E. F. Acorn, Chas. Stewart, Jas. McEachern

L. of C. Bowling

On the League alleys Saturday afternoon the "Pen Pushers" of Davis & Fraser, went down to defeat to the Sausage Room team by 172 pins. E. Osborne, rolled the highest individual score 210 pins.

The following is the scores:

Pen Pushers

J. Callaghan	94	150	125
F. Howatt	117	132	138
R. Quigley	100	127	118
E. McCarey	149	135	94
L. G. Henry	136	102	154
	601	646	629
Total			1876

Sausage Room

E. Osborne	148	210	156

A. Dowling	98	199	149
A. McInnis	143	118	110
P. Doyle	114	72	81
	641	749	658
Total			2048

Joe Moore Leads Skaters in N. Y. Championships

NEW YORK, Mar 22—Joe Moore Metropolitan champion, led tonight at the end of the first of three days of races for the middle Atlantic states indoor ice skating championships. Moore with forty points was ten points ahead of Paul Forsman, of New York, who was second. Moore won the 220 yard race and finished third in the 880 yard event. Forsman was unplaced in the former but won the latter.

Changes Made in Hockey Rules

WINNIPEG, March 25—A recommendation to the Canadian Olympic committee that the winner of the Toronto Granites-Saskatchewan University Allan cup series, now in progress represent Canada in the Olympic hockey series next January, was contained in a resolution adopted at the annual meeting of the Canadian Amateur Hockey Association yesterday.

In order to overcome disputes which invariably arise over the size of hockey sticks and goal tenders pads, a standard size was adopted. The maximum size for a hockey stick is 54 inches in the handle and the blade 15 inches long and 3 1-2 inches wide. Goal tenders pads must not be wider than 16 inches while lying flat.

Hereafter there will be no goal keepers territory, as this item was deleted from the constitution owing to the difficulty of referees to interpret the rule The Ontario Hockey Association form was adopted as a standard for all provinces.

Ball Player Charged With Army Desertion

ORLANDO, Fla., Mar 22—Danny Deaver, recruit player with the Cincinnati National League Club in training here, was arrested today, charged with desertion from the United States Army. Deaver admitted the charge, it was reported.

Louis Widrig, treasurer of the Cincinnati National endeavored to secure bail for Deaver's release, but was informed that the charge was unbailable.

McTigue May go To Halifax

HALIFAX, Mar. 25—W. P. Buckley, local coal and real estate dealer, ardent supporter of Mike Tigue and his strongest back when the light-heavyweight champion was fighting here a few years ago, received a cablegram from the boxer in Dublin last night hinting at the possibility of his visiting Halifax on his way back to New York. The communication reads as follows:

"Sailing for America in June on Cunard boat. May land in Halifax. Best regards."

BUDD HATS

They look better—longer

JAS. CORISTINE & CO. LIMITED MONTREAL

Easter Beef

Messrs Saunders, Newson & Co weighed on the city scales on Friday the following cattle for Eastern Market:

Grand Champion steer, Amherst Winter Fair, 18 months, 1225 lbs.

Champion Hereford steer, Amherst Winter Fair, 18 months, 9[illegible] lbs.

2 year old steer fed by Frank Sanderson & Son, North River 1225 lbs.

2 year old steer fed by Frank Sanderson & Son, North River 1150 lbs.

2 year old steer fed by Frank Sanderson & Son, North River 1140 lbs.

2 year old steer fed by Frank Sanderson & Son, North River 1170 lbs.

Heifer (18 months) fed by Frank Sanderson & Son, North River 1030 lbs.

2 year old heifer fed by Russell Bell West Royalty, 1140 lbs.

2 year old steer fed by Geo. Wilson, New Dominion, 990 lbs.

2 year old steer fed by Geo Wilson, New Dominion, 1105 lbs.

2 year old steer fed by Geo Wilson, New Dominion, 840 lbs.

This is an extra fine lot of young cattle showing all the finest points of choice beef animals.

The two steers from the Winter Fair were shown there by Jno Miller of Ashburn, Ontario, and are the best o fthe age ever seen on P. E. Island.

The above lot of cattle will be claughtered for the Eastern trade next week.

Place your order early.

SAUNDERS, NEWSOM & CO., MARKET BUILDING.

HIGHWAY IMPROVEMENT

Tenders For Materials
