They Proclaim The Merits

To the World of Dr. Clarke's Wonderful Little Red Pills,

To the Editor of the Guardian

Sir,—That the world may know of the merits of Dr. Clarke's Wonderful Little Red Pills, I ask the newspapers to publish the following. I was, for years, a martyr to stomach trouble, and had no hope whatever of being cured; but on seeing a testimonial from a friend in Ontario, in one of the Toronto papers, I resolved to write to her and found that she had actually been cured of the same trouble by Dr. Clarke's Wonderful Little Red Pills. I at once bought three boxes and took them according to direction and they almost cured me, I purchased three more boxes, and am thankful to say that I am entirely cured. I have no splitting headaches now, no burning pain in mystomach; in fact, have a new lease of life.

MRS. JAMES HUNTER,
Miama, Man

To the Editor of the Guardian

Sir,—We make the following proposal to the readers of the Guardian. To any one who is a subject of rheumatism, (no matter how long standing) or any blood disease, enumerated below, and will give Dr. Clarke's Wonderful Little Red Pills a fair trial, and are not fully and completely cured, we will refund the money paid for the pills. If no good results follow we will forfeit $10 cash.

We have yet to know of a single case where this wonderful medicine has not been almost entirely successful in its work of relieving suffering humanity, Dr. Clarke Medicine Co., Peterborough.

Dr. Clarke's Little Red Pills are a positive and certain cure for rheumatism, asthma, paralysis, coughs, lame back, indigestion, all stomach and liver troubles, female complaints, even when the diseases have been standing for many years; the most stubborn cases will yield. For sale by C. D. Rankin, MacDonald & MacKinnon, Geo. E. Hughes, H. A. Ellis, J. G. Jamieson, A. W. Reddin, Johnson & Johnson Reddin Bros. or sent direct by mail, by addressing Dr. Clarke Medical Co., Peterborough, Ont., 50 cents per box, or 3 boxes for $1.00.

Dr. Clarke's Sure Cure for Catarrh, and Dr. Clarke's Sure Cure for Eczema, same price. $100 will be paid for any case that it will not permanently cure.

REMARKS OF AN AUSTRALIAN MILLER REGARDING CANADIAN FLOUR.

One of the leading flour millers of Australia recently paid a visit to Canada, and in the course of his travels was entertained by the Mayor of Winnipeg. In speaking of the hold which Manitoba flour had obtained in Australia he said the people now regard Ogilvie's as the standard of excellence. He said that while some of the flour sent out from Canada had been of inferior grade, the quality of Ogilvie's was so perfectly maintained it had become a synonym for "best flour" wherever known and used.

TALMAGE'S SERMON

(Continued from Third Page.)

farm. A short time ago thirty-eight prominent business men of New York city sat at a banquet in the Union League Club on Fifth avenue. How many of them do you suppose came from the country? Thirty-six out of the thirty-eight. A history of prominent lawyers, ministers, doctors and merchants in a large city was once compiled. Eighty per cent. were found to come from the country. Thus, ye farmers and farmers' wives, do not mourn whenever your stout limbed boys and beloved girls leave you for the great cities. Remember that you are giving them to the service of Jesus Christ. Remember that your prayers and Christian training are now to bring forth their gospel results in the place where they are most needed.

Palm Sunday emphasizes the fact that the easiest way to capture a city for God is to go after the masses? They are the most of folks. They are the common people who for the most part fill our churches. And yet they are the common people who today, if they are only roused with holy enthusiasm, can conquer this old world for Christ. They can do it as easily as the common people who came out to meet Jesus on Palm Sunday made the Pharisees and the high priest's hirelings at that time afraid to lift their threatening fingers or to do Jesus any harm. To-day that religious organization which is most spiritually influential for Jesus is the church which appeals to the employe as well as to the employer, to the poor man's hut as well as to the rich man's palace, to the artisan and the mechanic and the laborer as well as to the merchant prince, the capitalist or the man dressed in broadcloth.

But Palm Sunday also throws into our raptured eyes the sunrise of Easter dawn, as well as it overshadows our heavens with the dark clouds of the blackest of all "Black Fridays." Palm Sunday practically says to us: "You may have to carry your cross and bear your burdens and suffer your death as Jesus Christ had to suffer and die, but you may also, like Christ, have your emancipation and resurrection and ultimate triumph. This was the reason why the ancient Christians chiseled the palm leaf upon their tombstones. This was the reason why they also had the palm as the symbol of martyrdom. It meant victory—victory in the name of the Lord Jesus, victory over this world, victory over sin. It meant the kind of victory that St. John described in Revelation when he cried out, "After this I beheld, and lo, a great multitude which no man could number, stood before the throne and before the Lamb, clothed with white robes and palms in their hands." Cicero described an athlete who had won a great number of prizes as "a man of many palms." So to-day as we see the palm branches thrown under the feet of Christ we know that they may be future symbols. They may remind us of the palms of many heavenly rewards.

What a happy day that will be when Christ greets his loved ones in heavenly lands and gives to them their victorious palms—the palms of reward for all their past sufferings and trials and sacrifices which were undergone for him! When Agrippa, the grandson of Herod the Great, expressed a wish that Caligula might some day sit upon the Roman throne, Emperor Tiberius was angered. He threw Agrippa into a loathsome dungeon. There he languished week after week and month after month, but when the passing time did place Caligula upon the throne then the new Emperor went in person and opened the prisoner's gates. He robed Agrippa in royal purple; he gave him a palce in which to live; he took the heavy chains which had once manacled the prisoner's feet and weighed them, and for every heavy link of iron he gave to him a heavy link of gold. Our Divine Master on that happy day of the rewardings in heaven will give to each one of his suffering children greater compensation than ever Emperor Caligula gave to the ragged prisoner Agrippa. Jesus will clothe us in white, not only the symbol of victory, but of purity. He will make the jewels of our crown out of the crystallized tears we have shed in his service, and in each one of our hands Christ will place a palm—the palm of victory, the palm of never ending joy. Oh, Christian brother, do not worry because you have to suffer for Jesus! It means a palm—a waving, triumphant palm.

The palm is such a suggestive symbol of victory that to-day I would that we might have had this pulpit decorated with palm branches as an object lesson. Then after the service is over I would have you, members of this congregation, each take a palm leaf home, as the priests allow the worshipers to do this day in Catholic churches. Then, after you had gone to the quietude of your own homes, I would have had you look long and earnestly at that palm leaf and decide what you are to do. Would you accept the palm leaf as the Grecian athlete received it, merely as a symbol of a worldly victory or would you accept it as a symbol of heavenly triumph? Accept it in the same spirit that the Christian martyr who was about to be torn to pieces in the Roman Colisseum accepted it. But, as we have not a palm leaf here for you to take home as an object lesson, I ask you here and now to decide the question of your life. How will you deal with your worldly conquests? Have your efforts won for you the palm of wealth? Have they won for you the palm of political power or popularity? Then, can you cast them down at Christ's feet and pledge yourselves and all you are and have to his service? If you can do this, you shall become a spiritual palm tree, planted by the river of life, a palm which will blossom on earth and which will some day be transplanted to the heavenly gardens of the New Jerusalem.

Powley's Liquified Ozone—The Only Internal Germ Killer

If you suffer from a germ trouble and will try Powley's Liquified Ozone we will furnish the first bottle free. We do this to save delay—to convince you at once and forever that Ozone does kill germs. We do it to help you who need help, and then to induce you to tell your friends about it.

Just Oxygen

Powley's Liquified Ozone is nothing but oxygen—not a drug of any kind in it. It is the discovery of a chemist who spent 20 years in learning how to get oxygen, in staple form, into the blood. The process of making requires immense apparatus and 14 days' time. The result is a liquid which charges the blood with such an excess of oxygen that no germ can live where that blood goes.

Ozone solves the great problem of killing germs in the body without killing the tissues too. Any drug that kills germs is a poison to you and it cannot be taken internally. Medicine can never reach the cause of a germ trouble. Ozone kills them with oxygen—a tonic to you—the very source of vitality. But germs are vegetable and this excess of oxygen, while the very life of an animal, is deadly to vegetable matter. This fact seems a provision of nature to protect man against germs.

Kills all Germs

We offer $1,000 to the physician or scientist who discovers a disease germ that Ozone cannot kill. Such a germ has never yet been discovered. Powley's Liquified Ozone is certain destruction to germs, and the result is inevitable. A germ disease must end and forever when the cause is killed. And all the skill in the world cannot cure a germ trouble while the germs still live.

Germ Diseases

Every disease in this list is a known germ disease. Ozone has cured each of these diseases at least several hundred times—some of them thousands of times. We know from this vast experience that Ozone can be relied on in all of them. Medicine cures some of them sometimes, by aiding nature to overcome the germs, but those results are indirect and uncertain. Ozone attacks the disease directly and the results are inevitable.

50c. Bottle Free

If you will state your disease on this coupon we will send you overwhelming evidence that Ozone cures that disease—evidence that will convince the most doubtful. We will also send an order on your druggist for a full-size bottle of Ozone, and will pay the druggist ourselves for it. This remarkable offer is made to aid you—to help you—to cure you. It is made because of our faith—because we know what Ozone will do. Please be fair enough with yourself to accept it.

Powley's Liquified Ozone is sold by all druggists in two sizes—50c. and $1.
