THURSDAY

NOW AT HARVARD—Prof. H. C. Perry, of the Biological Department, Acadia University and formerly of Fredericton and who visited this Province last summer, has been given a term's leave of absence, and is now working in the graduate department of Harvard University.

WELCOME VISITORS — Sapper Frank Deegan, son of Mr. and Mrs. Alexander Deegan, Cape Traverse, has arrived at his old home, having crossed from England on the Empress of Asia to Vancouver where he enlisted and joined the Canadian Engineers in 1917. Sapper Deegan and his young bride are being welcomed home by a large circle of relatives and friends.

TO RECEIVE DISCHARGE—Lieut. P. C. Jardine, son of Mr. Alfred Jardine of the P. E. I. R., who served during the war with the Royal Air Force and was wounded, left Charlottetown last week en route to Saskatoon, Saskatchewan where he goes to receive his discharge. He intends remaining in the West. Mrs. Jardine will remain here for some time before proceeding West.

THE ARANMORE. — The steamer Aranmore, now in Yarmouth undergoing repairs, is to be attached to the Prince Edward Island agency of the marine department says a Halifax exchange. She is one of the best steamers in the government service. As the Island agency now embraces part of the Labrador and Nova Scotia coast it is necessary to have a large and staunch craft to do this work requires.

CAPT. BEST COMING—Many people here will learn with pleasure that Captain T. F. Best, the noted T. M. C. A. war worker, is now in the Maritime Provinces and will be in Charlottetown on Monday night next, to speak on the war and the splendid work of the Y. M. C. A. As a speaker Captain Best lives right upto his name. He will no doubt receive a hearty welcome back to Charlottetown.

BOOZE SUBSTITUTES.—New Brunswick papers are waging war on extracts which are used as a substitute for booze, and it is quite possible our sister province will stop the general sale of this stuff. Conditions are similar in this province, says the Journal. Not only do a few of the old topers take the extract route, but lads between 12 and 14 years of age have recently been observed in S'side under the extract influence. P.E. Island has the measure necessary to stop this sad state of affairs. It only needs to be put into effect. As long as lemon and other extracts are so easily purchased, what is there to stop mere boys from using it?

One of those deaths which seem to come so suddenly upon a community was that of Mrs. Hector MacRae, East Royalty formerly Susanna Matheson of Glasgow Road. She had been a victim to asthma for many years but it was always borne with the fortitude of the Christian. Her last illness was only for a few days. Of a remarkably quiet nature she was only really known by her most intimate acquaintances. She was in the seventieth year of her age at the time of her decease. What makes the death so sad is that her husband has been confined to his bed for about seven years and will greatly miss the companionship of his beloved wife. The funeral took place on Friday the 28th the serivces being conducted by the Rev D. MacLean. Interment took place at Portage Cemetery. "The wages of sin is death but the gift of God is Eternal life through Jesus Christ our Lord".

One of the most solemn and impressive funeral services ever held in this section was that of Miss Sarah Euphemia, daughter of Mr. and Mrs. Neil Campbell of Canoe Cove, which took place on Thursday March 28th. She had been ailing but a short time, and a dark cloud hung over the community when it became known that her gentle spirit had returned to Him who gave it. "Sadie" as she was familiarly called, was a special favorite with all. It was not when she realized her pilgrimage was about to end that she made preparation for her departure She was a faithful follower of the Master for years and although only slightly past her twenty-fourth year she had grown in grace and in knowledge of Jesus Christ. Her death bed was a particularly happy one, therefore, we mourn not as those who have no hope. She made all arrangements for the funeral, selecting as her pall-bearers, Daniel MacEwen, Malcolm MacFadyen, Angus MacPhail, Roderick MacEachern, George MacLean and George MacNeill. The funeral services was conducted by the Rev. D. MacLean and were largely attended. Much sympathy was extended to the bereaved parents and family. Her sister, Catherine, who lived in Haverhill, Mass., was telegraphed for and arrived home about one o'clock on the morning of the funeral. Her body was laid to rest in Canoe Cove Cemetery to await the resurection of the just.

FRIDAY

SAD BEREAVEMENT.—There passed away to her reward at Fox River Lot 42, on January 19th Helen McDonald age 22 years daughter of Mr. John D. McDonald, of Fox River. She was fortified by the rights of her church administered by the pastor of St. Peters Bay Church. Miss McDonald lived four years in Connecticut, U. S., coming home to her native home in December last. Her many friends and neighbors miss her in their midst. May her soul rest in peace.

BOYS RETURN.—Among the boys returning last week to Montague were Angus McEachern, son of Mr. and Mrs. Donald McEachern, who have been absent from the Island about eighteen years; Earl Moore of Union Road, son of Mr. and Mrs. Cyrus Moore and Boston McLaren, Brudenell. All those young men who we are delighted to have back with us, look hale and hearty, and are none the worse of the hard times they have gone through. They all seem very proud to get back to old P. E. Island, after being so long on the firing line. —T.

PROPERTY PURCHASED. — Mrs. John T. Mellish, Montague, recently purchased the property of the late Dr. Gillis, situated on Main St. It is nice to have this property remain in the family. Mrs. Mellish is a sister of Mrs. (Dr.) Gillis, and keeps up a correspondence with the Gillis family who are scattered over the West, this making it possible for them to keep in touch with the old home. Peter McLaren Gillis, the doctor's oldest son, laid down his life in France, while the youngest son Gamaliel, fought throught the four years and came back whole.—T.

NEW TIME CONFUSED.— The new time has made a little confusion in Montague. Some have adopted it and some have not. McKinnon Mfg Co., have gone in line with the railroad, on account of shipping and of course the post office and hotels have to follow suit. It is up to the Montague people to be progressive enough for their own convenience to fall in line. It will not be very convenient for the housewife for those working in McKinnon's factory to come to meals an hour ahead of the school children, for there are at least twenty five homes effected this way, with members of families in both school and factory. We hope things will be straightened out by the end of the week.—T.

FORMERLY OF MONTAGUE.—Rev. G. C. and Mrs. Henry, formerly of the Montague Christian Church, but now of Advance, Indiania, writes under date of March 16th:—"We planted our onions, and lettuce today and our rhubarb and radish are up. We have twelve little chicks, better visit us and have some spring chickens." Mr. Henry has the leading church in Advance and raising $600.00 for Missions this year. They have an orchestra, consisting of piano, three violins, bass violin, cello, baritone horn, cornet, flute, saxaphone, picalo and two drums. Mrs. Henry is the pianists for the above. The Henry's may visit Nova Scotia and P. E. I. during their vacation this summer.—T.

PLEASANT GATHERING.—On Wednesday night the Strathcona Hotel was the seen of a pleasant gathering in honor of Mr. Jas D Thompson Canadian Government Wool Expert., who left for Ottawa Thursday morning and who will be away from the province indefinitely. The affair took the shape of a card party and musicale. Progressive whist was played until 10 o'clock. After refreshments were served in the Strathcona way by Miss Margaret Balderson, a splendid musicale programme was carried through successfully. The feature of the evening's entertainment was the Scottish folk songs beautifully rendered by Mrs. Geo. M. Degan who accompanied herself on the piano. Other vocalists who took part were Messrs. W. R. Shaw, I. Renton, and W. G. Bruce; Miss M. M. P Degan and Miss E. Renton officiated at the piano. Many out-of-town friends attended from every part of the Island.

BABY'S HEALTH IN THE SPRING

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated badly ventilated rooms and catches colds which rack his whole system. To guard against this a Box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

—VETERANS RETURN.—Two veteran soldiers are now home from the front namely Augustin Arsenault son of Lem J. Arsenault and Alyre Arsenault son of Joseph H. Arsenault. The former had been away in the States several years when the war broke out, and was one of the first to enlist. He has gone through it all, been wounded several times, won a medal and a bar, was promoted on the battlefield, and is well worthy of the praise showered on him. He is now enjoying a well earned repose at his home in Abram's Village. Mr. Alyre Arsenault can also be ranked a well tried soldier, having spent thirty-four months at the front, his work principally being to care for the wounded and to supply the troops with food and other provisions. This young man was attending college when he enlisted and though his career in his studies was brilliant he abandoned what promised him a happy future to don the khaki. A reception was given to him in the schoolhouse of his own district and Mr. Arsenault greatly interested his hearers by narrating [illegible] experiences of the front [illegible] and his account consisted chiefly in describing the manouvers of his corps rather than relating much of his own personal experiences. He gave good descriptions of several towns visited and the destruction wrought by bombardment. There were several speakers, who addressed the meeting all of whom referred to the merits of all our returned soldiers. Mention was also made of the fact that while the return of our soldiers was cause for joy it was also a renewal of grief to the bereaved families. The proposal to erect a suitable monument to our fallen heroes must not be forgotten. At the reception a program was rendered, consisting of songs, music etc. The president Mr. Ferdinand Richard ably led the meeting and congratulations are to be extended to those who had so successfully carried out the reception. At the close the National Anthem was sung and the returned soldier was given three cheers and a tiger. M
