STOCK QUOTATIONS

Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, May 5—The Bank of Japan has raised the gold purchase price. The advance in tire prices of from 5 1-2 to 13 per cent by leading manufacturers in Akron was followed by advances by others. However, Montgomery Ward Co., major distributors of special brand tires, announced that they were studying the price situation but have taken no action as yet. The extra dividend of 75 per cent share by General Motors was probably a little more than expected. It has been currently estimated that 50 cents extra would be paid. There were also rumors to the effect that the stock might be placed on a $3 basis, but the most general was that 50 cents extra would be paid. Steel figures and automobile figures published yesterday show small declines. We would expect, however, that the market will try to do better but unless volume picks up materially on the upside we would only follow the market in small commitments.

TORONTO, May 5—Gunnar Gold—The annual report of Gunnar reveals that the mill is now in operation and working satisfactorily. The main shaft on the property has been deepened to the 1,000 foot level and stations have been cut at the 875 and 1,000 foot levels. Gilbert Labine, President in his report stated that a new vein was encountered at the 1,000 foot level showing encouraging possibilities. It is too soon, however, he states to appraise the value of this new discovery. Ore reserves as at Dec. 31 there were 83,800 tons of ore developed on the No. 1 vein system.

(Canadian Press)

2. Each day for forty-eight publishing days a puzzle photograph will be printed under the heading "Round the World Contest." Each photograph shows some locality throughout the world, a church or cathedral, a monument, a harbor, etc. Under each photograph are printed ten possible solutions. One of the solutions under photograph number one is correct for number one. But correct solution to photograph number two may be found either under photograph number one or two. Solution to photograph three may be found either under one, two or three, and so on to the end of the contest. The important thing to remember is that correct solution to the photograph you are considering has always been published, either in the suggested solutions for the day, or on some day previously, but has only appeared once during the contest. Answer by number only—do not copy out the wording of your chosen solution.
3. A complete entry coupon is printed below. Clip and save. It will not be repeated until the final puzzle is printed. Write your answer to each picture but do not send in any answers until after the final puzzle is printed.
4. At the conclusion of the contest write your name and address on the coupon and enclose it with one clipping of each of the 48 pictures together with one year's subscription and mail or deliver to the Contest Editor of this newspaper.

7. If two or more persons are tied for any prize, their prize will be lumped and divided equally between them. There will be no tie-breaker.
8. The Judges' decision will be final and this newspaper will not undertake to enter into correspondence with any individual regarding the decision of the judges. No entries will be returned. Neatness will be taken into account in judging.
