part of a body who held their seats, if not for life at least, at the will of the crown: but if they will resign their seats in the Legislative Council, as soon as the party goes out of power, or they cease to hold their places, say some of the admirers of Responsible Government. To this we may reply have they done so? No! Mr. Rice resigned his seat in the Executive Council, but still held on to that in the Legislative. Mr. Young was forced to resign his office, but he is still a Legislative Councillor. Mr. Swabey is the same. Now where is the check? Where the control? In the Lower House, if you take an office, you must go to the hustings, and ask that part of the public which you represent, whether they are willing that you should continue to hold it, if they say no! they will elect some one in your place, if they are satisfied with you. Now all this is easily understood. But suppose the public are of opinion, that Mr. Rice is an improper person, how is that opinion to be expressed? Where are the means for him to go to! Is he not totally irresponsible to the public! Can there be a doubt of it! Is the office of Treasurer a responsible office, or is it not! Is it one of those over which the people have a right of control or is in not! If it is not a responsible office, then we are wrong, and if it is, it ought not to have been conferred upon a man over whom the public have no control, who are unable to force him to resign either his office or his seat.

Responsible Government in P. E. I.—The question may well be asked, has Responsible Government been carried out by the present party! Have they done what they promised, when they came into power, and again entitled to your appealing to the people! Can any one deny what Mr. Coles asserted over and over again at the nomination day! That the great benefits to be derived from their form of Government was, that the salaried officers should be chosen by the people. Have the officers of the present government been chosen by them! Is the Attorney General, the people's choice! Is the Treasurer! or Registrar! and is the Solicitor General likely to be taken from the people's representatives! These questions must be answered in the negative, and if so answered, can we place any confidence in the assertions of the leader of the present party!

Again the present Government assert that the majority of the people are in favor of the democratical system which is, that the salaried officers shall be chosen from the Assembly. Have they carried out the wishes of the people, even as they themselves have interpreted them! No. They have not, and their Government is consequently not the choice of the community. The few however, holding offices are unwilling to give them up, and being in possession of the Executive, they are likely to retain them, until forced out of them. Is such conduct honorable, consistent, or manly!

(For Haszard's Gazette.)

A public meeting was held at Bedeque, on the afternoon of the 30th ultimo, for the purpose of presenting the Hon. Joseph Pope, with a complimentary Address, on the occasion of his departure from P. E. Island. John Wright Esq., being called upon to preside, a draught was submitted for the approval of the meeting, and adopted. The following gentlemen were then appointed a deputation to meet Mr. Pope at his earliest convenience, and present him with the Address:—viz. John Wright, Esquire, Joseph Black, Esquire, and Mr. James Wright,

To the Honorable Joseph Pope;

Honored and respected Sir,

We the inhabitants of Bedeque and Scarletown, Charlottetown County, having learned with the deepest regret that you are about taking your leave, for a time, of Prince Edward Island, wish to express our most sincere respect for you, both as a gentleman and an able and discreet Legislator. Actuated by feelings of the highest gratitude, we accord you our warmest thanks for the very many favors, both public and private, which, for a long period past, you have conferred on us. Be assured, sir, that your name will always hold a most prominent place in the fondest feelings and recollections of our hearts. On almost every page of our legislative Records, your name is found associated with measures of the most vital social importance and important political Reform. Your unfinching perseverance in those manly and maturing schemes for the general weal has deeply affected our dearest interests for good, and, in your absence, we expect not to be blessed with your equal. The loss of your correct and discriminating counsel, and powerful advocacy of public rights and liberty in our Assembly Hall, and in other places of more private nature, will not be felt by us alone, but by all the inhabitants of P. E. Island. In a word, your public career during a period of *Twenty Three consecutive* years, has uniformly proved your firmness of character, your political acumen, your decisive and correct judgment on all affairs of legislation, and your solicitude for the welfare and amelioration of the people for whom you legislated. For these services we look back with the same degree of satisfaction upon so long a period of uninterrupted public life. Again we express our earnest regret, on account of your departure from amongst us, and in bidding you adieu, we most sincerely hope and wish, that every possible prosperity and happiness may attend you in that land which you may choose for your future sojourn. And should a kind Providence carry you back again to our shores, you will find us ever ready to extend to you our most hearty welcome, mingled with feelings of most heartfelt esteem. We would also, through you, convey our kindest respects and best wishes to Mrs. Pope. May uninterrupted health and happiness be her lot in life, and may she realize more than anticipated pleasure in rejoining her friends and relatives in the land of her home.

Signed, on behalf of the meeting,

John Wright, Chairman.

Presented by

John Wright, J. P., Chairman,
Joseph Black, J. P.,

Deputation in behalf of the Inhabitants of Bedeque and Scarletown.

August 3d. 1853.

To the Inhabitants of Bedeque and Scarletown.

Gentlemen,

Without claiming to possess the many high qualifications, which your kindness and partiality have placed to endow me with, I trust I may be permitted to say, that it has ever been my study as a public man by a conscientious and independent discharge of my duty to deserve the approval and esteem of those, who, for so long a period as Twenty Three years have, confided their public interests to me untrammelled by a pledge. On the eve of my departure perhaps for ever, and when it is no longer in my power to serve you, to find that my public conduct is so highly appreciated by you, is indeed, Gentlemen, a reward of which I may justly feel proud, and which, I beg to assure you will, ever be gratefully remembered by me. Your regret at my departure from amongst you, and the kind interest you are pleased to express for my future welfare and happiness is duly reciprocated by me, and I cannot but indulge a hope, that I may be spared, at some future day, to revisit a country endeared to me by many fond recollections and in which most of my best and happiest days have been spent. On behalf of Mrs. Pope, I beg to return you our sincere thanks for your kind and good wishes. To you, Mr. Chairman, and the other Gentlemen who, at so much personal inconvenience, have left your homes to convey to me this additional proof of your regard, I am deeply indebted and, in conclusion, I must beg you to accept for yourselves and to convey to the Gentlemen, who have concurred in the address presented to me, my best wishes for your entire happiness and, on behalf of myself and Mrs. Pope, to bid them an affectionate farewell.

Joseph Pope.

Charlottetown August 3d 1853.

ROYAL AGRICULTURAL SOCIETY.

TRYON BRANCH.

The Annual Meeting of this Society took place at the Office of the Secretary, at Tryon, on Wednesday, the 21st July, ult. The following Report was submitted and adopted:

Your Committee, in presenting this their first Annual Report, have much pleasure in congratulating the Society on the very prosperous aspect which its finances present, as will appear by the accounts hereunto annexed, wherein is shewn, that after a considerable reduction on the first cost, for seeds and implements sold to subscribers, there is a clear balance in favour of the Society of £4 12s. 10d.

Your Committee regret that, owing to the lateness of the season the present Society could be brought to work, they where wholly precluded from offering premiums last year for the best crops of either grain or turnips.

In March last your Committee were induced to hold a grain show, offering premiums for the best sample of the various sorts of grain, seed, implements of husbandry, &c., all of which were most ably competed for. The samples of grain exhibited were not to be surpassed by any grown in any part of the Island. The forks and axes exceeding the expectation of the most sanguine, thereby shewing that our mechanics—under a little fostering care—is capable of manufacturing any of the before mentioned articles, equal to anything of the kind imported.

In taking our leave, and before closing this our brief Report, your Committee would beg to express their gratitude to the Giver of all good for the very cheering appearance the country at present affords to the farmer: the crops, with the exception of the hay, promising to yield a most abundant return prospects which, trusting in a kind Providence, will be fully realized.

Your Committee would again beg to congratulate this Branch on its steady, progressive, onward march and now will on every member of this community to come forward, and support an institution which has for its object the prosperity and welfare of this our common country.

Moved by Mr. Jacob Gouldrup, seconded by Patrick Dagan,

Resolved, That the Report submitted, be adopted and published.

HENRY HOWAT, Secretary.

The nomination of Officers for the current year then took place, when the following gentlemen were appointed:

Philip Pope, Esq., President.
Mr. Joseph Black, Vice President.

Committee.—Joseph Ives, Hugh Gamble, Finlay McFayden, William Clark, John Bell, sen., Jacob Gouldrup, Patrick Dagan, Thomas Todd, Donald Palmer, William Howat.

Henry Howat, Secretary and Treasurer.

Resolved, That the Hon. W. W. Lord be nominated to represent this Branch Society in the Royal Society.

Early Oats.—We were this day shown a sample of ripe white oats from the farm of Lemuel Wright, Esq., which seems to be a full and hearty grain. Mr. Wright, intends to cut the field on Tuesday next.

No Mail Yet!—We have kept back our paper until four o'clock, in hopes of putting our readers in possession of the English News, due at one o'clock at furthest, but up to this time, no signal has been made for the Steamer, so that she cannot now arrive before 6 o'clock. If the Mail should contain any important News, our readers may look for an extra.

Died,

At his own residence, in the township of Southwold, in the county of Elgin, Canada, on the 18th June, at the advanced age of ninety-nine years and five months, James Burwell, one of the remnant of the United Empire loyalists. He was born at Rockaway, late Province of New Jersey, on the 18th day of January, 1754. His father, Samuel Burwell, was the eldest son of John Burwell, who removed from Jamestown, Virginia, in the year 1721, a relative of the extensive family of Burwells, in the county, Bedfordshire, Northamptonshire, England, the first of whom was buried at York river, Gloucester county, 1652. One of his ancestors was of the Virginia deputation in the year 1646, to invite the fallen monarch, Charles the First, to come to America for protection against his rebellious Parliament subjects. The subject of this obituary sailed in his Majesty's service in the year 1776, in the age of twenty-two, served in the wars of the American Revolution seven years, was present at the battle of Yorktown, Virginia, when Lord Cornwallis surrendered to General Washington, and was there slightly wounded. After the war of 1783, he moved to Nova Scotia, where he remained for some years; he then returned to New Jersey, to take care of his aged mother, where he married, and removed to Redstone, Pennsylvania, and from thence came to Upper Canada in the year 1796, too late to obtain the King's bounty of family land, but was placed on the U. C. list, and received two hundred acres for himself and each of his children. He removed to the Talbot settlement in the year 1810. Some few years since he had a renewed head of youthful hair, and could see to read without spectacles.

At Pictou, on Sabbath morning, Henry Hatton Esq., in the 60th year of his age. He was a native of Wexford, Ireland, but for many years, a resident of the town and for a considerable period his Representative in the General Assembly.

On Sunday, 24th July, at Lot 49, Hannah, daughter of Thomas and Ann Mc Millan. This amiable beloved and promising child came to her death with an affection of the heart, caused by fright at the misconduct of a drunken man.

The Rev. W. Sutherland will (D.V.) preach in the Temperance Hall Sabbath first, at 3 o'clock, afternoon, and half-past 6 in the evening.

TO MECHANICS, Manufacturers and Inventors.

THE *SCIENTIFIC AMERICAN* is a journal of Scientific, Mechanical, and other improvements; the advocate of industry in all its various branches. It is published weekly in a form suitable for binding, and constitutes, at the end of each year, a splendid volume of over 400 pages, with a copious index, and from five to six hundred original engravings, together with a great amount of practical information concerning the progress of invention and discovery throughout the world.

The Scientific American is the most widely circulated and popular journal of the kind now published. Its Editors, Contributors, and Correspondents are among the ablest practical scientific men in the world.

The Patent Claims are published weekly and are invaluable to Inventors and Patentees.

Terms.—$2 a year $1 in advance.

Specimen numbers can be seen, and Subscriptions received at

GEORGE T. HASZARD'S Bookstore.

St. Eleanor's, 2d August, 1853.

Halifax, 12th July, 1853.

Archibald Scott, Esq.

Sir,—As the Agent of various *Fire Insurance Companies*, I beg to bring under your notice my *PATENT WHITE ZINC PAINT*, which this composition has been upwards of, three years extensively used in New Brunswick, Newfoundland and Prince Edward Island, the Canadas and Nova Scotia, principally for coverings on the roofs, as you will perceive by the accompanying circulars of certificates. It has been severely tested, and proved most successfully in fire proof coverings under most extraordinary circumstances; so much so, that I am of opinion that Fire Insurance Companies should encourage its general application to all kinds of wood building (where the color would be no objection to its being used, such as the back walls of dwellings in the city, out houses, ware-houses, &c., as well as the roofs) by lowering the premium of insurance on such buildings as are covered.

I have the honor to be, sir,
Your obedient servant,
J. W. ROSS.
Patentee and Manufacturer.

Halifax 14th July, 1853.

Sir,—In answer to your enquiry of 13th inst. I consider the use of your "Artificial Slate Paint" on shingled Roofs, as greatly diminishing the risk against Fire—I have frequently given the premiums on Buildings in the Country, upon its application,

I am, sir, your ob't servant,
ARCHD. SCOTT.
Insurance Agent.

John Ross, Esq. Halifax.
