CAVENDISH AND FAIRVIEW. — Next Sunday, May 5, Rev. W. E. Piper will preach at Cavendish at 11 a.m. and at Fairview at 7.15 p.m. (Daylight Saving time.) The series of addresses on the book of Revelation is now being given both at Cavendish and Fairview.

A WELCOME VISITOR.— Corporal Cronsberry, of Toronto, arrived in Charlottetown Monday on a ten days' visit. He enlisted in Toronto in the 116th Battalion, and after being in France for eight months was wounded in the ankle. After receiving treatment in the hospitals in England and France he was invalided to Canada for further treatment. Corporal Cronsberry was met at the depot by His Worship Mayor Wright and Stipendiary Martin, who extended to him a hearty welcome. He was then driven to the home of his father-in-law, Captain McLeod, St. Avards, with whom Mrs. Cronsberry and three children have made their home during the past winter. It is hoped that Cpl. Cronsberry may soon be entirely cured.

::**CORNMEAL** is one of the cheapest foods for Foxes. We have just received a carload, all fresh from the Mill. Special prices to owners of Foxes in ton lots. Carter & Co., Limited. 4742-5-1M21.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a half pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

A FEW MORE BIBLES.—A limited number of the Douay Version of the Bible may still be had at the Guardian Office. 4727M3i

CAMPING TIME will soon be here. Come and see Breezy Point Camp, St. Paul's Parish Hall Thursday, May 2nd. 4735.

LOSTER SEASON.—The opening of the lobster season is May 6th, at the hour of 6 a.m. S. T. Gallant, inspector of Fisheries 4747-5-1M21

LUMBER ARRIVALS.— L. M. Poole & Co., Connolly's Wharf have just received a full car load of Douglas Fir Sheathing and Douglas Fir flooring also a car load of clear hardwood flooring. 4755-5-1M31.

WEATHER FORECAST—1 to 5, a little finer with dry winds; 6 to 9, much warmer; 10 to 13, rain frequently, but not heavy; 14 to 20, warm bright days, with frost at night; 21 to 25, cloudy, cool and showery; 26 to 31, change to fine and warmer, fine to the end.

SOLDIER IMPROVING.—Mr. Geo. Creed, Bridgetown, has received a telegram from Ottawa announcing that his son "20999837, Pte. Wm. Bently Creed, is no longer seriously ill in 20th General Hospital, Camiers, April 17th." This will be good news to his many anxious friends.

THE D.G.S. STANLEY— The Marine Department yesterday received the following message from the Stanley which is on her way from the Magdalen Islands: "Stanley left Amherst 4.30 a.m., at 8 a. m. in close packed ice 14 miles southwest of Entry Island. Progress very slow Impossible to state time of arrival

PLANTING STARTED.—The first planting of the season at the Experimental Farm was done on Monday, when wheat was sown and early potatoes planted. Mr. Clarke reports that he found the land in first-class condition and that the present prospects are for an early season. Some tree planting was also done and no sign of frost was found anywhere in the ground.

COMING PLAY.—Rehearsals for the "Man who went" commence tonight in the old Knights of Columbus Hall, under the direction of C. C. Dennis. All members of the cast are kindly requested to attend. Rehearsal start at 8 p. m. This comedy melo-drama will be produced for two nights under the auspices of the Army and Navy Association and in connection with the formal opening of the new soldiers Hospital which is expected to take place during the month of June. 4752.

$1000 FOR AN ISLAND FOX PELT.—Mr. J. B. Rombough, proprietor of the Fern Garden Fox Ranch, Mount Edward Road, had the pleasure yesterday of receiving from the office of Mr. Alfred Fraser, New York the representatives of C. M. Lampson & Co., a cheque for $940.00 for a silver fox skin. This pelt sold for $1000 at private sale, six per cent being deducted as commission. This price for a fox pelt in these strenuous times does not seem to indicate that the P. E. Island fox industry has by any means become a failure. Mr. Rombough, it might be mentioned, had wonderful success in his ranch last year, having an average of five pups to a litter, and prospects look good for a big increase this year.

Y. M. C. A. MILITARY WORK.—At the meeting in the People's Theatre on Monday evening Capt. Ulric Dawson spoke as well as Captain Corey. In the course of his remarks, Capt. Dawson told of the splendid work being accomplished by the Y. M. C. A. in France and England as it had come under his own personal observation. He referred particularly to the work being done by the intrepid secretaries in the front line trenches and shelled areas. He declared that Capt. Cross, a former Charlottetown Y. M. C. A. secretary is one of the "live wires" and is an indefatigable worker among the soldiers from all over Canada, particularly those from the Maritime Provinces. Capt. Dawson pointed out the urgent need for funds to carry on the ever growing work of the "Y." and referred to the extreme losses suffered by the "Y." during this spring's offensive necessitating the immediate contribution of $2,250,000 a half million of which will be needed to replace equipment lost in the spring offensive. At the close of the meeting Mr. A. F. Webster in appropriate words moved a vote of thanks to Capt. Corey which was seconded to by Mr. A. B. Warburton in a short address.

::It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. It will cure a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, cure the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

NUXATED IRON

You Can Tell the Women with Plenty of Iron in their Blood --- Beautiful Healthy Rosy Cheeked Women Full of Life, Vigor and Vitality.

Dr. Ferdinand King, New York Physician and Medical Author, says physicians should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemia—Iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and in some cases thereby do more harm than good; advises use of only nuxated iron, taken three times per day after meals. It will increase the strength and endurance of weak, nervous, run-down folks in two weeks' time in many instances. *Dispensed by all good druggists.*

How to buy Shoes

and how to take care of them afterwards

MOST people could add ten per cent to the life of their shoes by buying the proper shape and the right size and then giving the shoes more care afterwards. That really means a saving of ten per cent. An ill-fitting shoe, for example, not only soon loses its shape and appearance but it does not wear well.

So, first of all, be sure to get a shoe that is the proper shape for your foot, take care that it is exactly long enough and wide enough. Take your dealer's advice about this. He sells thousands of pairs of shoes a year, and by experience can tell you the shape and the size of shoe *you should have*.

Each time you buy a pair of shoes, let your dealer measure your feet. Sometimes the size you *think* you wear is not the size that will give the correct fit, because sizes are not to be relied upon absolutely. There is bound to be some variation in sizes. The workman may stretch the leather occasionally a little tighter over the last when he is making a certain shoe, thus reducing the space inside the shoe slightly below the normal standard.

It is also wise when you are buying a shoe to consider the conditions under which you will wear it. If you will be tramping through the mud and slush, get a heavy shoe that we make for that kind of wear. If you want a stylish walking shoe for ordinary street or office wear, buy a lighter, more shapely A.H.M. model. If you are a farmer or an "outdoor" man, get a substantial boot made, especially forr ough, hard wear.

It is true economy to have two, three or even four pairs of shoes. It pays to have shoes for wet and stormy weather—shoes for fine weather—shoes for winter and summer. Shoes will wear much better and always look better if put away for a few days occasionally, preferably on a pair of shoe trees.

It is also true economy to keep your shoes well polished. Frequent polishing helps to maintain their smart appearance and keeps the leather soft and in good condition, thus prolonging the life of the shoes.

If your shoes get wet don't put them in a very hot place to dry, and don't at any time put them up against a hot radiator or stove. Such heat takes the life out of the leather. That is what causes shoes to crack and split. Put wet shoes on a pair of shoe trees, lay them on their sides so that the air can get to the soles, and let them dry slowly and naturally.

We are telling you these shoe facts because as Shoemakers to the Nation, we want you to get the utmost wear and value from every pair of shoes you buy.

Ames Holden McCready operate three large factories, where boots and shoes for men, women and children are made. We make all kinds of footwear, from the finest kind of kid and calf shoes for both men and women, to special heavy grades for the workman and the farmer. The shoes that bear our trade-mark are splendid value for the money, no matter whether you pay $6, $7, $8, $9, or $10.
