Furs—can you or anyone else, imagine a more superb gift than richly luxurious furs? And you musn't think for a moment that, because the delightful furs that we have assembled fully deserve the adjectives we use, they are not all necessarily costly. The cost of a comfortable set, does not at all govern its beauty. For a small sum you will find it quite possible to select a gift that will be, in all ways, charming and satisfactory. (And the furs for little children will solve many a vexed problem.) Visit our great Mammoth muff sale today. Paton's. 12-13d3i.

Briny Deep Serge for Men's suits give the best wear. Every three yards stamped "Briny Deep Serge".

CHARLOTTETOWN and QUEEN'S COUNTY

It pays to buy in this Province.

Today's Guardian comprises twelve pages.

The S. S. Northumberland arrived in port at five fifty yesterday afternoon.

All interested in The Guardian contest should read the Tour Article and standing of candidates on page 6.

No one should fail to hear Miss King sing "Toys For Sale," at the Bijou tonight. This song pleases the old folks as well as the young.

The matron of the P. E. I. Hospital wishes to thank the residents of Forest Hill who so kindly donated chickens and also to thank Miss H. Matheson and Miss Martha Riley for collecting the same.

The assignee of S. F. Tarbush will sell on the premises, lately occupied by Mr Tarbush, his entire stock-in-trade at half price. The store will be open this morning. There will be good bargains for all.

Many and mirthful were the remarks made on the fine millinery display by the Rogers Hardware Co., on Queen Street, during the past few days. The window is so cleverly dressed that no one should fail to see it. It is really wonderful what a stylish turban can be made from an upturned pot and dish washer.

Ivanhoe Chocolates are made specially for the people of P. E. Island, and particularly those of Charlottetown. There's no chocolate quite as good, sold at the low price of fifty cents a pound, either in bulk or packages. The genuine "Ivanhoe" Chocolates have "J. & J." stamped on the bottom of each chocolate. Johnson & Johnson, druggists, would be glad to have everyone sample them.

The schooner John Miller has landed a cargo of hemlock boards for L. M. Poole & Co., Connolly's West Wharf. This is the latest sailing there has been from Richibucto for some years and a steamer had to cut a way through the ice to allow the schooner a passage out. As yet there has been hardly any ice around the city wharves, the tide carrying away to sea any lolly that may have formed. This would indicate that there would be a very mild winter.

Recent advices to Hyndman & Co., City, state that a survey will be held on the schooner Aurora which is ashore at the east end of Pictou Island. She will likely be a total wreck. The Aurora is owned by Wright Bros., of Crapaud and was commanded by Captain Lord of Victoria. She left Sydney with 120 tons of coal for Peake Bros. about a week ago. The cargo was insured. The Aurora was built in 1890 and was a vessel of 86 tons.

A musical treat was enjoyed by those who were present at the pianoforte and song recital in St. James Hall last evening, Prof. Watkis excelled himself on the piano and his difficult classical pieces from mendelssohn's Prelude and Fugue in E minor, Variations serieuses, and Scherzo in B Flat Minor—Chopin, and Liebstraum Liszt, were played in a finished manner by a clever musician whose delight is in his rendition of the masterpieces. Too much praise cannot be showered on those talented singers, Miss Bremner, Mr. Ritchie and Mr. Hooper, who sang superbly several selections among them being those old favorites, Beloved, It is morn, The Bandolero, The Swallows, The Message, while Miss Bremner and Mr. Ritchie sang delightfully that sparkling duet "O That we Two Were Maying." These musical evenings are entirely too rare and should be more heartily encouraged.

"The MacKinnon Drug Co. have built up a big business in high-class chocolates by handling the best and giving their customers fresh, clean packages. For Xmas they are displaying a magnificent line of packaged chocolates made by "Moirs" and "Rowntree." You should see this display if you intend giving chocolates. drtf.

James Callaghan sells the best $20 College Overcoat in the city, made with reversable collars. This coat is good value at $24.00, but as an advertisement he will sell a limited number at the above price. It will never pay you to buy ready-made clothing in Charlottetown, where you can buy made to order clothing so cheap. There is no other city in the Provinces where you can buy made to order clothing at anywhere near the price that they can be bought for in Charlottetown. In New York city the centre af fashion, they consider a made to order garment is worth twice the price of a ready made one, in fact there is no comparison between them. ttsdrtf.

There were no cases before the police court in this City yesterday.

The S. S. A. W. Perry is due here today on her last sailing of the season.

Mrs. Capt. Finlayson and Mrs. Jane Young of Pinette were visitors to the City yesterday.

There will be good bargains at store lately occupied by S. F. Tarbush. His entire stock in trade will be sold at half price.

The schooner Flora, Capt. Ley, has arrived in Louisburg, C. B. from Charlottetown with a cargo of produce for W. W. Lewis & Co.

There was a large audienee at the Bijou last night and they were greatly pleased with the song "Toys For Sale," which was sweetly sung b the popular soubrette, Miss Vivian King. The moving pictures were also up to the usual good standard of this popular moving picture house.

The S. S. City of Ghent arrived at the railway wharf at 10 a. m. yesterday and after landing a large general cargo, loaded a full cargo of produce and sailed again about six p. m. for Summerside. From Summerside the steamer will sail direct to Halifax.

A Boston despatch says:—Dr. James A. McDonald, a native of Charlottetown, P. E. I., one of Charlottetown's most honored and highly respected citizens, a member of the legislature in 1866, and holding other important municipal positions, died on December 8 of pneumonia. He came to Charleston in the '60's and experienced a breakdown in health in the past two weeks. The death of his son, James, a prominent lawyer, was a severe shock to him. He is survived by his wife, a daughter and two sons, both physicians.

A very large important meeting of the Knights of Columbus was held in this city last evening at which members of the order from over all the Province were in attendance. A considerable amount of business was gone through and the following officers were elected:—G. K.—J. E. Gillis; D. G. K.—Dr. W. J. McMillan; Chancellor—Rev. Dr. J. C. McMillan; Fin. Secretary—Jas Landrigan; Treas.—J. C. Moran; Rec. Secty.—W. J. Brawders; Warden—Prof. J. A. Murphy; I. G.—Ernest Trainor; O. G.—J. A. Egen; Trustee—J. A. Kelly.

EARTHQUAKE IN ITALY

FLORENCE, December 11—The observatory here reports from 11 o'clock this morning until one o'clock, a series of strong earthquake shocks were recorded on the instruments. Apparently the earthquake was light.

NEW WAIST LINE IS NOT YET LOCATED

LONDON, December 11.—Women do not know yet where their waist is to be this winter, for keen rivalry exists among fashionable dressmakers as to whether in the scheme for the new frock and coat design, it shall be the natural waist or just beneath the arms after the manner dictated by the empire.

At the beginning of the autumn season several of the leading dressmakers adopted the high waisted fashions and gave to their toilettes the short bodice favored by the Empress Josephine and her ladies at the court of Napoleon. One of the most noted designers, however, refused to accept the change and foretold the present rivalry between the two fashions, asserting that the short waist had its day too recently to please the majority now.

Apparently that is what has happened. Altho the short waisted dress has been exhibited at the various shows of winter modes, looking very nice upon mannequins of a sylphlike physique, it is considered very unlikely to cause the furore it did a few seasons ago.

A compromise between the two fashions is being made by means of a wide sash that extends upward from the natural waist line. It is seen in satin and silk and also in embroidered fabrics. No attempt is being made to introduce the wasp waist, but merely a neat, trim waist that insures absolute comfort to the wearer.

::Notice. All persons that have not paid their Poll Tax please attend to same at once as executions are being made out for same. Pay and save costs. 10—6dtf.
