WHY DOCTORS PRESCRIBE

108

NOX A COLD

Because it is not a patent medicine but a prescription of a very eminent doctor. 108 Nox a Cold in one day. 25c and 50c per bottle at Hughes Drug Store.

THIS WASHER MUST PAY FOR ITSELF.

A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a fine horse, but, I didn't know anything about horses much. And I didn't know the man very well either.

So I told him I wanted to try the horse for a month. He said "All right," but pay me first, and I'll give you back your money if the horse isn't all right."

Well, I didn't like that. I was afraid the horse was'nt "all right" and that I might have to whistle for my money if I once parted with it. So I didn't buy the horse, although I wanted it badly. Now, this set me thinking.

You see I make Washing Machines—the "1900 Gravity" Washer.

And I said to myself, lots of people may think about my Washing Machine as I thought about the horse, and about the man who owned it.

But I'd never know, because they wouldn't write and tell me. You see I sell my Washing Machines by mail. I have sold over half a million that way. So, thought I, it is only fair enough to let people try my Washing Machines for a month, before they pay for them, just as I wanted to try the horse.

Now, I know what our "1900 Gravity" Washer will do. I know it will wash the clothes, without wearing or tearing them, in less than half the time they can be washed by hand or by any other machine.

I know it will wash a tub full of very dirty clothes in Six Minutes. I know no other machine ever invented can do that, without wearing the clothes. Our "1900 Gravity" Washer does the work so easy that a child can run it almost as well as a strong woman, and it don't wear the clothes, fray the edges, nor break buttons, the way all other machines do.

It just drives soapy water clear through the fibres of the clothes like a force pump might.

So, said I to myself, I will do with my "1900 Gravity" Washer what I wanted the man to do with the horse. Only I won't wait for people to ask me. I'll offer first, and I'll make good the offer every time.

Let me send you a "1900 Gravity" Washer on a month's free trial. I'll pay the freight out of my own pocket, and if you don't want the machine after you've used it a month, I'll take it back and pay the freight too. Surely that is fair enough, isn't it

Doesn't it prove that the "1900 Gravity" Washer must be all that I say it is?

And you can pay me out of what it saves for you. It will save its whole cost in a few months in wear and tear on the clothes alone. And then it will save 50 to 75 cents a week over that in washwoman's wages. If you keep the machine after the month's trial, I'll let you pay for it out of what it saves you. If it saves you 60 cents a week, send me 50 cents a week 'til paid for. I'll take that cheerfully, and I'll wait for my money, until the machine itself earns the balance.

Drop me a line to-day, and let me send you a book about the "1900 Gravity" Washer that washes clothes in six minutes.

FRIDAY.

SCHOONER MISSING.—The schooner Poppy M., which left Cardigan on October 10th for Port au Basque, has not been reported and there is some anxiety as to her whereabouts. The vessel is owned in Newfoundland..

RAILWAY APPOINTMENT. — Mr W. H. Slackford, Ticket Agent and Telegrapher at Sumemrside, has been appointed stationmaster at Hunter River. This station has been made vacant by Mr A. W. Seaman going to Alberton to replace Mr Neil Campbell, retired.

OPERATION NECESSARY. — The friends of Mr. Celestin Poirier, of DeBlois, will regret to learn that he has found it necessary to have an operation performed owing to impaired hearing. For the past two years, Mr. Poirier s hearing has been affected, and his doctor has advised him to go abroad for treatment under a specialist.

CORNWALL METHODIST CHURCH.—Rev. J. K. Curtis, B.A., of Sackville Field, Secretary of Sunday School Association of the Methodist Church, will visit Cornwall on date named. In the afternoon he will speak on "Institute of Teaching Methods" and in the evening he wil give an illustrated lecture. Parents, teachers and scholars are cordially invited. The subject is of vital importance, and Mr Curtis is emphatically "a man with a message."

NEW FISHERIES ACT.—The fisheries of Prince Edward Island will be affected by the new Pickeled Fish Inspection Act, and the Department of Marine and Fisheries has sent Mr. J. J. Cowie to the Province to give those interested in the trade an idea of the Act—how it is to be carried out, and what is be expected of it. He was in Western Prince on Wednesday and Thursday. He will be at Malpeque on Friday afternoon and at French River in the evening. Saturday afternoon he will be at Rustico.

INSTITUTE. —The Cornwall-York Institute had a very successful meeting on Nov. 3rd, at the home of Mrs. David White, York Point. Despite the unfavorable weather the Supervisor, Mrs. Dunbrack managed to meet with them and gave a very instructive lesson on making of pastry. The next meeting will be held in Cornwall schoolhouse on the first Monday in December. Papers are to be prepared and read by members on four of the different nations engaged in the present war. After a dainty lunch was served a hearty vote of thanks was tendered to Mrs. David White for kind hospitality and also to Mrs. Dunbrack. Greetings were exchanged over telephone with Meadowbank institute. Two visitors joined the institute at that meeting.

VISITING CLERGYMAN. — Rev. Lowell C. McPherson, Evangelist, formerly of Buffalo, N.Y., and for some years missionary to Havana, Cuba, will begin a series of special Evangelistic services in Central Christian Church on Sunday evening next. For the past two years Mr McPherson has been general evangelist for the Home Mission Board of the Maritime Provinces—and has held successful meetings in St John, Halifax and many other points on the mainland and on P.E. Island. This is his first appearance in Charlottetown, and it is felt that with his strong and winning sermons, his unusual pulpit ability and untiring zeal that a great work will be accomplished. Rev. W. J. Whitehead, the new minister, who has also had a successful career as an evangelist and pastor, will back up the work and assist it every way to make it a great meeting. It is expected that a special singer will be engaged for the ocasion, negotiations are in progress for a singer from the U.S. Spirited congregational singing at all services. Everyone cordially invited, and all seats free and unappropriated.

NOTED PREACHER COMING.—The Methodists of Charlottetown will, on Sunday 22nd, celebrate the fiftieth anniversary of the opening of the First Methodist Church, and already the event is being looked forward to with great interest, not only because of the fact that it is a jubilee celebration, but because one of the greatest preachers in America, the Rev. A. B. Simpson, is to preach. Mr Simpson is a native of Cavendish, this province, and his name, particularly in conection with missionary effort, is a household word throughout the United States. It will be remembered that as some of the meetings he addressed in the large cities, the collections, as a result of his earnestness, amounted to sums unprecedented in church collections, in at least one instance reaching the sum of $60,000. His fellow Islanders will be pleased to have an opportunity of hearing one of whom they have read so much and one, also, whom they delight to honour. No doubt there will be large congregations, but the auditorium of the First Methodist Church is large, and those whe get there in good time will find room. Fuller particulars as to the services will be given in due course. In the meantime the date should be set apart for this occasion alone.

ENJOYABLE AFFAIR.—A large ompany gathered at Grace Church last evening to enjoy a congregational social given by the Ladies' Aid Society of the Church. The chair was occupied by Mr Ernest Duchemin. An exceptionally good programme of a very high order was then opened by an organ solo from Prof. Thompson, who gave a splendid patriotic selection. Miss Kathleen Moore delighted the audience with a beautiful song, which was deservedly encored. A very fine reading was given by Mrs Bradford Gough, who read with great expression. Miss Katie Stanley, the organist of the Church, was heard at her best in a pianoforte selection of Greig's.. The audience were then favoured with a stirring song by Prof. Barlow. Dr Ayers put the audience in good spirit with a very humorous reading. The programme was concluded with a violin solo by the pastor. Practically every number was encored. The friends then adjourned to the schoolroom, where excellent refreshment was served by the ladies of the church. At the close Mr Benjamin Carter auctioned off a number of cakes in his usual humorous manner. A very hearty vote of thanks to those who had helped to make the evening such a splendid success was moved by Mr L. P. Tanton. A most splendid time was concluded with the singing of Auld Lang Syne.

BERLIN, Nov. 12.—The German general headquarters has issued the following: "The enemy advanced from Nieuport as far as Lombaerezyde, but was driven across the Yser. The eastern bank of the Yser, as far as the sea, is now clear of the enemy. Our attack across the Yser canal to the south of Dixmude is progressing. In the region east of Ypres we have advanced further and captured 700 French soldiers, four cannon and four machine guns."

MELBOURNE, Nov. 12.—A military force of 250,000 men will be Australia's contribution to the war, if needed for the defence of the Empire.

Australia already has sent off her first contingent to aid the Allies in Europe, and shortly expects to have 50,000 men on the fighting line.

Besides this army, Australia has in training approximately 200,000 reservists, comprising all branches of the service. These men are drilling every day and will soon be ready to take their places in the fighting line if needed.

Besides her army, Australia has contributed a well-balanced fleet to the protection of British interests in the South Seas.

LONDON, Nov. 12.—An official despatch from Lieut.-Col. Dirk Vandeventer, concerning the defeat, on November 8th, of a force of Germans and Boer rebels at Zandfontein, near the southern border of German South-West Africa, was received to-day. According to the report the Union forces inflicted a loss of 120 killed or wounded and captured 25 men. The Union loss was twelve men killed and eleven wounded.

"Our officers and men who were killed," the report says, "with some exceptions, were shot with dum-dum bullets."

ROME, Nov. 12.—Italy is sending troops to Tripoli to defend her settlements and loyal tribesmen against Arab rebels and Bedouins who have raided supply columns in the interior and have attacked an encampment of submissive tribesmen at Derna.

Turkey has disregarded the promise made to Italy by Germany that the Porte would not threaten Italian colonies and that Turkey had no designs on Tripoli. Events are tending more and more to force Italy into the war on the side of the Allies. The newest most momentous crisis has developed in Cyrenaica, due to the aggressions of Bedouins stirred by the preachments of Turkish and German agents.

LONDON, Nov. 12.—The Official Bureau issued the following statement to-night:—Operations during the last few days consisted mainly in fighting at Lys, where the points of interest were first on the line of Hollebecke, Wytschaete and Messines. There have also been severe encounters on the line from Zanvoorde to Frelinzhein.

A characteristic of this fighting has been frequent vigorous infantry attacks by the Germans, accompanied by heavy shell fire, and alternating equally vigorous counter-attacks, the general result being the maintenance of our line, not without considerable losses on our side, but with still heavier losess on the other. Six machine guns and over one hnudred prisoners were taken by us on the eighth.

The Allies' strength has been constantly maintained by reinforcements. Latterly the stress has been in the neighbourhood of Gheluveldt, to the north of Ypres and Dixmude.

The German artillery fire was practically continual. The bombardment being intended to pulverise our defence preparatory to the advance of their infantry. In the centre the struggle has been at Ypres, the defence of which will certainly be reckoned in history as one of the most striking episodes of the British army.

Fo more than three weeks our position, which projects like a bastion into the enemy's lines, has been held under a rain of shells, which hardly ceased day or night. During this time the enemy poured successive waves of infantry against it, only to see them break to pieces one after the other.
