ALL IS WELL!

Some heart is glad to have it so:
Whichever way the wind doth blow
Then blow it east, or blow it west.
Thewind that blows—that wind is best.

My little craft sails not alone;
A thousand fleets from every zone
Are out upon a thousand seas;
What blows for one a favoring breeze,
May dash another, with a shock
Of doom, upon some hidden rock.
So then, I will not dare to pray
For winds to waft me on my way,
But leave it to a Higher Will,
To stay or speed me, trusting still
That all is well, and sure that He
Who launched my bark will sail with me,
Through storm and calm, and will not fail,
Whatever breezes may prevail,
To land me, (every peril past),
Within His sheltered haven at last.

Then whatsoever wind doth blow,
My heart is glad to have it so,
Then blow it east, or blow it west,
The wind that blows—that wind is best.

Mrs. J.H. Lord,
Cape Traverse.

HOUSEHOLD NOTES.

To salt almonds, shell and blanch them, then put them in a bowl and thoroughly mix two tablespoonfuls of olive oil and a tablespoonful of dry salt for every pound of nuts. Then place them in a greased paper bag, tie it at the top and roast for ten minutes shaking occasionally.

If it is necessary to keep a hat box on a high shelf, the following suggestions may be worth while: Slit open the two uprights edges of one side of the hat box, so that when the cover is raised this side will drop down as if on hinges. This allows the hat to be removed without taking the box from the shelf.

Corks can be made to seal catsup bottles entirely airtight if you will first select corks that are a little larger and boil them in clear water for twenty minutes, thus decreasing their size, insert them in the mouth of the bottles when hot; they expand in cooling, and in this way will make perfectly tight stoppers.

Woman's Hair Reaches To Knees

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvelously beautiful hair, which, when loosed from its coils, falls to her knees. Moreover it is of soft, silky and fluffy texture and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said: "Had anyone told me such marvelous results could be accomplished so quickly. I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in paches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time, I tried fully a dozen different hair tonics but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well known physician. It said that by taking ordinary Lavona de Composee and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and I had my druggist mix 2 oz. of the Lavona dae Composee with 6 oz, of Bay Rum and ½ dr. of Menthol Crystals, and started to use it. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor. I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it.

Those who use it should be careful not to get it on the face or where hair is not desired.

THE PRESIDENTIAL ELECTION.

(Continued from page one.)

Wilson, governor of New Jersey, and formerly president of Princeton University, was elected president of the United States yesterday by an overwhelming vote.

The Democrats will again control the lower house of congress and probably capture the United States senate.

The returns from the contests for the legislature were incomplete last night, so that the complexion of the next senate was not clearly known.

Governor Foss, Democrat, of Massachusetts was elected for a third term on the tidal wave by more than 50,000 plurality. Foss went out of Boston with nearly 32,000 plurality.

Gov. Wilson carried Boston by 21,000 plurality over Roosevelt. Taft was 300 votes behind Roosevelt in Boston.

William Sultzer, Democrat, was elected governor of New York by an immense plurality and the New York legislature will also be Democratic.

Wilson led Roosevelt in New York city by about 125,000 and Taft by 180,000.

Pennsylvania was in doubt at 10 p. m., In New Hampshire, Taft was leading at that hour and incomplete returns from Vermont showed a close race between Taft and Roosevelt, with Taft leading slightly.

Complete returns from the city of Boston were:

For president -Roose (Prog). 21,548; Taft (Rep.), 21,177; Wilson (Dem,), 42,706.

For governor—Bird (Prog), 18,717; Foss (Dem.), 48,282; Walker (Rep.), 17,296.

The Boston presidential vote in 1908 was Bryan (Dem.), 41,476; Taft (Rep.), 41,249. In 1911 the city gave for governor; Foss (Dem.), 50,495; Frothingham, (Rep.), 28,751.

Returns for president from 831 out of 1,102 precints in Massachusetts give Roosevelt, Progressive, 94,728, Taft, Republican, 105,923, Wilson, Democrat, 127,583.

For Governor— Bird, Progressive, 88,875, Foss, Democrat, 119,955; Walker, Republican, 104,524.

Total vote of Vermont is. Taft Republican, 23,247; Roosevelt, Progressive, 22,323; Wilson, Democrat, 15,397.

At midnight Pennsylvania was in doubt. Wilson and Roosevelt were even and Taft a poor third.

Wilson will have at least 310 votes in the electoral college.

AN INTERESTING EVENING.

A large company met at the home of William and Mrs. Stretch, Long Creek, on Monday evening, for the purpose of tendering a farewell banquet to Joseph and Mrs. Stretch. After supper felicitious remarks were made by Rev. C. S. McLean, John McMillan, John McLean and Thomas A. Morrow expressive of the high esteem in which the guests of the occasion are held, and if the occasion are held, and of sorrow at their removal. A purse of money was presented in connection with the following address:—your lives approached home established by this union at once became a center of good influences which have touched and helped all our homes. We have ever found you hospitable, kindly and ready to lend a hand in true neighborly fashion, Religion, temperance, and every good cause which marks the community of high moral standards, have been actively promoted by you. It is therefore with a sense of loss that we contemplate your intended heparture. We wish you a prosperous journey, and hope that you may find many friends and much happiness in your new home.

"The Lord watch between me and thee when we are absent one from another."

To Mr. and Mrs. Joseph Stretch, Dear Friends:—As neighbors and friends we take this occasion to express to you our appreciation of your lives among us and of our sorrow at your removal. You have disposed of your home and purpose remoning to a distant place. Nearly all of your lives have been spent in this community. In your earlier days you were sharers with your young companions in all their wholesome enjoyments, forming friendships then which have endured through the years. As each other, and finally united, the the streams aof

CONSTIPATION Can Be Cured.

You cannot expect to be well if you allow your bowels to become clogged. What is necessary is to have a free motion of them every day, and to keep them in this condition all the time if you wish to be strong and healthy. If you don't keep them open the system will become clogged up with poisonous matter and produce constipation, headache, dyspepsia, bad blood, etc.

Keep the bowels in good condition by using Burdock Blood Bitters; the remedy that has built up an unrivalled reputation, during the past thirty-six years, as a cure for all troubles arising from a constipated condition of the bowels.

Mrs. Thomas Calder, East Lower Fort Garry, writes:—"I am writing you to let you know what Burdock Blood Bitters has done for me. I suffered very much from constipation and none of the medicines I took agreed with me. Now I am glad to say that there is nothing like B.B.B. Since taking it I have not been troubled."

Burdock Blood Bitters is manufactured by The T. Milburn Co., Limited Toronto, Ont.

FASHION NOTES

The long cord handle shopping bag is no longer fashionable. It has been replaced by an arm bag, which has a short broad and flat leather loop through which the arm can be slipped. Very elegant oblong shapes are being chosen for the new pouches, and the supple leathers of which they are made are in all the new shades.

Small headgear is the present rage in Paris. The velvet toque being the most popular.

Feathers are the favorite trimming. Ostrich plumes, fabric feathers, and feathers made of fur, and there is also the usual display of stratling looking "brushes."

THAT FOX.

performing an operation on such a valuable animal as a fox. Secondly: that the Medical Doctors who performed the operation think the same thing.

I feel confident that the Veterinary Surgeons in Charlottetown are capable of performing any operation that is necessary to perform on a fox and perhaps they would meet with more success than these gentlemen had with this fox.

If a Veterinary Surgeon performed an operation on a human patient he would probably be fined heavily perhaps sent to jail, but everybody and anybody can trespass on his field and not a word is said.

I suppose since foxes have become so valuable, they come next to human beings and at the next session of our legislative assembly I would not be surprised if the Medical Doctors had the monopoly of the fox-practice.
