Your friend impeached my integrity, under the sanction of your authority, and your own admonition to the fraternity which I have the honour to represent, should justify my expulsion of your conduct in the matter at issue. In the mean time,

I am, Sir,
yours respectfully,
JOHN ARBUCKLE.

May 31st, 1854.

At a Meeting of the Electors of New London, and its vicinity, held on the 1st June inst., at the store of Mr. John McLellan, to take into consideration the act of the Lieut. Governor in dissolving the late House of Assembly; and also to nominate two fit and proper persons to represent them in the next House of Assembly—James Pidgeon, Esq., was called to the Chair, and Archibald McKinnon, appointed Secretary, when the following Resolutions were moved, and passed,—only two opposing the 1st Resolution.

1st., Moved by Wm. Haslam, Esq., seconded by Wm. Mallet, Esq.—

Resolved, That the majority of the late House of Assembly deserve the thanks of this Meeting, for the effort they have made to secure the independence of the Legislature, by passing a Bill to exclude from both its halls those Officers connected with the receipt or expenditure of the public moneys.

2d., Moved by Jeremiah Simpson, Esq., seconded by Mr. Wm. Anderson—

Resolved, That the dissolution of the late House of Assembly, by the Lt. Governor, in opposition to the advice of Her Majesty's Council, is an opposition to the *principles* of Responsible Government,—has a tendency to annul the same; and is, in the opinion of this Meeting, an arbitrary and unconstitutional act.

3d., Moved by Mr. Henry Lawson, seconded by Mr. John Simpson—

Therefore, *Resolved*, That this Meeting will endeavour, by every honorable means, to secure the return of Messrs. Beer and McLeod, their late worthy Members.

After the usual vote of thanks to the chairman the meeting seperated.

MASONIC HALL COMPANY.—The first General Meeting of this Company was held last Monday evening, in accordance with the provisions of the Act of Incorporation, in Mason Hall (McDonnell's Buildings.) Mr. W. S. Paw was called to the Chair, and Mr. J. W. Morrison appointed Secretary. The following gentlemen were thereupon duly elected Directors of the said Company until the Annual General Meeting, to be held on Saint John's Day, the 27th December next, viz:—The Honorable Charles Young, Messrs. W. S. Paw, A. H. Yates, W. Duchemin, Charles Bell, John McNeill and James Douglas. Mr. J. W. Morrison was elected Secretary. A Committee was also appointed to propose the draught of a code of Bye-Laws, &c., for the government of the Company, viz:—Messrs. J. W. Morrison, W. S. Paw, and A. H. Yates.

At a Meeting of the Directors, held immediately after the above, The Honorable Charles Young was chosen President, and Mr. W. S. Paw, Treasurer. The Meeting then adjourned.

IT is with much pleasure that we have inserted the Resolutions from New London, which appear in this day's issue.

They were sent to us without the flourish of trumpets, that usually accompanies corresponding articles in the pages of the *Examiner* and *Advertiser*; and as their simplicity and straightforwardness speak for them better than any thing we can add, we shall refrain from note or comment, save to remark that we have been informed that the Meeting was a highly respectable one. Six Magistrates having been present, who, with the exception of one only, agreed in passing the Resolutions.

MANY of the Houses and Stores were last evening lit up with gas, and presented a brilliant appearance. As there is to be—we understand—a more imposing and public display this evening, we shall defer making any further observations, until our next issue.

The Rev. John Knox will preach in the Baptist Chapel, Charlottetown, on Sabbath evening, the 4th of June, at quarter-past six.

To the Electors of the Third Electoral District of Prince County.

GENTLEMEN;

HAVING been solicited by a large number of voters in this District, to offer myself as one of your Representatives in the House of Assembly, I have been induced to waive the objections I have hitherto entertained on this subject.

You will, doubtless, expect me to state the views I entertain of political affairs, and the course I shall pursue, if I am returned.

Gentlemen, I regard the TEMPERANCE CAUSE as the most important feature in the future political regeneration, commercial prosperity, and social happiness of this Colony. And if I firm determination to watch over and advance to the utmost of my ability, your *local interests*, as well as the general prosperity of all classes throughout the Island will meet with your support. I can only say, my best efforts are at your disposal.

I remain, Gentlemen,
Your obedient Servant,
WILLIAM GAMBEE STRONG.

Sydney Mills, Lot 34, May 29, 1854.

To the Electors of the First District of Queen's County.

GENTLEMEN:

AT the earnest request of a considerable number of you, I am again induced to offer myself as a Candidate for you suffrages at the ensuing Election.

During the short time I had the honor to represent you, the House of Assembly and the Government have had to contend with plots, schemes and conspiracies, to bring about its overthrow. We have had no chance, no fair play—having a one-sided partizan Governor and an obstructive Legislative Council to combat during the whole Session. Responsible Government no longer exists in Prince Edward Island. The first blow was struck by Mr. Coles on its very introduction, by appointing Capt. Swabey to a seat in the two Councils, without the necessary qualification required by the Royal Instructions, and giving him a lucrative office after he had sought a constituency, and had been rejected by the People. The second blow was struck by Mr. Coles, in retaining Mr. Joseph Hensley, as Attorney General, and getting him appointed to a seat in the Legislative Council, after he had offered himself as a candidate to the People for their suffrages and had also been rejected. The finishing stroke was given to it by the Governor, acting on an assumed prerogative, and refusing to be guided by his responsible advisers, preferring the advice of an irresponsible Legislative Council, and dissolving the House of Assembly, in direct opposition to those whose counsel—if we had Responsible Government—he was bound to receive; and to the Governor's conduct is to be a precedent for future guidance, we have retrograded at least a century at three strides, and are about to cringe again under the iron bondage of a Royal Prerogative. I think I hear many of you say —No! We will not submit to that. Our forefathers suffered too much to induce us to countenance such tyrannic acts; and in our sentiments, you can give proof of them by discountenancing the party who has brought this expense, turmoil and strife upon you.

They hypocritically tell you, that you will have the privilege of electing your own officers; while, at the same time, it is notorious, that a great effort is being made for them to put nearly all the principal offices into the hands of the Legislative Council, who are not responsible to you; three of whom, the new family compact, it is believed, hope to divide some £12000 among themselves annually. But, remember, you have no voice in their appointment. One member of the late House of Assembly (Mr. Whelan), has been encouraging the Legislative Council in their opposition to the House of Assembly; and, strange to say, promises, that should his party come again into power, he will still have money to spare to pay the Legislative Council, who do little but obstruct the business of the House of Assembly. Can this be true? say some of you. It is true, and cannot be denied or disproved. The Hansard Reports can be found, in black and white, in the Order Book of the House of Assembly—*that he will, at the next Session of the House, bring in a Bill to authorize the Government to pay the Legislative Council.* A nice way this to squander your money! Were the Council abolished, you would save some £1000 each year by it, or were they made elective, there would then be some reasonable ground for their being paid But Mr. Whelan, no doubt, sympathizes with those who are seeking to obtain office. I find, on examining the Public Accounts, as published in the Journal of the House of Assembly, for the years 1847, 1848, 1849, 1850, 1851, 1852, 1853, received, as Queen's Printer, for the four years, £1428 0s. 10d.; on further examination, I find, that Mr. Whelan received, as Queen's Printer, for the first two years alone, £1471 18s 1! It is no wonder that Mr. Whelan, hoping to gain between Seven and Eight hundred Pounds a year by it—should print and circulate hundreds of Pamphlets all through the country, praying for a Dissolution of the House of Assembly. When his party succeeded in getting a majority again, I suppose we shall hear of it, as Mr. Coles threatened, at a public meeting in the Temperance Hall, "*with a rod of iron!*" Mr. Coles was present at that meeting, and it is well known, that Messrs. Coles and Whelan plot and scheme together, whatever they may seem to say to the contrary. But Gentlemen, the only way to get an end put to this sort of work, is to let both branches of the Legislature altogether of office-holders. I voted for a bill last Session, positively excluding every one holding an office of emolument under the Government, with the exception of two, the Attorney General and the Colonial Secretary; but this would not suit the Council, who wanted many of the offices themselves, and consequently threw out the bill. I am now determined to go farther, and I pledge myself, that if returned again, I will bring in a bill to exclude *every office-holder* from both branches of the Legislature, the same as in the United States, and no country in the world thrives, or "goes a head," faster than the United States of America—so far I am willing to copy from their institutions; and if the Legislative Council will not pass the bill, we will memorialize the home Government for leave to remodel that body.

Gentlemen; Since the Dissolution, I have visited a great part of the District, and I feel grateful for the kind manner in which I have been received, and the very general promises of support that have been given tome. Mr. McLeod is also in the field with me, and we have canvassed together a great part of Lots 29 and 31. Our prospects are good. We shall receive support this year from some who last year, voted against us—on the ground of our having been badly used; we have had no trick, and that was and the whole of our success. We are put to unnecessary trouble and expense, for the benefit of a few who are striving to become office-holders and dictators. Mr. McLeod and myself would like to pay our personal respects to each of you but we find that will be impossible, in consequence of the indecent and unconstitutional base with which the Election has been forced on, so we shall see as many as we can, and shall hold public meetings in several parts of the District, in the hopes of meeting many more.

I find that the self-styled liberals are industriously circulating a number of false reports among you in reference to myself, hoping thereby to prevent you from voting for me; but I feel assured my character is well known to most of you; and that you will be slow to believe that I, who am living almost entirely by my dealings with the tenantry, would do or advocate any measure that would increase your burdens; on the contrary, I am striving to give you far greater accommodation when you come to Town to dispose of your produce, free of any charge.

Gentlemen; You are called upon to exercise your right of Franchise at a very important crisis. The question is, whether you are to enjoy the right of self-government in reality, or to submit to a concealed despotism, and an uncontrolable tyranny, under what is termed Responsible Government.

Believe me to remain,
Your obedient and humble servant,
GEORGE BEER, Junr.

To the Electors of Charlottetown and Royalty.

GENTLEMEN,

HIS Excellency the Lieutenant Governor having thought proper to dissolve the House of Assembly, you are called upon a third time within less than two years to choose persons to represent your interests in that branch of the Legislature.

I again offer myself as a candidate for your suffrages, and respectfully request your support. Having been handsomely returned by you at fight different Elections in succession, and my political principles not having undergone any change, I deem it unnecessary to recall my former sentiments.

I regret that the Bill for the exclusion of salaried officers from the Legislature was rejected by the Legislative Council. Had it become law, it is not likely that you would have been called upon, so very soon, to engage in another General Election. The leading Members of the Legislative Council, however, prefer that law or rule which admits of their holding salaried offices, although wholly irresponsible to the people: they therefore threw out this Bill; and, dreading that it would pass at another Session of the same House, they addressed the Lieutenant Governor in such terms as to procure a dissolution, and thereby to afford an opportunity, during the excitement of a General Election, for officers to misrepresent the object and effect of the Bill, and to make the people believe that it was calculated to destroy Responsible Government. The purport and aim of the Bill, however, Gentlemen, was the very reverse: it was, in fact, a measure upon the same principle as the Act of Assembly lately passed and now in force in Canada.

I have every confidence that your votes will enable me again to introduce this Bill—and if the constituencies throughout the Island prove equally intelligent with yourselves, I cannot have a doubt that a majority will be returned in the new House of Assembly, not only favorable to the measure, but such as,—under the auspices of a new Lieutenant Governor of much Colonial experience, will convince the Legislative Council that they must offer no further obstruction to its becoming the law of the Colony.

I am, Gentlemen,
Your most obedient Servant,
EDWARD PALMER.

To the Free and Independent Electors of the Second Electoral District of Queen's County.

GENTLEMEN;

HAVING had the honor to represent you in the first House of Assembly under Responsible Government, in this Island, and not being aware that any part of my political conduct had merited your disapprobation, I again offer myself as a Candidate for your suffrages. My political principles are unchanged; and, should you again honor me with your confidence, you shall always find me the same unflinching, uncompromising character that I trust you that know me, have ever found me to be, unallured by the smiles of those above me, and equally undismayed by their frowns.

I have the honor to be,
Gentlemen,
Your most obedient Servant,

This being my first attempt to move in political life, I can safely assure you, should I be Elected one of your representatives, that I have no party predilections, and that such measures only as I shall consider for the best interests of the people, and the promotion of the prosperity of the Island in general, and of your local District in particular, shall have my support, no matter from whom the same may emanate.

I have the honour to be,

The following letter from the celebrated Dr. JAMES C. AYER, gives the honest side of the Nostrum question. Since the Public will use these remedies we wish for the sake of suffering humanity there were more of them like his *Cherry Pectoral* and *Cathartic pills*, which requires no secrecy to make them go down.

Messrs ——— & Co.,
New York City,

GENTLEMEN:—Yours of the 23d inst., asking me to join in a combination to put down the Ohio Nostrum Nuisance, comes duly to hand. I cannot accede to your request for the following reasons:

The law requiring that the composition shall be published; of every medicine sold in the State, cannot work to the injury of anybody who deserves protection. I have published the recipes of my medicines for fifteen years, and believe this to be the honest way of making my business known to the community. The Medical Profession publish their discoveries to the world as soon as made, for the benefit of all mankind. Why should we not? The law which you fear will destroy your business, can injure only those who falsely pretend to discoveries and secrets which they have not. It will expose the empirics to ridicule and contempt, and the public will turn aside from such preparations as are found to be worthless when their composition is known. If medicines have real worth, they will be only the better appreciated and the better patronized by laying their composition open to the Public, that all may judge for themselves If they have not real merit, it is due in common justice, to the suffering sick, to the public health and to the cause of humanity, that the people should know them to avoid them.

Yours Respectfully,
JAMES C. AYER.
