SPORTING NEWS

17th Armoured Regiment To Break Camp

About 180 members of the 17th Reserve Armoured Regiment, P.E.I. Light Horse are preparing to break camp to-morrow after 15 days of intensive training.

Lt.-Col. G. Elliot Full is officer commanding the unit while Lieut.-Col. E.W. Johnstone is officer in charge of the training of the unit. Capt. Duggan is Adjutant. The two latter together with six N.C. Officers, who serve as instructors comprise the permanent staff of this Reserve unit. The remaining officers and N.C.O.s of the unit have to spend 55 days per year training, 15 days of which must be spent in camp and 10 days on tactical schemes, the remaining 30 days are made up by training nights. As three nights' training is considered the equivalent for one day, these officers and N.C.O.'s train 90 nights in the year while the privates are required to train 45 nights.

This night training is carried on at 22 local centres namely: Charlottetown, Montague, Souris, Summerside, Kensington, Alberton, O'Leary, Tignish, Mt. Stewart, Victoria, St. Peters, York, Pownal, North Wiltshire, New Glasgow, North Rustico, South Rustico, Tyne Valley, Murray Harbour, Wellington, Malpeque, and Borden.

An officer or N.C.O. in charge of each local unit aids instruction. Two-thirds of the officers who do the instructing are veterans of the last war. Rinks and halls are utilized for training purposes and officers in charge say that communities have responded marvellously in placing these buildings at the disposal of the unit free of rent, with only a small fee for light and heat.

Besides the regular training there are courses given for prospective officers and N.C.O's at Charlottetown, Summerside and St. Peter's. Major Tierney and his staff assist the regular officers with the instruction, and exams set by the Dep't of National Defence, Ottawa, will be written here in December. Many of the officers and men drive to these local training centres a distance of 8 or 10 miles, and a great deal of over time is given voluntarily to get the men in shape.

This reserve unit is comprised of men of low medical category, and those eligible for exemption such as only sons on a farm, etc. They are being trained for home defense of the province in case of emergency.

At camp regular Sunday Services are held. Last Sunday a church parade was held, the Protestants going to the Salvation Army, and the Roman Catholics to the Basilica. The men have access to a reading and writing room, and moving pictures, under the sponsorship of the War Services' committee, are shown for the entertainment of the troops.

In August of this year 350 members of this Reserve unit attended a similar two weeks' training camp at the Ordnance Grounds.

Blackout Problems Discussed

The regular weekly meeting of The Civilian Defence Committee (A.R.P.) was held yesterday at the office of O.A. Beer, Provincial Fire Marshal. This committee is under the Chairmanship of Hon. H.H. Cox and consists of Inspector J.A. Wright, R.C.M.P. in charge of Police Services, O.A. Beer, Provincial Fire Marshall in charge of Fire Services, Dr. B. C. Keeping, Deputy Minister of Health, in charge of Medical Services, D.M. Gass, Commercial Manager of The Island Telephone Company in charge of Public Utility Services, R.S. McBeath Chief Engineer, Provincial Department of Public Works in charge of Transportation Services and Major W.H. Poole, Provincial Electrical Inspector, who is Vice-Chairman of the Committee, and B. Graham Rogers, Supervisor of the P.E.I. Travel Bureau, who is the Director of General Publicity. At the meeting yesterday Mr. Gordon MacDonald, Deputy Director of Fire Services was present. Col. R. C. Chandler, Liason Officer between the Charlottetown committee and the Military Authorities and Major J.R. Paton, representing Military District No. 6 took part in the discussions yesterday.

A matter of considerable interest to the public brought before the meeting was the question of the numerous rumors spread about regarding the time of forthcoming blackouts and the public is asked not to pay any attention to these rumors. The Committee has no knowledge of the time of blackouts until the first signal actually comes through and these signals originate outside the jurisdiction of the Committee. In an actual emergency it would of course originate from the action of the Germans and this is something no one can foretell. Therefore it is impossible to know if a blackout is really a practice blackout or the real thing and every one is urged to act in each blackout as if it was an actual emergency.

The question of motor vehicle traffic during a Blackout was discussed. The regulations distinctly state that no private cars, trucks, busses, or taxi cabs are allowed to drive in a blackout unless the blackout regulations are complied with regarding screening of lights (front and rear). It is hoped that in a short time proper light screens for motor vehicles will be available to those who think that it may be necessary for them to drive during such periods. Complete information regarding this matter can be secured from the Controllers of Police Services in the different communities that are organized. The Provincial Committee is encouraged by the spirit of co-operation being shown by the general public and it is hoped that it will not be forgotten "That it could happen here."

TO-DAY 3—5 P.M. 8—10 P.M. FORUM

SKATE FOR HEALTH

Hundreds are Finding Good Health, Better Muscle Tone, Agreeable Companions

At last it is quite definte that the proposed hockey league is to get underway December 15th. This will be cheering news to all hockey followers hereabouts and although the league is really only on trial for the first few games it is to be sincerely hoped that the fans will give the teams the necessary support to enable them to carry out their full schedule.

• • • •

Of course a lot depends upon the teams themselves. By real conscientious effort they can build up enthusiasm to a high point so that the games will be witnessed by big crowds and once you get fans really inte.ested then the success of the league rests assured.

• • • •

Got to it boys. It is a safe bet that the fans will be solidly behind you all the way.

• • • •

It is a sure thing that a Royal Canadian Air Force team will wear the Dominion Football crown this year. Nothing was ever surer for December 5th at Toronto R.C.A.F. Bombers from Winnipeg meet the R.C.A.F. Hurricanes, eastern champions in a sudden death tilt for the title and Grey Cup.

• • • •

Much interest is being attached to the forthcoming title battle. For a while here it appeared likely that the title would not be decided due mainly to a long schedule here in the east but things have now been straightened out.

• • • •

The Eastern teams revised their playoff schedules in order to conform with the R.C.A.F. ruling that no Air Force team would be able to compete after December 5th. They beat the flag and now the title tilt will ake place next Saturday afternoon.

• • • •

Who will win? That's a tough one. But judging solely by reports received over the wire football fans are looking forward eagerly to one of the closest most gruelling title battle in a good many years.

• • • •

Says Bill (Moncton Transcript), Hutchinson: Montreal hockey interests and hockey fans still dream of the day the youthful Howie Morenz will don his dad's old No. 7 sweater, never worn by any other since the original Stratford Streak died, and become a member of Canadiens.

• • • •

Ever since he has been nursed along to that end. And now he is showing signs that it won't be long before he does what is expected of him.

• • • •

It is taken for granted that Howie will make the N.H.L. grade. He weighs 145 pounds at 16 years of age (we know of huskier kids at much less) and has the sloping powerful shoulders and deep chest of the father who sired him.

• • • •

In addition, Montreal people say he has all the mannerisms of his Dad. In fact he is a dead ringer for the great star.

• • • •

This dream of Montrealers is one of long standing. Many in Moncton can recall a slight youngster who played around in the Stadium between periods of an awful exhibition game between Canadiens and Boston Bruins several years ago.

• • • •

He was even then a protege of the Canadiens, and has been brought up on a diet of hockey and the belief that some day he will take the place of his father vacated so tragically.

• • • •

Even then he had that odd little skip in his stroke, just like his father had. His mother has encouraged the youngster and he has had the advantage of attending schools where good coaching is available.

• • • •

At present he is attending Ottawa College and is playing junior for that school. If teaching means anything young Howie should make the grade.

• • • •

Of course there are other things to be considered, such as a natural liking of the game, speed, courage and the will to win. Apparently the boy has all those things.

• • • •

We hope, like thousands of others that he has and does come through. He was a likeable little chap when he was in Moncton.

Lou Mogul Back In Bombers Lineup

WINNIPEG, Nov. 30 — (CP) — Big Lou Mogul, 33, veteran football lineman, returned to the R.C.A.F. Bombers lineup tonight as the western champions held their last workout here before leaving tomorrow for Toronto where they will meet Toronto R.C.A.F. Hurricanes in the National final Saturday.

Lou, veteran of six Winnipeg teams in Dominion football finals, had been receiving treatment in hospital for an infected right leg.

Terry Terminates 20 Years Association With Giants. Would Like To Have Phils'

By JUDSON BAILEY
Associated Press Sport Writer

CHICAGO, Nov. 30— (AP) —Bill Terry today ended 20 years association with New York Giants while the National League's Board of Directors was considering the plight of the derelict Phils and Terry himself said he would like the opportunity of taking over the Philadelphia franchise.

The 42-year-old former first base star who managed the Giants to three pennants issued a short statement to announce his resignation as General Manager of New York's Farm System, a position he assumed last winter.

He said he had suggested to President Horace Stoneham that the second year of his two-year contract be terminated because curtailment of the Giants' minor league operations made it doubtful that he could earn his salary, reputed to be $30,000. He emphasized, and Stoneham agreed, the parting was friendly.

Nothing concerning his plans was included in Terry's announcement but in discussing his future with newsmen he said that taking charge at Philadelphia "is exactly the kind of an opportunity that I would like."

"The club presents a grand opportunity and it's exactly the kind of a proposition I would like. However, I would not invest any of my own money in the club and I would not solicit any of my friends to back me. If there is someone who wants me to operate it, or if the League wants me there then that's fine."

Athletes At War

By MIKE GREENSTEIN
Canadian Press Staff Writer

(News of Canadian athletes in the armed forces will be welcomed for inclusion in this weekly feature and should be sent to "Athletes at War," The Canadian Press, 44 Victoria St., Toronto.)

TORONTO, Nov. 30— (CP) — Jerry Blanchard of Cornwall, Ont., former Dominion flyweight boxing champion, who turned professional shortly before the outbreak of war, is a corporal in the Royal Canadian Air Force. Harry (Scotty) Raynor, who managed Jerry in his civilian days, is a pilot officer. Blanchard and Raynor were a popular fighting team down Cornwall way and now they both hold posts as physical training instructors in the Air Force.

Robert Louis Stephenson, 20, a hockey player with the Winnipeg Falcons Junior team two years ago, and Morris Sims, 19, prominent Winnipeg tennis player, have both enlisted in the Air Force for air crew duties.

Pete Kelly, who performed with Detroit Red Wings in the National Hockey League and with the champion Syracuse team in the American Hockey League, now is a supervisor with the Air Force stationed at Debert, N.S.

Bud Harris, former hockey star with the Edmonton Maple Leafs, is a petty officer in the Royal Canadian Naval Volunteer Reserve.

Former Hockey players with the Lethbridge Maple Leafs in the armed forces now are Andy Young, Cam Burke, Ernie Camyre, Doug Lane, Whitey Rimstad, Don Culley and Riley Mullen, who are in the army. Dick Gray, Garth Busch, Pete Slobodian, Alex Pringle and Nick Negrello are in the Air Force.

Among the players participating in this year's British Columbia Mainland Hockey League as members of the Army team are Wes Highton and Ken Hague, formerly with the Tulsa Oilers; Bess Zorinsky of the Kimberley Dynamiters; Wally Klyne, formerly of Moose Jaw Millers; and Shorty Coombs of Minneapolis.

O'Brien Wins First, Second At Toronto

TORONTO, Nov. 30— (CP) — Four unfinished races carried over from Saturday made up the harness racing card at Dufferin Park today.

Peter Reamore, A. J. O'Brien, New Glasgow, N.S., entry, captured the fifth race, a Class D pace, winning the first heat and finishing second and fourth in the next two. Jackson Henley and Bruce Henry, two Ontario horses, were second and third.

The first race went to Patsy McGregor, owned by H. Ingles of Sherbrooke, Que. Singing Sam, another O'Brien entry was second in the class E pace event with a card of 11-2-1. Lord Durham was third.

Dr. Lee, a Sudbury black gelding, copped the second race while the sixth went to General Lee, owned by J.W. Brown of New Liskeard, Ont.

Remember When

(By The Canadian Press)

The New York State Athletic Commission ruled three years ago today that a fighter could not hold the boxing title in more than one weight division at a time. The change was made as a result of confusion after Henry Armstrong of St. Louis, Mo., fought his way to championships of the featherweight and welterweight divisions simultaneously.

WASHINGTON, Nov. 30 — (AP) — Joseph B. Eastman, defence transportation director for the United States, called upon major league baseball executives today to "explore the possibilities for curtailing travel" during the 1943 season.

Eastman offered several suggestions but said he cannot predict at this time whether they will be sufficient, adding:—

"Accordingly this letter can not be taken as a guarantee of the future."

Hockey League To Get Trial, It Is Decided At Meeting Held Last Night

At a meeting held in the naval barracks last night at which was present representatives of the six teams together with a majority of the officers of the league it was decided to start the hockey league on the scheduled opening date December 15th.

However, whether or not the league will continue depends upon the outcome of the opening games from an attendance standpoint. The league was far from satisfied with arrangements made with the Forum but it was decided to give it a test for two or three games. In these opening games the teams are not asked to post any guarantee. The Forum management, anxious to cooperate, will bear any loss sustained in these first games in order that the boys may juge for themselves just what measure of succes is in store for the league. In the event however of difficulty in meeting demands it was decided that a meeting with the directors of the Forum would be called by the league.

If the league goes through as scheduled play would continue up to around the fifth of March with St. Dunstan's due to studies and C.O.T.C. courses playing only five games to the other teams' ten. However Saints would be playing for double points in their encounters.

Demarco Still Leads Scoring

NEW HAVEN, Conn., Nov. 30 — AP) — Although his scoring during the last week was limited to a single goal and one assist, Ab Demarco of Providence Reds held his place as leading scorer of the American Hockey League, with a total of 26 points.

BENNETT ARRIVES SAFELY IN BRITAIN

LONDON, Nov. 30—Viscount Bennett, former Prime Minister of Canada, returned to Britain by air today after a visit of several weeks in Canada. Viscount Bennett purchased an estate in Britain three years ago adjacent to that of his fellow-Canadian, Lord Beaverbrook at Mickleham, Surrey, where he lives overlooking a valley.

Strike Ends At Huge Ford Plant

WINDSOR, ONT., Nov. 30—(CP) —Officials of the Ford Motor Company of Canada tonight pressed plans for reopening the Company's huge plant which has been closed since last Tuesday by a labor dispute.

President Wallace R. Campbell gave assurance that the Company would resume production as soon as possible after members of the local union of the United Automobile Workers of America (C.I.O.) voted to accept proposals of Ontario Labor Minister Peter Heenan for settlement of the strike.

The settlement proposals call for appointment of an impartial referee to study the issue which gave rise to the strike—employment of 37 women in one department of the plant at wages lower than those paid to men.

Butter Supplies Are Improved

OTTAWA, Nov. 30 — (C P) — Major supplies of butter reaching the Canadian market over the week-end in accordance with a Prices Board order were believed today to have relieved severe shortages which appeared in large eastern centres on Saturday.

Food supply officials said that it appeared concerns holding butter in storage had reduced their stocks in line with Board instructions that Nov. 30 holdings should be 25 per cent less than those of Nov. 1. It was estimated the order would place 11,000,000 additional pounds of butter on the market during the month, an amount equal to half a normal month's requirements.

Royal Edward Chapter Holds Monthly Meeting

The regular monthly meeting of the Royal Edward Chapter, I.O.D.E. was held yesterday afternoon in the Chapter rooms with the Regent, Mrs. H.J. Gordon presiding.

Encouraging reports were received from all the standing committees. The wool committee reported a large number of finished articles turned in during the month. The sewing committe, which meets every Monday and Friday afternoon, is making children's pyjamas, pinafores and other miscellaneous articles.

The meeting was addressed by Mr. D.J. Bonnell, a member of the local war finance committee whose purpose it is to further the sale of war savings certificates and war savings stamps. In a very earnest way he stressed the need of keeping the armed forces fully supplied with all needed equipment and also stressed the fact that the members of the I.O.D.E. could collectively and individually, cooperate by giving not only their dollars but by diverting every 25 cent piece that could be spared, thus helping the war endeavour and saving money for the serious post war period.

The Chapter agreed to co-operate with other organizations and help the sale of stamps at Woolworth's, the Market Building and the Theatres.

A special wartime hospitality committee was appointed to offer in a more organized way the hospitality of the homes to members of the Army, Navy and Air Force.

MONGREL MASCOT KNOWS WAY ABOUT

A NORTHERN BRITISH PORT, Nov. 30 —(OP)— Buster, the mongrel mascot of the sloop H.M.S. Stork was found, a shivering puppy alone on a float in mid-Atlantic. Now, a real sea dog, he is the luck of his ship and when he goes ashore with the liberty men and, as occasionally happens, he loses them, he goes straight to a certain public house and waits until a sailor from the Stork comes in.
