ROTARY

"Broadly speaking, the Canada Carry On Corps should be prepared to do anything at any time anywhere for Canada's war effort."

This was the statement made by the President of the Corps, Walter S. Grant, Past Rotary District Governor, in addressing his fellow Rotarians at the luncheon yesterday.

President Grant reviewed the many activities of the C.C.C. since its organization on June 14th, and explained the functions of the various committees.

He told of the work done on behalf of the troops, the guest children, recruiting, national registration, the Red Cross drive, etc. etc.

For the ambulance fund more than $700 was on hand, and he was confident that the balance of the $1750 objective would be raised.

Among the projects now under way is the division of the city into zones, each to be in charge of a chairman, who will oversee the collection of old magazines and carry on other activities. The big job, however, is to be the organization of King's and Queen's Counties into a Disaster Relief District so that there will be some organization ready in the event of any national disaster. This organization will provide all sorts of services.

The speaker also stated that C. C. C. had provided bugles and drums for certain Island military units outside the province, and he referred to a meeting called by the Mayor to discuss the formation of a Citizens' band.

The 30 C.C.C. concerts in aid of the Red Cross drive, the review at the Exhibition grounds, the dance at Government House, were among other activities dealt with.

In conclusion the speaker appealed to the Rotarians to support to a still greater extent the C. C. C.

Rotarian W. R. Large was in the chair and the guests were Norman Watson of the C. N. R., Electrical Maintenance Division, Montreal, Rev. I. J. Levy, the new pastor of the Charlottetown Baptist Church, and Rotarian George Medforth of Amherst, N. S.

It was announced that the District Governor, T. C. MacNab would make an official visit to the Club on October 21st.

FEEDERS LAMBS SALE

The annual movement of feeder lambs and ewe stock from Western ranges to Eastern feed and finishing lots, while starting earlier in 1940 than in previous years, is not as great in volume as in the corresponding period of 1939.

It is interesting to note, however, that a large entry of both feeders lambs, ewe lambs and range breeding ewes will be on hand for the sale at the Moose Jaw, Saskatchewan, Feeders Show and Sale on Thursday, October 10th, says the Marketing Service, Dominion Department of Agriculture. This annual event has been a mecca for Eastern feeders for a number of years and those who have facilities for feeding and finishing lambs should find this year's Moose Jaw Sale an excellent source for purchasing feeding and breeding stock.

AFTER PROFITEERS

FINANCE

By Frederick Gardner
Associated Press Financial Writer

NEW YORK, Oct. 7—(AP)—Industrial stocks turned downward at the last in todays market.

In the Canadian sections Distillers Seagram, Brazilian Traction, Marconi and Lake Shore Mines moved forward. International Nickel and Walkers were easy. Dome Mines held stationary.

The Associated Press average of 60 stocks was off .2 of a point at 44.8. Transfers totalled 392,290 shares against 466,080 last Friday, lowest turnover for a dull session since September 20.

U.S. Steel and Bethlehem gave ground notwithstanding a substantial upturn in this week's estimated operations for the industry. Output was placed at 94.2 per cent of capacity, an increase of 1.6 points over the previous week and a peak since last November.

General Motors and Chrysler were off fractionally in the face of forecasts of expanding sales and factory activities. Santa Fe was up a shade and other carriers registered minimum declines as better operating revenue for the principal roads were predicted.

On the offside were Sears Roebuck, Douglas Aircraft, Montgomery Ward, United Aircraft, Consolidated Edison, Du Pont, General Electric, Westinghouse, Texas Corp., Anaconda, American Smelting and Western Union.

Senior issues of Pere Marquette and General Steel Castings retained minor gains. Up also were Loft, Johns-Manville, J. C. Penney, U. S. Gypsum and Union Carbide.

Crucible Steel common and preferred, well ahead in the forenoon, backed away a bit at the finish. Early strength in these stocks was attributed to the withdrawal of a stock holders' suit to restrain the proposed merger of the company with a subsidiary.

80—STILL GIVING STRONG

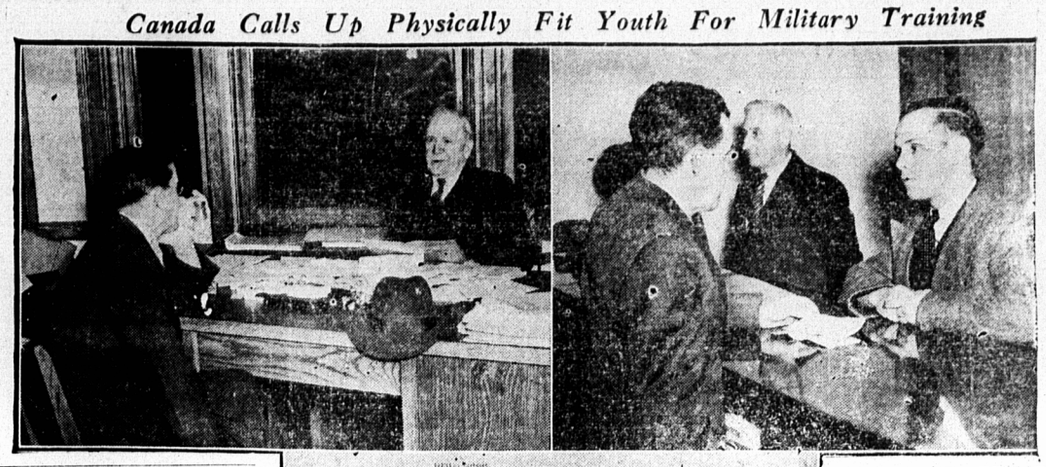
Canada Calls Up Physically Fit Youth For Military Training



Under the direction of Hon. J. G. Gardiner, minister of national war services, 30,000 physically fit young men between the ages of 21 and 24, inclusive, are being called up for military training during the next few days. Shown above are scenes of activity in the Montreal division, largest administrative division in Canada. In upper left, **Mr. Justice A. Trahan**, chairman of the board of administrative division "E," hears an employer who asks that training of his employes be postponed to a quieter season. Such boards ensure industry against disruption. In upper right, **Fernando Bilodeau** asks **Raymond Ranger**, assistant registrar, if he is required to answer the call. He turned 21 on July 14 and wants to know his age class. At bottom is a section of the filing room where detailed medical report is kept for each man called out for military training.—Official Photographs.

Old Nasty's Bombers Can't Wipe the Smiles From These London Faces

It isn't hard to see whose side was winning when the picture at LEFT was taken. It's a view of lunch-hour crowds in the city area of London, and the story of the aerial battle overhead is written on their faces. For all the sleep they miss and all the damage suffered, citizens of the British capital feel themselves rapaid by a grandstand seat at the most thrilling contest in history, and the chance to cheer their champions in the breath-taking game of war. R.A.F. fighters give them plenty to cheer for, routing the Nazi bombers in every day-light raid. At RIGHT is another study in expressions, in one of the great crowds which greet the King and Queen when they tour bombed areas of the city. It was one of this throng who shouted to his majesty as he clambered over a pile of wreckage: "you're a great King." His majesty shouted back: And youre a great people.
