were repulsed. In the midst of this conflict, the Russian reinforcements from Karaul appeared. Had they arrived while the Turks were entering the village, they would, perhaps, have finished the action almost as soon as it had been begun. But now the position taken by those who were beleaguering the Russian trenches, and a part of whom faced about to meet the new enemy, must be reached through some suburban orchards and gardens; and as the reserves ventured upon these, they were used as a natural intrenchment by the Turks—with this difference, that the defenders were prompt to sally from them. It was a curious position; the Turks were, at the same moment, assailants in front, and on their defence in the rear; and, while their original attack was repulsed, they were victorious over the attack against themselves. The hedges, the walls, the vineyards, every bush, served them as so many fortresses. Meantime Ismail Pacha, when he had driven the Russians out of the streets of Citate, had recollected the force he had left at Moglovitz, and bethought him with what object. His circumstances were now altered. He no longer contended for safety; he contended for victory; and he wanted to make victory as complete as possible; he therefore sent for these reserves. They arrived, just as the Russian column from Karaul had been entirely repulsed, with the loss of 250 men, and were dispersing in a disorderly flight, pursued by a sufficient body of horse to prevent them from rallying. The Turkish ranks were now re-formed; and, with new vigour, and augmented numbers, they returned to the assault of the intrenchment, out of which the Russians had never been able successfully to sally. This last effort was triumphant. The Turks burst through the defences, and routed the disheartened troops behind them. About 2400 Russians were slain in the village, among the gardens, and in the field works. A proportionate number were wounded, and, amongst these, two Generals, who are stated to have been killed in the action. We believe that the Turks took not a dozen prisoners—so ferocious was the engagement. They, on their side, had 200 men killed, and 700 wounded. They captured four guns, and all the ammunition and stores in the intrenchments; besides, of course, obtaining the arms of the slain. The village of Citate remained in their hands; and on the next day, and the next again, they held it by force against the vehement efforts of the enemy to retake it. They ranged about the neighbourhood as masters for a few days longer; and, by several brilliant raids and forays, drove the Russians all the way back to Krajova. This division of the invading army now established its head-quarters at Slatina—a more distant and more modest situation than they had recently intended to select; and Europe thenceforward heard no more of the great deed appointed for the 13th of January, viz., the storming of Kalafat. All the Russian combinations were, in fact, arrested and dislocated by this prompt, this brilliant, rush of the Turks upon Citate—a dictate of genius. They saved their post, in the only way in which it could have been saved—by assailing that of the enemy. Such was the remarkable combat of Citate—an action which proves that the Turks know how to attack and to storm intrenchments, as well as how to defend them. We have been the more minute in our account of this event, because some people, at this time, called it "*a waste of bravery.*" No deep insight into the mysteries of strategy is needed to perceive that this exploit, on the contrary, displayed the greatest produce, that it economized the Turkish means and chances, dispersed and disorganized the plans of the invader, and tended powerfully to render his final discomfiture more practicable and more certain. After a short time, still guided by the same steady and circumspect moderation, the Turks retired to their intrenchments at Kalafat, where they had by this time mounted 250 heavy guns. There, and at Widdin, immediately behind it, on the other side of the Danube, they had increased their force to 35,000 men.

THE PROMPT CLERK.

I once knew a young man, said an eminent preacher the other day, in a sermon to young men, that was commencing life as a clerk. He was a young man, said to him, "Now, to-morrow that cargo of cotton must be got out and weighed, and we must have a regular account of it."

He was a young man of energy. This was the first time he had been entrusted to superintend the execution of this work; he made his arrangements over night, hired the men about the carts and horses, and resolving to begin very early in the morning, he instructed the labourers to be there at half-past four o'clock. So they set to work and the thing was done. About ten or eleven o'clock his master comes in, seeing him sitting in the counting-house, looks very blank, supposing that his commands had not been executed.

"I thought," said the master, "you were requested to get out that cargo this morning?"

"It is done," said the young man, "and here is the account of it."

He never looked behind him from that moment—never! His character was fixed; confidence was established. He was found to be the man to do the thing with promptness. He very soon became one that could not be spared; he was necessary to the firm as any of the partners—*Youth's Instructor.*

NOT TOO LATE TO COMMENCE.—As it is never too soon to do good, so it is never too late to amend; I will, therefore, neither neglect the present, nor despair of the time past. If I had been sooner good, I might, perhaps, have been better; if I am longer bad, I shall, I am sure, be worse. To be good after a long time idle in the market-place deserves reprehension; but if I am late sent into the vineyard, I have encouragement to work; "I will give unto this last as unto thee."—*Warwick.*

APPLES.—The crop of apples in New England this year, as it has been in every even year since the Baldwin comes into general bearing, is too large for the demand, and the price has been dropping until they are now dull, in this vicinity and Boston, at $1.25 a $1.50 per bbl., and may be had, delivered at the railroad depots, 30 or 40 miles from Boston, at 30 to 40 cents a bushel.—*Newburyport Herald.*

TO CLEAN PAINT.—Smear a piece of flannel with common whiting mixed to the consistency of common paste, in white water. Rub the surface to be cleaned quite briskly, and wash off with clean water. Grease spots will in this way be almost instantly removed without injuring the paint.

BARLEY!

WANTED a quantity of good clean four-rowed Barley, for which the highest price in CASH will be paid.

GEO. BEER, Jun.

October 4th, 1854.

LOOK HERE.

Hides! Hides!! Hides!!!

FOUR pence per lb. is CASH will be given for any quantity of GREEN HIDES, delivered at the Tannery of the Subscriber.

W. B. DAWSON.

Oct. 21. (All the papers.)

Notice to Travellers.

IT has become an established fact that accidents will happen notwithstanding the care and attention which may be paid to the safety and convenience of travellers. Nevertheless, while the roads, bridges will be left open, and cars run off the track as usual.

It is well enough for the public and legislators to caution designated to "beware," and "take heed," yet these casualties will occur, which result in severe contusions, broken limbs, burns, bruises, &c.

The Mexican Mustang Liniment,

Upon such occasions, is invaluable! The wonderful effects of its wonderful cures are sufficient to convince many, who have tried it, to always carry a bottle of it with them when they are travelling.

Frequent tests have proven it to be efficacious in curing Rheumatism, Piles, Scrofulous diseases, Cancers, Ulcers, Old Sores, Neuralgia, Toothache, Earache, Sore Throat, Sore Breast, Ringbone, Spavin, Cracked Heels, Chafes, Galls, &c., on *Horses and other animals.* It is external in its application, and WE GUARANTEE it to give PERMANENTLY in every case for which it is recommended it.

Many Physicians use it because they can depend upon it—so can their patients.

Farmers and Livery-stable Keepers.

Say time and time have tried, and will not be satisfied without it, after giving it a fair trial. Therefore we say to travellers upon highways and by-ways use *the Mustang Liniment!* It has become universally introduced throughout the United States, British Possessions, and West Indies, that it is almost impossible to step off the cars at any Station without hearing the gay manner of the "Mustangs."

The prices are as follows:—25 cents, 50 cents, and $1 per bottle; the 50 cent being three times as large as the 25 cent, and the $1 size nearly three times as large as the 50 cent size, so that the large bottles are cheapest.

D. TAYLOR, jun. & Co., 25 Hanover street, Boston, General Agents.

Agent for P. E. Island, M. W. SKINNER, and sold by dealers generally. 6m

Sheep Skins, Butter, Wool, &c.

THE Subscriber will pay the highest market price in CASH, for any quantity of BUTTER, WOOL, SHEEP and LAMB SKINS.

ROBERT BELL.

Charlottetown, June 6th, 1854. 9m

For further particulars apply to

DAVID WILSON, Richmond Street.

Sept. 6th, 1854.

Elkington & Co's. Patent Electroplate.

HAS now been before the public since 1841, and after the most severe test of wear, in the vessels of the Royal Mail Steam Packet Company, the Peninsular and Oriental Steam Navigation Company's Screw Steam Ship Company, the Pacific Steam Navigation Company, and numerous Club Houses, Hotels, and Private Houses, in every part of the world, continues to give the most unqualified satisfaction, supplying as it does all the advantages of silver in utility and beauty at a cost less than the mere value of the interest of money upon the cost of silver Goods for a period of seven years, is alone sufficient to purchase Electro Plate, and this, with the now established fact of its extreme durability, makes it a matter of great importance to all purchasers of such articles. It must be evident that the wear of all articles depends on the thickness of the deposit, and the Directors refer with great satisfaction to the award made by the Royal Commission of the Great Exhibition, 1851, for THE FIRST CLASS OR COUNCIL MEDAL for these productions.

A large assortment of the above Goods has just arrived per Cicely, direct from the manufacturers, and is now ready for sale.

WILLIAM HEARD.

Tenders for Steam Communication.

Colonial Secretary's Office, P. E. Island, November 27, 1854.

SEALED TENDERS will be received at this Office until the 27th day of February next, for the conveyance of Passengers and Freight, to contract to run, for one or three years a good and sufficient Steamboat, of competent power, for the conveyance of Passengers, Freight, and Mails, twice a week, between Charlottetown and Pictou, and once in each week between Charlottetown and Bedeque, from the opening of the spring of the ensuing to each year, and on such days and hours in the week as may be appointed for that purpose by the Government.

Tenders will also be received to contract to run, for one or three years, a good and sufficient Steamboat, of competent power, to carry Her Majesty's Mails, three times in each week, between Bedeque and Pictou, touching at such places along the shore each year, and on such days and hours as may be appointed by the Government.

Each of these Steam Vessels must be fitted and provided with good accommodation and capacity for the conveyance of Passengers and Freight; also have on board competent Engineers, and be sufficiently manned, furnished, and equipped for the performance of the service, and be subject to the approval of Commissioners to be appointed by the Government.

GEORGE COLES, Colonial Secretary.

R. R. R.
Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body all foul and corrupt humours, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Theory, although, will never keep the people themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains *in a few minutes.*

They restore the sick and diseased body to *health and longevity.*

To the low spirited and nervous they impart joyfulness, vigor, and a happy flow of spirits.

To the aged infirm, whose constitutions are worn out by decrepitude and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with languor, lassitude, loss of appetite, pleasing dimness of sight, they impart to the recuperative organs a healthy regularity of action.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the waste of manhood, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. Theory quickly and powerfully and effectually free the sufferer from misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.
REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of v ious diseases.

No. 1.—RADWAY'S READY RELIEF.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—RADWAY'S RENOVATING RESOLVENT. —*For the effectual cure of all Chronic and Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—RADWAY'S REGULATORS.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual cathartic.*

R. R. R.—No. 1.—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to stop the progress of a disease, prevent it, disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous Infection, from Contagion, and from sudden attacks of Cholera, Pestilence, Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A FIXTURE IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF. Travellers should not be without it, as accidents—it is always beneficial; he guarantees it is a sure cure for Cholera, if taken in its first symptoms if used when violent epidemics prevail, it will save life.

R. R. R.—No. 2—RADWAY'S RENOVATING RESOLVENT.—We have said that all chronic complaints, in our opinion, require RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, FIFTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will require the RESOLVENT to ensure a cure. The RENOVATING RESOLVENT is direct first to the absorbents, stimulating them into action; and, second to the blood, which it depurates by its alterative action over the glands in the liver, kidneys, bowels, &c. (which are the sewers that nature has established for purifying the blood). You will, after this description, we hope, appreciate how much we have given to the command of the R. R. R. REMEDIES of RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood, and renovates the system. Tumors are removed and discussed by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of consequences, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S RENOVATING RESOLVENT is not only an effectual, but quick cure.

BRONCHITIS.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis, as RADWAY'S. It is in all old Chronic cases where RADWAY'S RENOVATING RESOLVENT will be most appreciated.

Its Practical Effects upon Scrofulous, who are, or blessed with offspring, if the difficulty arises from impoverished organs and incompetency, will find he R. R. Resolvent of great benefit.

DYSPEPSIA, WATER BRASH.—This distressing disorder is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally has a Dull Pain in the side, the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash eructations, with burning sensation, heart burn, pain in pit of stomach, &c. This disease is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals. Regulators, One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public are invited to witness the cure of the following diseases by using the Renovating Resolvent:—

Chronic Rheumatism, Tumors, Ulcers, Scrofula, Skin Diseases, Glandular Swellings, Hip Diseases, Hacking dry Cough, Female Complaints, Cancerous affections, Gout, Syphilitic Complaints, Rickets, Bleeding of the Lungs, Salt Rheum, Dyspepsia, Water Brash, Bronchitis, Tic Doloreux, Consumption, White Swellings, Liver Complaint

R. R. R.—No. 3.—RADWAY'S REGULATORS. —THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—these Regulators are sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will ensure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and scrimonious humors from the alimentary canal.

IMPORTANT TO PILL TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD!

One of RADWAY'S REGULATORS is superior in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make one dose that would be of any avail; the chemists take that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that most deaths are caused by overloading the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce a gentle effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle—there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary constitutions, and two possessing a greater and better power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Costiveness, Indigestion, Dyspepsia, Biliousness, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. FEMALE DIFFICULTIES—Leucorrhœa, &c., they invigorate the Bilious, Nervous, and Irregularities of all kinds. BILIOUS DISEASES —Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Bowels.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, herbs, roots, &c., so that they act quickly and yet act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will ensure a pleasant and easy discharge from the bowels in the morning. In cases where eight or ten of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drug enters into their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly harmless, and do not gripe nor sicken. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. Ask for Radway's Ready Relief, put up in fifteen minutes, send us the label of the bottle you purchase, and inform us from whom you purchased.

RADWAY & CO.,
162 Fulton street, New York.

W. R. WATSON, Agent for Prince Edward Island.

Silent Sorrow.
CERTAIN HELP.

Numerous Extraordinary, Anatomical, Explanatory Coloured, Engravings. In Six Languages. Fifty-third Edition. Price 2s. 6d. in a sealed envelope, pathwaying all Bookseller's or sent post free from the Author, for 42 Postage Stamps.

THE MEDICAL ADVISER on the physical decay of the system produced by delusive excesses, infection, the effects of climate, &c.; with the treatment and remedies for the cure of Author with such unvarying success, since his settlement in this country. Rules for self-treatment, &c.

By WALTER DE ROOS, M.D., 35, Ely Place, Holborn Hill, London. Consulting hours, from ten to one on these matters daily, from 11 till 4. Sundays excepted.

Sold also by Gilbert, 49, Paternoster-row, London; Watt, 11, Elm Row, Edinburgh; Powell, 15, Westmoreland-street, Dublin; and through all others.

Dr. DE ROOS, from long practical experience in the most celebrated institutions of this country and the continent, has had, perhaps, unusual opportunities of observing the peculiarities relating to the physiology, pathology, and the treatment of the disorders referred to in the above work, and having devoted his studies almost exclusively to this class of diseases, he is enabled confidently to undertake their removal in as short a time as is consistent with safety.

PERSONS IN ANY PART OF THE WORLD, may be successfully treated by forwarding a correct detail of their case, with a remittance for Medicines, and they will be returned with the utmost despatch, and secure from observation.

THE CONCENTRATED GUTTE VIVE, or Vegetable Life Drops, are recommended to all who have injured themselves by early excesses, and brought on Spermatorrhœa, Nervousness, Weakness, Langour, Low Spirits, Aversion to Society, Study or Business, Loss of Memory, Dimness of Sight, of the Hands and Limbs, Indigestion, Flatulency, Shortness of Breath, Cough, Asthma, Consumptive Chills, Dimness of Sight, Dizziness, Pains in the Head, &c.

Their almost marvellous power in removing contaminations, Secondary symptoms, Eruptions, Sore Throat, Nodes, Pains in the Bones, Ulcers, Tumors, Scrofula, and all other impurities, must be felt to be believed. 4s. 6d.; 11s.; and 33s. per bottle. The 33s. Packages, and 11s. 12s. are equal to the 11s. £10 packages, by which a still greater saving is effected, will be sent from the Establishment only, on receipt of the amount per draft on a London house, or reserves.

PAINS in the BACK, GRAVEL, LUMBAGO, RHEUMATISM, GOUT, Indigestion, Bile, Flatulency, Headache, Nervousness, Debility, Diseases of the Bladder and Kidneys, Stricture, &c.

THE COMPOUND RENAL PILLS, as their name Renal (or the Kidneys) indicates, are the most safe and effectual remedy for the above dangerous complaints, Discharges of any kind, and Diseases of the Urinary Organs generally, which if neglected, frequently terminate in stone in the bladder, and a lingering, painful death. They agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and will effect a cure in all cases where others have utterly failed. Price 4s 6d., 11s., & 33s. per Box, through all Medicine Venders.

GUARD AGAINST the recommendation of spurious or other articles by unprincipled Venders, who thereby obtain a large profit. To protect the PUBLIC against FRAUD, Her Majesty's Hon. Commissioners have directed the words "WATSON DE ROOS, LONDON," to be printed in white letters on the Stamp affixed to the above, to imitate which, is forgery.

Sold by Von Leutzgy, Loll Bazaal, Calcutta; Ashton, Richardson & Co., Mount Road, Madras; Hulse & Nephew, Agra; Trenchen & Co., Poonah & Kurachee; Experance & Co., Bombay; Smith & Co., Scinde; Dodsworth & Co., Colombo & Kandy; and obtainable through all Medicine Vendors, of whom also may be had "THE MEDICAL ADVISER;" or should difficulty arise in procuring any of the above, enclose the amount by draft, or otherwise to 35, Ely Place, Holborn Hill, London, and they will be sent securely packed, per return.
