Currencies

NEW YORK (CP) — The Canadian dollar was 1-32 lower at a premium of 3 5-32 per cent in terms of U.S. funds Monday. Pound sterling 1-32 higher at $2.78 5-16.

Toronto Stocks

TORONTO (CP) — The stock market recorded a solid advance Monday but trading, although improved over Friday, was still at one of the slowest paces in two years.

Investors were scared away from the trading post at the open following weekend news of the troubled international situation. But in afternoon dealings, after it was reported that Egypt had surrendered Port Said to British and French troops, activity stepped up a bit.

Noranda and Hudson Bay, ahead 1½ points led the base metal index to a 1¾- point advance. Other seniors were changed fractionally.

Junior base metal advances ranged to 25 cents but were mostly confined to 10 cents. Losses were smaller. Golds and uraniums recorded a few good gains but generally were little changed from the previous session.

Western oils recorded a 1¼-point index gain. Calary and Edmonton was a good winner, climbing 25 cents. Triad, an index stock, lost 45 cents but Canada Southern Pete gained 35 cents and Central Explorers 25 cents. Other price changes ranged to 20 cents.

Index gains: golds .38 to 80.24; base metals 1.81 to 234.63; western oils 1.21 to 154.88.
