I DON'T CARE IF I DO!

I know you don't. But somebody else does. Everybody ought to care. Everybody don't, and so you don't care, and that is what makes you so careless. In our short walk down Broadway the other night we heard that little sentence—'I don't care if I do'—three times; and every time we felt, that if the speaker did not care, somebody that he should care for, did care. There is no harm in the words, it is only in the tone, manner and meaning, and in the way they are applied. They had a meaning each time we heard them, and each time meant a different thing, and each time advanced the speaker one step nearer the point—the point of—'I don't care if I do.'

Two gentlemen—of course they were, their tailors had both pronounced them so—we pronounce one of them a black-logged gentleman, the other we know to be what everybody calls a gentleman. He is a gentleman merchant—a clerk in a dry goods store—a retailer of tape and calico; but it is a genteel business. The other is a gentleman of leisure. Arm in arm they walked down Broadway, and when opposite a house with cut glass and colored poison, Leisure says to Business: 'Let's go in and have a drink.' Business replied: 'I don't care if I do.'

There was a young wife sitting alone in her ill-furnished, comfortless room at home—lonely! No! At a cheap rate she can afford any-better boarding house. She does care. For in that house, where her don't-care husband went, there is a bar, and facilities for spending 'a social evening,' not with his wife, but with 'gentlemen of leisure,' in a place that common parlance calls 'hell.' If it is not there, I-don't-care-if-I-do will find it little beyond, and in a few years his gentlemen-of-leisure friends will not care how soon he goes there, because they will say of him then, 'He is completely cleaned out.'—Yes: cleaned out of money, credit, business, home—his poor young wife has answered an invitation from a sympathizing friend to come and stay with her, 'I don't care if I do.'

I don't care if I do—go to ruin—should be hung up as a sign to every young man that is invited by a gentleman of leisure to enter one of these don't-care-if-I-do houses, where the only care for him is to get his own honest earnings, and all that he can be induced to obtain from his employer, by saying I don't care if I do—take it, nobody will know it.

Two young girls were on the walk before us. They were talking busily, as girls always are, but what did that concern us? We cared for nothing listened for nothing, in spite of the eternal rumbling of a thousand wheels, those same words came again to our ears out of the chaos of omnibus thunder and roar of human voices—'I don't care if I do;' and this time, with a sadder meaning than before, for they told of years of woe, sorrow, and repentance when it will be too late for one of those young girls—one yet innocent and pure, but alas, how long can she remain so, after speaking such fatal words.

'Oh, Lizzy, don't do it—come home with me—you will break mother's heart if she ever knows it.'

'I don't care if I do. I am not going to work so all the time, and then she scolded 'cause I want to go out evenings and have a little fun once in a while. George don't like to come to our house, 'cause he says mother look so suspicious at him always, and so I mean to go, where he is not afraid to come. I am sure I don't see what mother sees in George to be so set against him.'

'Why, Lizzy, she sees that he don't work any, has no business, no income, and he drinks.'

'I don't care if he does—so does everybody, except a few old sober-sides; and if he don't work, he always has money and good clothes.'

'That is what mother says; and she is afraid you don't know how he gets them.'

'I don't care if I don't know. What's the odds? He says he knows how to make more money than those that work, and can always give me plenty.'

'Oh, Lizzy, do come home; pray do, and mother will forgive you.'

'Forgive me! I should think she had better wait till I do something to need her forgiveness. What have I done, pray?'

'You have set mother almost crazy by going away from home; and I am afraid if you remain away that you will get to ruin.'

'I don't care if I do; I am not going to be snubbed up and not allowed to have any company and—'

Here came half a dozen omnibuses in a drove, and in spite of sharp ears wide open we lost the rest of the dialogue; but the words, 'I don't care if I do,' have been ringing in our ears, since we heard them from that girl's lips and we have now wrung them out to ring in yours, till you will say, 'I don't care if they do, since I can draw a moral lesson from them.—*N. Y. Tribune.*

WHAT HE LACKED.—While Daniel Webster was Secretary of State, he was present at a ball, when a fop said to him, "Don't you dance, Mr. Webster? I never see you dancing?" "No," said Mr. Webster, "I never had the capacity to learn how, sir."

FRENCH FOR WAFER.—*Petit petit a cachiet*—A little loaf of bread, for concealing things.

A HARDSHIP WAS—The following appeared in the *Limerick Chronicle* a day or two since, in the shape of an advertisement:—"An extensive landed proprietor on the banks of the Shannon will make a waiter of Sidney, that he has the handsomest wife, the handsomest nine children, and the handsomest estate in Ireland. Application to be made to J. F. E. G., Eyres' Hotel, Glin, County Limerick."

Somebody wants to know whether it is only "dreamy rivers" that have beds!

R. R. R.

Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

'THREE GREAT REMEDIES'

The attention of the public is particularly directed to the three quick and powerful remedies discovered by RADWAY & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body the germs of disease, purifying humors, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that wherever these remedies are introduced, in union with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Theory will never fail, but will prove themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains in *a few minutes.*

They restore the sick and diseased body *to health and the pearly.*

To the aged infirm, whose constitutions are worn out by decrepitude, and those palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with hunger, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs healthy regular vigor and tone.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the *waste of manhood*, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from pain, misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.

REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of violent diseases.

No. 1.—RADWAY'S READY RELIEF.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—RADWAY'S RENOVATING RESOLVENT. —*For Purifying the Blood and Curing the most Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—RADWAY'S REGULATORS.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual cathartic.*

R. R. R.—No. 1.—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever may be against all poisonous infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Liniment for Rheumatism, Neuralgia, and removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent spasms, whether of internal—Nervous, Neuralgic, Bilious, or Rheumatic.

A FIXTURE IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he guarantees it is a sure cure for Cholera, if taken in the first symptom. If used when violent epidemics prevail, it will save life.

R. R. R.—No. 2—RADWAY'S RENOVATING RESOLVENT.—We have said that for all chronic complaints, we recommend our RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will experience the RESOLVENT to ensure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into activity, to absorb the diseased matter, which is depurates by its alterative action over the glands the liver, pancreas, kidneys, &c., (which are the excretory ducts,) and is established for purifying the blood. You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. The medicine is compounded to expect it purifies the blood, and renovates the system. Tumors are removed and diseased by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of concomitants, here find a certain and infallible cure; and Consumption, too, often finds its master. Dyspepsia, Liver Complaint, WATER BRASH, burning sensation, heart burn, pain at pit of stomach, &c. This disease is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Bowels are regular, the progressing a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Renovating Resolvent, viz.:

Chronic Rheumatism.	*Tumors, Ulcers,*
Scrofula.	*Skin Diseases,*
Glandular Swellings,	*Dropsy, Dysentery,*
Hacking dry Cough,	*Female Complaints,*
Cancerous Affections,	*Gout,*
Syphilitic Complaints,	*Rickets,*
Bleeding of the Lungs,	*Salt Rheum,*
Dyspepsia, Water Brash,	*Bronchitis,*
Tic Doloreux,	*Consumption,*
White Swellings,	*Liver Complaint.*

R. R. R.—No. 3.—RADWAY'S REGULATORS. THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—One Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will insure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly the corrupt and acrimonious humors from the alimentary canal.

IMPORTANT TO FEMALE TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior, in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition; the inert and active principles are combined together, and the pills are given in the common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make more than half a pill, the balance being made up of that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that more pills are administered by regular physicians in one useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect. To overcome a disease with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Theory proves to the world, on this principle—there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a guarantee and strength power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Costiveness, Indigestion, Dyspepsia, Liver Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. FEMALE DIFFICULTIES.—Leucorrhœa, Fluor Albus, Whites, and Irregularities of the Uterine. BILIOUS DISEASES.—Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, roots, and herbs. There is no alcohol in them that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with perfect safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will insure a regular and healthy discharge from the bowels in the morning. Two or three eights or tens of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drugs enter into their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find Relief from pain in fifteen minutes, send to the label of the bottle you purchase, and inform us from whom you purchased.

Notice to Travellers.

IT has become an established fact that accidents will happen on railroads, notwithstanding the care and attention which may be paid to the safety and convenience of travellers. Explosions will take place, bridges will be blown up, locomotives run off the track as usual.

It is well enough for the public and legislators to caution companies to "beware," and "take heed," yet these casualties will occur, which result in severe contusions, broken limbs, bruises, &c.

The Mexican Mustang Liniment,

Upon such occasions, is invaluable! The wonderful effects of its soothing and healing properties have induced many, who have tried it, to always carry a bottle of it with them when they are travelling.

Frequent tests have proven it to be efficacious in curing Rheumatism, Piles, Scrofulous diseases, Cancers, Ulcers, Old Sores, Tumors, Headache, Earache, &c. Also Spavin, Ring-bone, Scratches, Cracked Heels, Chafes, Galls, &c., on *Horses and other animals*. It is of universal application, and WE GUARANTEE IT to cure PERMANENTLY in every case for which we recommend it.

Many Physicians prefer it because they can depend upon it—so can their patients.

Farmers and Livery-stable Keepers.

Say they WILL have it, and will not be satisfied without it, also giving it a fair trial. Therefore we say to travellers upon highways and by-ways *use the Mustang Liniment!* It has become so thoroughly introduced throughout the United States, British Possessions, and West Indies, that it is almost impossible to step off the cars at any Station without seeing the gay banner of the "Mustangs."

The prices are as follows:—25 cents, 50 cents, and $1 per bottle; the 50 cent being three times as large as the 25 cent size, and the $1 size nearly three times as large as the 50 cent size, so that the large bottles are cheapest.
