POST-WAR AIRCRAFT

LONDON — (CP) — Second commercial aircraft to be developed from the Lancaster bomber, the Tudor I will be introduced during the coming summer. Officials of A.V. Roe and Company, Ltd., aeronautical engineers, described it as a fast trans-Atlantic plane. Nearly ready for service is Tudor II, which, carrying 68 passengers, is much larger but has not the long range of the Tudor I.

STOCK QUOTATIONS

Stock Markets At A Glance

CHICAGO, March 13 — (AP)— Grain futures were steady to strong in fairly active trade today. Short covering started an upward swing in wheat at the outset, but profit taking shaded the top for the day.

MONTREAL, March 13 — (CP) Selected papers and industrials continued today to make progress from the low levels reconversion worries and profit-taking pushed them last week and junior mines were not quite so active as recently in transfers on the Stock Exchange and Curb Market. Utilities struck a downward note.

Quebec pulp preferred was featured in trading in papers, closing 5 points higher following Monday's 3 1-2 jump. Rises in the Stock have coincided with developments dealing with the reorganization of the bankrupt company.

WINNIPEG, March 13—(CP) — Rye futures displayed considerable strength today on the Winnipeg Grain Exchange and at the close were up 3-8 to one cent.

Cash prices: Oats 1 feed 50 1-2; 2 feed 49; 3 feed 47; other grades 51 1-2 cents.

Barley—all grades 64 3-4; screenings 9.00; rye 1 C.W. 130-5-8; 2 C.W. 1.30 5-8; 3 C.W. 125 5-8; Rej 2 C.W. 107 1-8; track 131.

NEW YORK, March 13 — (CP)— Stock generally lifted in the early part of today's market but late buying support stiffened many leaders and closing prices were no worse than slightly uneven.

Both bids and offers were exceptionally light throughout—transfers of 760,000 shares compared with 920,000 Monday and were the smallest for a full stretch since Nov. 27—and this tended to alleviate to some extent fears of threatened government steps to stem speculation.

The Associated Press 60-stocks average was off .1 of a point at 61. The market lacked breadth. Of 890 issues registering, 362 were down against 528 up or unchanged.

In the Canadian list, Hiram Walker was a feature, gaining 1-1-4. Distillers Seagram moved ahead 1-2. Dome Mines slipped 1-8.

TORONTO, March 13 —(CP) — The trading tempo eased off moderately in today's Toronto Exchange session to 1,940,000 shares against 2,440,000 shares on Monday and the price tone showed strength in the final period. The industrials and Base Metals held index gains of .30 and .20 respectively while the Western Oils were up .03 finally. The gold group dropped .18.

The action bulked in the junior golds and Western Oils. Quemont was again in the spotlight. It shuttled up and down between 2.75 and 3.25 and closed at 3.20, for a net gain of 22 cents. Trade in Quemont totalled 216,000 shares Some of the juniors showed heavy volume. Buffalo traded 190,700 shares and advanced 7 cents to 38. Heva Cadillac traded 170,000 shares and gained 2 cents to 34 and in the oil list East Crest had volume of 176,000 shares on a gain of a cent to 19. Other penny stocks showing volume of 40,000 shares or better on small gains included Bobjo, God's Lake, Hallinwell, Homestead Oil and Gas and Wiltsey-Coghlan.

Jewish soldiers with the Canadian forces in Belgium are shown entertaining children in the liberated areas at a party organized by Capt. Samuel Cass, Vancouver Rabbi serving as chaplain. Many of these children were saved from the hands of the Nazis by being hidden in the homes of Christian friends. The photograph was taken by the official photographer of the Canadian Army Overseas.

ONE DROP OF BLOOD
may save his life!

There has been an accident at the plant. John Doe has been seriously injured and rushed to the hospital. Only an immediate transfusion can save his life. The *right type* of blood will sustain life; the wrong kind will be fatal. Who knows which of John Doe's willing relatives or friends has the *right type* of blood?

No one knows : : : unless these potential donors have been previously blood-typed. Only one drop of blood is needed to establish the classification; but that one drop, analyzed and typed, will save precious minutes—and may save a life.

To obviate delay in selecting the right donor for a transfusion, the St. John Ambulance Brigade has undertaken to blood group, free of charge, as a First Aid measure, all those employed in industry or other fields where such action is helpful. Each person typed is given a card showing his or her blood group. A duplicate card is given to the authorities so that when an accident occurs requiring a transfusion, a suitable blood type can be selected immediately.

Members of the St. John Ambulance Brigade also assist the Canadian Red Cross Society in collecting blood from volunteer donors. The dried serum has been principally used by His Majesty's Armed Forces and by bombed victims in Britain.
