Optical Results

Every Optometrist looks for results from his work. If he isn't get good results from his corrections he gradually loses his standing and his patients drop off. We are getting results from our corrections and that is the reason our Optical business is increasing. Our Optical Service is superior. Patients tell us that before we came to Montague they had to go to Charlottetown or elsewhere to have any special work done. Now, that is all changed and they can get all special work done at home. We have the most modern scientific instruments for the detection of eye defects. So if in need of glasses come to us and get your eyes tested and insure best results.

BOYS LONG FOR HOME.

Mrs. John M. Campbell Peakes Station has received the following letter:

Dear Mother. Your welcome letter reached me today and found me in the best of health. We are having a rather easy time now, not much to do just waiting the time to come when we will be going home. Mother wasn't it sad about poor Jay Crahan and Emmett Allen getting killed when the war was so near to the end! I only hope that none of your people get that gripe epidemic, its an awful thing it has surely taken a lot away from Massachusetts. Say mother I

have written to George once since I've been in France but never got an answer to it so perhaps he never received it. We haven't had any snow here yet and we are about 60 miles from Belgium. We thought we were going to Germany but are not sure if we will go or not; now, but any way we are sure of getting home by April or May, that's what we all think. How is father and all the rest of the crowd? I will close for now will write soon again your loving son.

It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick rest and relief from the pains of sprains, bruises, backache, stiffness, and most forms of rheumatic twinges.
