KIDNEY DISEASE
COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills

SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

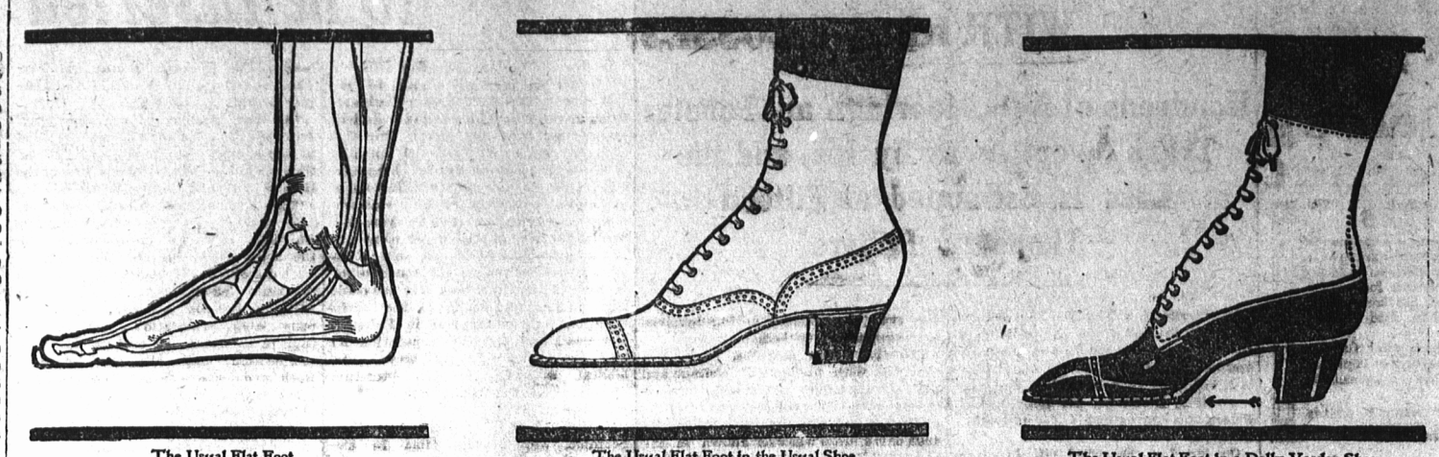
HIGH ARCH AND HIGH INSTEP

"ONE OF THE 14"



The Usual Flat Foot — The Usual Flat Foot in the Usual Shoe — The Usual Flat Foot in a Dolly Varden Shoe

No woman can have a clever foot without a high arch and high instep and no woman can have these vital foot beauty requisites unless her arch is firmly supported from below.

Flat foot is common to everybody in a marked or moderate degree. If marked, pain and inability to walk are the penalties. If moderate, an even greater feminine penalty is inflicted—ugly feet.

The foot is a chain of small bones held together in an arched position by powerful ligaments and muscles. The pressure from above stretches these ligaments and muscles, letting down the arch and instep in a flat position. The extent of the flatness depends upon the strength of the muscles. The strong suffer less than the weak, but all suffer either the disease of flat foot, or the humiliation of low instep, low arch and foot homeliness.

Dolly Vardens are built with a newly devised steel arch, powerful but pliant, which absolutely prevents flat foot, relieves those afflicted with the disease, and gives the wearer who wants smart, dashy feet, the enviable high arch and high instep.

Our agent in your city will take pleasure in showing you High Arch, High Instep, Dolly Vardens. Purchasers or investigators equally welcome. In the States or Canada at the same price—$5.00 and $4.00. Every pair Goodyear Welted. (To be continued.)

Prowse Bros., Agents, Ch'town.

To grow Turnips successfully, an early vigorous growth is necessary, thus ensuring a healthy plant to withstand the fly and other pests. Swift's "Animal Brand" Fertilizer gives this result, and also carries the plant to maturity and an abundant harvest. Selling at lowest prices by—A. Horne & Co.
