Belgian Troops First to Leave

BRUSSELS, March 14.—The Belgian government informed Premier Poincare at yesterday's conference that it would be impossible to augment under any circumstances the Belgian contingent of about 5,000 troops in the Ruhr. Furthermore, M. Poincare was told Belgium would not be a party to any negotiations with Germany to which Britain was not bidden. M. Poincare and the Belgians however, announced they will evacuate the newly occupied territory progressively as Germany pays just as the Prussians evacuated France fifty years ago. Therefore M. Poincare pointed out that as Belgium would receive the first payments from the Ruhr her troops could leave first.

Greater is he who conquers himself than he who conquers a thousand.

Distillers Dried Grains
(FEED FOR COWS)
A very bulky feed much used by cattlemen making good milk records. It has a high protein and fat content and thus relieves the use of the heavy concentrates Cottonseed and Oilcake to a considerable extent.
Just arrived one carload (20 tons). We are supplying the Experimental Farm, the P. E. I. Government and Burnbury Farm where cows are kept continually on test, and whose proprietors have experience in mixing good rations. Try a bag of this excellent feed only $2.25 per bag of 100 lbs. Ask us for special prices on ton lots and over. Every Dairyman should feed this great milk producer.

The hotel is filled to overflowing and a number are stopping at private houses.

P. W. C. DEBATE.—The regular weekly meeting of the Prince of Wales College Debating Society was held in the College on Tuesday, March 13th. The speakers of the "pro" side contended that the subject "Resolved that the Press exerts more influence than the Pulpit," was very one-sided, but the speakers of the "Conn" side and the result of the vote showed the subject to be quite debatable. The speeches were well-prepared and rich in illustrations, biblical references and quotations from noted literary men and the delivery, though in some instances not up to the usual high standard, showed considerable improvement over the former efforts of these speakers, and improvement is the real test of merit. The critic, Miss Owen, in a few well chosen remarks, commended the speakers on the preparation of the subject matter. The Honorary President offered a number of suggestions for the improvement of future debates and urged the members in future to make their delivery as forceful as possible. We hope to see these suggestions adopted in subsequent debates. Speakers—Pro. Max Linkletter, Nellie Reid, Watson McNaught. Eleanor McNevin. Con.—Hillard Clarke, Addie Ward, James Buell, Jean White. Critic—Selma Owen.

FIRE IN FLUE.—The firemen were called out about 7 p.m. last night for a blaze in the flue of Mr. C. R. Smallwood's residence North River Road. No damage is reported.

THE PLOT THICKENS.—Not only are the hotels at Borden and Sackville crowded to capacity as a result of the railway tie-up, but since Tuesday it is reported that the car ferry itself has become a floating hostelry and about sixty passengers are remaining on board and will have to remain on board for the present, making whatever trips back and forth across the Straits the ferry makes, until other accommodation is available Among those on board are about fifty lumbermen returning to various parts of the province.

SAD DEATH OF LITTLE GIRL —Mr. and Mrs. Ernest Barlow, city, are receiving the sympathy of their many friends in the sad loss of their little daughter, Amy Elizabeth Ann, aged fifteen months, whose death occurred Monday night from shock following an accident at the supper table Saturday night, when she spilled some scalding hot tea on her arm. The little girl was recovering from an illness at the time and had been getting along nicely. The intense pain caused by the accident was evidently too much for her constitution and she went into convulsions which terminated in her death. The funeral took place yesterday morning to St. Peters Cemetery Rev. Mr. Malone officiating. Mr. Barlow is a returned soldier and is the popular caretaker of the G.W.V.A. building.

ROUGHING IT.—Messrs. N. E. Myrer, city and L. H. Ludington, Montreal, arrived home by team Tuesday afternoon from Borden after being stalled at Sackville for five days. They left Sackville at 3 a.m. Sunday, arrived at Tormentine at 6.30 Monday morning left on the car ferry an hour later and reached Borden at 11 a.m They were informed that after the first two meals their board at Tormentine would be paid by the railway. But they could find no sleeping accommodation and the car ferry was crowded as were the hotels. Five mail teams were leaving for Victoria and they left with the teams at 2 p.m. arriving at Victoria at 6 p. m. half frozen on the mail bags. At Mr. Profitt's hotel they got thawed out and secured a welcome night's lodging At 9 o'clock Tuesday morning they left with Mr. Large's team and reached Charlottetown at 5 p.m. It was an extremely disagreeable trip, and they do not recommend it as a winter sport. Several times they had to get out and break the road in front of the team, particularly from Victoria to Bonshaw and once they got two miles off the road, which was snowed up Had another storm struck them there was more than a probability of losing the way altogether. The experience while it lasted was a real North Pole adventure. Mr. Myrer is staying at the Revere and Mr. Ludington at the Victoria Hotel.

FATHER JOHNSTON LECTURES—The following is taken from the last monthly report of the Montreal Council, Knights of Columbus. Rev. Father Johnson is a brother of Hon. J. J. Johnston, K. C., Attorney General, Charlottetown: Gone is the opportunity for you to hear two most enjoyable lectures. The first took place at our regular meeting of February 9th. The lecturer was Brother W. L. Scott, a prominent barrister at Ottawa, and a member of Ottawa Council. His subject, "Eastern Catholics," was replete with interest. It was treated with completeness in a masterly way. An eloquent and generous vote of thanks, extended to the Lecturer by our zealous and beloved Chaplain, was passed with an unanimity that bespoke the sincere appreciation of all present. We hope Brother Scott will come again The second Lecture was given at our meeting of February 23rd. Our respected and reverend brother, Father Johnston, of St. Mary's, lectured to us on Thomas Moore, "Ireland's Poet," (or rather, he was "Ireland's poet," but is the poet of all English speaking peoples,) the lecturer reminded us. Father Johnston, too, inimitably interpreted for us several of the poet's songs of the land and of the friends he loved. The local journeying of the poet, with its reminder in "The Canadian Boat Song," was of particular interest. With an original poem, comparable to the poets best and a quiet, sparkling, and "humane" wit that encharmed us, Father Johnston made us his debtor.

Life Was Burden Says This Man

John McNee's Condition was such that His Arms and Legs felt as if they were cracking Every Time he Moved—Stomach Trouble, Constipation and Indigestion cured by Dreco.

John B. McNee, of Fredericton, N. B., is a farmer and like the average farmer his life has meant hard work, exposure and a certain amount of worry. At the age of 62 he found this had told on him and the penalty was a stomach that did not function properly; constipation and rheumatism. Now John McNee is another man. He has taken three bottles of Dreco and in three weeks he has gained six pounds in weight and his general condition is wonderfully improved.

"I was troubled so with rheumatism," says Mr. McNee, "that at times I thought every bone in my arms and legs was cracking, the pain was so severe. My kidneys were also very weak and I had a poor appetite. The little that I would eat would sour in my stomach and gas would form after each meal. I suffered terribly with constipation and was always looking for strong laxatives which gave poor results. That naturally kept me in a weak condition. Living was really a burden to me.

"I thank the day I started taking Dreco as it has made a new man out of me. I can enjoy my meals now. The gas and the pains in my stomach are gone. My kidneys are in a fine condition, better than ever. The rheumatism in my joints is practically gone and my bowels are regular. I sleep all night, like a boy of 10. I am continuing the treatment and am sure I will get the best of results."

There are many farmers and city people who suffer just as Mr. McNee did. Such conditions are unnecessary when one or two bottles of Dreco, that wonderful root and herb corrective, would make things right.

Dreco is being specially introduced in Charlottetown by E. A. Foster. It is also sold in Summerside by Gallant Drug Co. Limited, and by good drug stores everywhere.

As a fellow "St. Marian," Brother (Doctor) Duckett moved the vote of thanks, which was seconded by Brother "Dave" Murray, Brother Murray, it is well known, is as intimately acquainted with Moore as with Burns. This familiarity does not arise, entirely, from the fact that the both were, and our worthy brother is, connected with the Excise Service ! ! !

Vilna and Galicia Ceded to Poland

PARIS, March 14.—By decision of the Allied Council of Ambassadors rendered today fixing finally the frontier between Poland and Russia, the Vilna district is attached to Poland. This decision comes as the culmination of the long dispute between Poland and Lithuania and dramatic incidents beginning with the raid on Vilna by the Polish General Seelgouski in 1920.

Besides Vilna, Poland gets Eastern Galicia, which practically satisfies all her remaining territorial aspirations that they would not have had, had not a treaty been passed upon.

IN MEMORIAM

MR. CHARLES J. MacDONALD

Departed this life at Milltown Cross, P. E. I., January 25th, 1923, Mr. Charles J. MacDonald, after a short illness at the age of 53 years.

He leaves to mourn his wife and the following family:

Neil MacDonald of Idaho, U. S. A., S. E. and C. B. MacDonald and two daugrters, Hannah, Margaret and Harriet, Florence at home. The surviving brothers and sisters are Angus and John MacDonald, Alliston, Lot. 63, P. E. I.; Peter of Maine, U. S. A.; and Mrs. John P. Beck, White Sands, P. E. I.; Mrs. Arthur Bears, North Sydney, C. B.; Mrs. Wm. Buchanan, Somerville, Mass., U. S. A.; and Mrs. Wm. Judkins, South Paris, Maine. The deceased leaves a host of friends and relatives, and was highly thought of by all who knew him.

Mr. MacDonald was a true believer in his Lord and Master. He was a member of the United Baptist Church for the last twenty years of his life, and died with a brighter view of his home beyond Jordon.

The funeral service at the home and grave was conducted by Rev Mr. Neilson, Montague, the body was laid to rest in the Brooklyn Cemetery.

Peaceful be thy silent slumber,
Peaceful in thy grave so low,
Thou no more will join our numbers
Thou no more our sorrows know,
Yet again we hope to meet thee,
When the day of life is fled,
And in Heaven with joy to greet thee
Where no farewell tears are shed.

If Kidneys Bother Try Dose Of Salts

Drink Quart of Water if Your Back Hurts or Bladder Troubles

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder diorders often come from sluggish kidneys.

The moment you feel like a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kdneys at least twice a year.

STILL-BORN

A terrible tragedy is reported from Suburbia. It appears that a lady recently wrote to an evening paper to say that she, at least, had found the perfect husband. Unfortunately, her letter was never published as the gentleman in question forgot to post it.

CAUSTIC

He had refused to buy her a new dress, yet she made no complaint. "You don't ca't me a brute any more," he said tauntingly.

"No," she depl'ed; "the brutes have been maligned too much already."—Boston Transcript.

TRUE LOVE

"John," she said timidly "are you sure—perfectly sure—certain you love me?"

"Darling," he murmured, "If I don't you'll have the n after the preache through!"
