The inspectors operating under the Restricted Area Plan are making very fair progress with their work over a front extending from Savage Harbour along the East River to Charlottetown, and through to the South Shore.

The line of advance is westward from all points along the front and the proposal is to test the cattle in every school district as the line advances, until Summerside has been reached. A fresh line of action will be decided upon after that date.

Too much emphasis cannot be laid upon the necessity of co-operation by the cattle owners of the Province. In many cases to date it had been found that the cattle have to be gathered from the pastures after the inspectors have arrived at the house. This should not be so, as a great deal of time is lost and expense added if the inspectors are compelled to wait only a few minutes at each place. Breeders are therefore urgently requested to keep in touch with the movement of the veterinaries and gather their cattle together and have them tied at the stable in complete readiness for the inspectors.

The application of the test will be made on Thursday, Friday, and Saturday of each week. Then a return will be made over the same territory on Monday Tuesday, and Wednesday, for the purpose of reading the test. In cases where young cattle are out to commons or separated from the main herd, and pasturing at a distance from the building, an effort should be made to assemble the cattle at or near the building a day or so in advance.

Announcement as to the movement of the inspectors will appear in the Press and at convenient places throughout the Province.

Another matter that must be kept in mind by breeders has relation to the giving of meals and lodging to the inspectors. According to the Act governing the work, which is now law in this province, the cattle owner is to give every facility and co-operation to the inspectors in their work, and provide meals and lodging for them. The breeder is also supposed to provide transportation to the next stoppingplace. This responsibility however, has been assumed by the Provincial Government, which has supplied cars and drivers for that purpose. We believe that our farmers appreciate this assistance, and will gladly co-operate with the inspectors in the matter of meals and lodging, and in every facility of the work in general.

PAINS IN BACK AND SIDES

Ended by Taking Lydia E. Pinkham's Vegetable Compound

Fusilier, Sask.—"For two or three days every so often I would have such pains in my back and sides that I could not do anything—could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks live in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and have been thankful for it ever since. After taking the medicine for three months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial."—Mrs. HELEN BALANOFF, Fusilier, Saskatchewan.

Often some slight trouble will cause a general upset of the system. Such symptoms as nervousness, painful times, irregularity, backache and headache indicate some form of female weakness.

Women so bothered should give Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is reasonable to expect that it will help you. Try it today. Your druggist sells this medicine.

Mr. Burrows was assisted in receiving the guests by Mrs. Gane Morris, of Charlottetown, who also presided at the tea table. The others present included Mr. W. R. Mrs. and Mr. Sidney Thomas, London, England; Mr. Walter Davidston, Worcester, Mass; Mr. James Whitlaw, Montreal; Mr. and Mrs. A. —FOXES STOLEN—Mr. Frank Glover, who lives at Kelvin, about one and one half miles from Kensington had all his young silver black foxes stolen and also lost three of his breeders early Sunday morning. When Mr. Glover went out to his ranch at the usual hour Sunday morning he found it empty of foxes. He looked around and saw that the outside guard fence had been cut with pincers or some instrument from the ground up, the fence about five and one half feet, just big enough that the wire could be pulled aside to allow a man to enter. After discovering his loss Mr. Glover found three of the old foxes near the ranch but could find no trace of the 14 pups or the three breeders. It looks as if the thieves entered and stole the young foxes and after taking the pups out failed to close the doors of the pens and then the old foxes wandered outside. Mr. Glover heard his dogs barking in the barn about 3 o'clock Sunday morning but as the dogs quite often barked at night he did not think that anything unusual was happening. This is Mr. Glover's first year in the fox business and his loss, unless the foxes are recovered, is a heavy one.

Notwithstanding the excessive heat of last evening, a fairly large congregation assembled in St. Peter's Cathedral to hear a sermon by the eloquent Co-Adjutor Bishop of Nova Scotia, the Right Reverend John Hackenley.

The Rev. E. M. Malone took the evening service, the singing of which by the Choir was excellent. The Rev Aarchdeacon White read the lessons.

His Lordship took as his text, 2 Chronicles, 1:13: "Then Solomon came to Jerusalem from before the tabernacle of the congregation, and reigned over Israel." The preacher sketched briefly the conditions upon which King Solomon reigned wisely and well, through his acknowledgement of God as the source of his wisdom, enlightenment, and power. This was the underlying principle of Solomon's reign until in the greatness of his power he forgot God. Then in the end it was sad.

Solomon's record, said the Bishop was a useful and inspiring lesson for the men and women of this age. It was the share of each one to rule and then to serve, each had a part to play in the community in which he or she lives. If help be sought of God the rule will be a wise and a prosperous one. It was a lesson to be borne in mind, particularly by fathers and mothers. Are they ruling their children, those who are nearest and dearest to them, in such a way that, in the fear of God, they will grow up to be men and women fit to rule and to do their parts, wisely and well to fulfill the duties imposed upon them, seeking first the Kingdom of God and His right, and making their religion practical throughout life.

The Bishop was listened to with great interest during his discourse which was a very eloquent and masterly effort. He will be heard this evening at Rustico and tomorrow at Milton.

His many friends will learn with regret of the death of Mr. J. T. Reid which occurred at his home in Ebbsfleet on July 28th. The deceased who was in his seventy-second year was well and favorably known and will be greatly missed by a wide circle of friends.

All his life he has been a highly respected citizen and always interested himself in the welfare of the community.

The news of the sudden death yesterday forenoon of Mr. Joseph Theodore Lantz, one of our well known citizens will come as a great shock to our people in city and country.

Mr. Lantz, who resides on Upper Prince Street, rose yesterday morning at 6 o'clock and was apparently in his usual health. After breakfast he was doing some work about the house when he complained of a pain in the region of the heart, and told his brother-in-law, Mr. Wilson, that he would go in the house, and sit down and read the paper. His daughter, Mrs. Conrad becoming alarmed at her father's appearance telephoned for the doctor, and soon after two more doctors were sent for. Despite medical attention however, Mr. Lantz grew steadily worse and 11.30 a.m. passed away.

The late Mr. Lantz was 67 years of age. He was the son of the late Joseph Theodore Lantz and was born in Lunenburg County, Nova Scotia. The family removed to Eldon, where Mr. Lantz, senior, carried on lobster packing. After his death the business was carried on by his son Joseph T.

After going out of that business Mr. Lantz became steward on the winter steamers Stanley and Minto, serving in that capacity very capably and courteously for a number of years.

When he resigned from the government service, he entered into partnership with Mr. John H. Gill, of Charlottetown, the firm being known as Gill & Lantz. Two or three years ago the partnership was dissolved, Mr. Lantz retiring owing to failing health.

The late Mr. Lantz was an estimable citizen and an elder and active worker in St. James church. He was very genial and companionable and made many warm friends.

He leaves to mourn a widow, (nee Miss Bessie Murchison,) one son, Dr. Joseph T., interne physician in the Royal Victoria Hospital, Montreal, and one daughter, Florence, wife of Mr. Benjamin Conrad, Charlottetown.

His eldest son, Walter was killed in the great war.

Mrs. Lantz was away from home when her husband passed away, being on a visit to friends in Yarmouth.

The deceased leaves a number of brothers and sisters who are residing outside the province.

To the sorrowing relatives in their sad and sudden bereavement, the Guardian extends its deep sympathy.

—DEPARTURE REGRETTED.—The people of Summerside will be very sorry indeed to learn that Mr. Sandy MacGregor, who has made Summerside his home for the past five or six years intends leaving here early in September to take up his former work in Montreal. Mr. MacGregor has proved a very public-spirited citizen and an entertainer of the first rank. He has taken an active part in every active movement in the town and his services both as an entertainer and a worker at all public functions have proved him to be a man of exceptional talent and good taste. He was the originater of the Britannia Club in Summerside and performed yeoman service in creating a community spirit among the young men and in fostering musical talent. Dr. and Mrs. Kennedy and their family have spent their summers here for many years and declare their visit this year the pleasantest holiday they ever spent. In their frequent visits they have made many friends in addition to the doctor's old-time friends in his native povince all of whom will give them a hearty welcome when they return next summer. While here they made their home at The Russ.

TOWAN—MACDONALD. A quiet but pretty wedding was solemnized on Wednesday morning August 19th in the Chapel of Notre Dame Academy when two popular teachers of Queen Square School Miss Helen Towan and Mr. L. MacDonald, were united in marriage by Rev. Maurice McDonald, P. P. The bride was neatly attired in a blue tailored suit with sand colored hat and wore a fox fur piece and carried a bouquet of Ophelia roses. She was attended by her sister, Miss Margaret Towan who wore a grey caton crepe dress with hat to match and carried a bouquet of sweet peas. The groom was supported by his brother George, of Cornwall. During the Nuptial Mass the girls choir of Notre Dame Academy rendered pleasing and appropriate hymns the solo parts being taken by the Misses Mary McInnis and M. McCloskey. After the ceremony the bridal party drove to the home of the bride where they and the immediate relatives partook of breakfast, after which they left by the Borden train for Boston New York and other American cities. Many friends were at the depot to wish them good luck and showers of confetti. The Guardian joins in happy felicitations.
