CRIPPEN'S LAWYER LOSES HIS STANDING

LONDON, June 20—Arthur Newton, the attorney for Dr. Hawley Crippen, who was hanged for the murder of his wife, the actress Belle Elmore, has been found guilty of professional misconduct in connection with the notorious case by a committee of the law society and today the divisional court was asked to deal with him. This constitutes a request that Newton's name be stricken from the roll of solicitors of the law society. The court adjourned without announcing its decision.

The charges against Newton are that he abused his privileges as a lawyer by aiding and abetting Horatio W. Bottomley, member of parliament for the south division of Hackney and the editor of a weekly publication, and also aided the Daily Chronicle to publish lfalse statements regarding the case. These statements, it is alleged, as well as a letter purporting to have emanated from Crippen while he was in Pentonville jail, Newton caused to be publishd knowing them to be false with a view to deceiving the public and court.

Newton is a well-known and successful criminal advocate and before undertaking the defense of Crippen had been connecteh with many cases of a sensational character.
