Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organ than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Whitman's Poetry.

Walt Whitman's poetry, in spite of the long, joggled, lumbering places in it, comes nearer to reaching out to what the modern age is trying to be than any other that we have. Whitman may or may not be considered a poet, but he has outswept the bounds of beauty for human life. He has seen the whole universe in every clod of it. He has God's definition of beauty. Naturally he does not express it as well as God does. His symbolism is crowded with hapless places, and God's symbolism never misses the point, but as the ground plan for a great modern poet—an original or working poet in a new built, new building, working world—Walt Whitman is the first and only figure large enough that the world has had. He had a larger repertory of joys—joys with everyday things that any man might have—than any other poet. His autobiography would take in a larger section of the universe.—Putnam's

Sleep and Old Age.

There is no question that the quantity of sleep required steadily diminishes from infancy to old age. This is a rather interesting exception to the general rule that, as in many matters, old age returns to the needs of infancy. As regards sleep, old age is more remote in its needs from infancy than is any other period of life. If elderly people obtain good sleep during the first few hours and if they have not lost that delight in reading which we all had in youth, but which so many of us curiously lose, their case is not to be grieved over. The special value of the earliest hours of sleep, by the way, has been proved by psychological experiment. The popular phrase "beauty sleep" is well warranted. It is the early, the deepest, hours of sleep that make for health and beauty.—Pall Mall Gazette.

"Don't Neglect a Cough or Cold."

It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

CHRONIC BRONCHITIS

Mr. Wm. O'Hara, Souris, Man., writes: "Having suffered for a long time with a severe attack of Chronic Bronchitis, which I could not get cured, I eventually tried your Dr. Wood's Norway Pine Syrup and I am glad to state it has given me a complete cure."
