BANON SAYS

MONTREAL, Que., May 4—Rails lagged yesterday while industrials and utilities approached the top of the current trading range under the leadership of Telephone and Chrysler.

Friday's action must be classified as strong, but prices are again within striking distance of a ceiling of offerings. Odds are very much against a decisive penetration to new highs and the probability is strongly in favor of the view that the current upswing will terminate within the next two or three sessions at approximately current levels of prices.

Since the possibility that offerings will be entirely absorbed and the advance resumed on a vigorous scale immediately, is exceedingly doubtful, I am still inclined to suggest that reinstatement of long positions await a fair sized reaction. The gold index sagged a little further in Toronto yesterday while Dome and McIntyre managed to hold up better than average and close slightly higher on the day. Buy Dome near Friday's closing price and McIntyre on any minor reaction which may develop.

Banon.

BARING LETTER
Saturday Afternoon

NEW YORK, N. Y., May 4—You had been told Wednesday that the advance would be resumed Thursday and that a fractional setback beyond the lows of Wednesday would finish the reaction. For over a week you had been told that the Industrial averages would go to about 108 and they were low between 107 3-4 and 7-8. Today lowthey got up to 110.93 and they will be considerably higher the next three weeks. Nearly every stock recommended by us during the past week reached our buying figures, and if you followed our advices and brought them there all you have to do now is to watch them go up. Thus you had a chance to buy DuPont 95, Case Threshing 54, General Motors, 29, Phillip Morris 41, Rubber pfd 29, Bethlehem Steel 25, McIntyre 43, Am. Smelting 41 1-2, United Aircraft 12, Harvester 39, this week, while a number of other stocks that were recommended much lower, such as Loews, Johns Manville, Rep Iron Steel, Col. Carbon, etc., also added several points to the profits they should show you. As stated above, keep long till we advise profit taking.

The Supreme Court decision in the Rail Pension case, in my opinion, will uphold the lower Court at least in part, which should be favorable to the rails.

Mack Truck is behind the market. Buy on slight dips. Hold the silver and gold stocks, I expect a much better market this month.

Baring.

MARKET GOSSIP

(By Johnston and Ward's Special Wire)

MORNING MARKET LETTTER

NEW YORK, N. Y., May 4—The market was strong and more active yesterday with most of the buying concentrated on the Industrials. The chemicals and motors were the features. The strength in tne latter apparently was due to technical conditions and the possibility that there would be a smaller let down in motor operations in the second quarter than was anticipated.

Yesterday's rally brought prices to the upper level of the recent trading range of the industrial group. The rails continue to lack rallying power though they may be brought into line today. If they are technical factors will suggest a further general recovery. If the rails cannot develop rallying power, little more than highly selective strength should be expected.

Laidlaw and Company.

MINING

(Canadian Press)

TORONTO, May 5—Interest in the gold listings of the Toronto Exchange expanded in the Saturday market while silver and base metal stocks moved in much smaller volume than in previous sessions over the last two weeks. With the holiday on Monday in prospect, many traders evidently remained out of the market and volume was below the half million share mark. Both the golds and the miscellaneous mines closed slightly higher.

Price recoveries in Bralorne and Little Long Lac featured the trade in the higher bracketed golds, the former gaining 35 cents and the latter 15 cents. The turnover in Pioneer was also much heavier and the price closed above the $12 mark Hollinger was sold lightly on its annual report showing a dip into the reserves to meet dividends and it sagged 30 cents to 16.55. Lake Shore, Teck Hughes and Wright Hargreaves closed on the up side.

PRODUCE

(Canadian Press)

MONTREAL, May 5—Butter prices continued to react from recent peak levels during last week's trading on the Montreal dairy and produce market while cheese and potatoes were slightly easier and eggs steady to firm. Exports of cheese overseas were held up by striking longshoremen.

No 1 grade butter ended the week at 22 1-4 to 22 1-2 cents a pound for carlots or less compared with 23 1-2 cents a week ago. Small lots to retailers ended the week at 23 1-2 to 24 cents for solids and a cent more for prints.

Graded shipments in carlots or less of eggs ended the week at 20 cents a dozen for A-large, 18 cents for A medium, 17 1-2 cents for B and 16 1-2 cents for C.

On the cheese market no 1 current brought 10 1-2 to 10 3-4 cents a pound.

The potato market was lower during the week at 48 cents per 80-pound bag of Prince Edward Islands, 45 cents for New Brunswicks and 35 to 40 cents for Quebecs, for no 1 green mountains.

WINNIPEG, May 5—Sharp declines at Chicago failed to disturb wheat prices on the Winnipeg Grain Exchange Saturday. Values closed steady, 1-8 to 1-4 cent lower, May at 87 1-2 and July at 89 1-8 cents.

The jubilee holiday Monday restricted commitments of a speculative and export nature and the session was the quietest of the week. Export sales of Canadian wheat small, only scattered lots worked in the session's later stages.

Firmness at Liverpool, where the price closed unchanged to 3-8d higher, offset 1 1-8 cent losses at Chicago. Buenos Aires gained 3-8-1-4 cent. Further shipments of Australian wheat to the Orient strengthened Liverpool futures.

Cash and coarse grains were lifeless.

(Canadian Press)

CHICAGO, May 4—Heavy rains and snow in parts of Texas and Oklahoma did much yesterday to irag wheat values lower.

A contributing bearish factor was iry weather northwest likely to facilitate completion of spring vheat seeding. Lack of any aggressive buying added to the downward trend of the wheat market and of other grains.

Wheat closed weak, 7-8 to 1 1-8 under yesterday's finish, July 96 1-4, corn unchanged to 3-8 lower, July 82 1-4-3-8, oats 1-2-7-8 off, and provisions varying from 5 cents decline to 10 cents advance.

Few Contemporaries Survive

By HARRY EOCLES
Canadian Press Staff Writer

A roster of all the states and countries of the world as at present, separating the Dominions and including such independent units as the Vatican City, provides a total of 83 rulers or heads of government.

On all this list are only three names prior to that of King George. They are King Victor Emmanuel of Italy, 1900; King Haakon of Norway, 1905, and King Gustav of Sweden, 1907.

Death natural or violent, or deposition and exile have removed a good many, including some who did not come to rule until years after his Majesty ascened the throne in 1910. Chief of his contemporaries who will not join in the jubilee celebrations are Czar Nicholas of Russia, murdered with his family in 1917; and the former Emperor Wilhelm of Germany.

King Albert of the Belgians, a staunch friend in peace and war, was killed in a fall while cliff-climbing one year ago. King Alfonso of Spain, closely related by marriage, remains a political exile from his country—as do many others.

MRS. FRANK L. EVERETT

The death occurred at the Central Maine General Hospital, Lewiston, of Mrs. Frank L. Everett, of Litchfield, Maine, formerly Lydia Francis of Gambles Corner, County Line Road, Prince Edward Island. Deceased was taken ill early in the New Year, Arthritis developed, from which she suffered intensely until the end came on Tuesday evening March 26th, at the age of fifty-eight years. She leaves to mourn, her husband, one son Harry, at home, her father, Edward Francis, now residing at Rose Valley, P. E. I., and three sisters, Mrs. Russell Snow St. John, N. B.; Mrs. Robert Cairns Country Line Road, and Mrs. K. H. MacKenzie of Rose Valley. Her mother predeceased her almost seven years ago. The funeral was held on Thursday afternoon from Litchfield Church.
