THE CENTRAL GUARDIAN

IT PAYS TO buy in this Province

FOX STOCK.—The last opportunity to secure stock in the Belfast Fox and Fur Farming Company. Send in your application today. 1409.

FOR DISTRIBUTION.—The Canada Fox Exchange have received from the printers their first supply of ten thousand copies of the "Golden Pelt" by J. R. Bare, which will be distributed free to parties abroad inquiring about the fox industry.

EXTENDED TRIP.—Mr. and Mrs. Neil McQuarrie of Summerside intend leaving this week on a trip to Western Canada for some two or three months. They will go as far as Banff. During the trip they will spend some time in the City of Medicine Hat in which place Mr. McQuarrie will, while there, be City Solicitor. They will visit Calgary and Edmonton and remain some weeks at Banff. They return by way of Ottawa and Boston. Mr. McQuarrie will have to be in the former city by the first week in May.

LARGEST IN THE WORLD— The Massachusetts Silver, Black Fox Co., have sold fourteen options to a Syndicate of Boston capitalists,who have formed a company with twenty pairs capitalized at $400,000.00. The manager of the Massachusetts Co., Mr. W. B. Purdy, have received instrutions to prepare to build 20 or 25 extra breeding pens to accommodate the foxes of the new company, which will be ranked on commission basis. This will make the Massachusetts ranch the largest in the world and speaks well of the faith Americans have in the industry. The above news together with the reports of their keeper has advanced the price of Massachussetts stock 25 per cent.

KITCHEN GARDENS.—Two lectures on the Kitchen garden were delivered to the students of the Household Science Short Course by Mr.W. Davison of the Department of Agriculture. A great deal of interest was shown in the many details explained, such as the location of the garden, near the house, sheltered from the north wind on a gradual slope for natural drainage, the most practical shape for a garden and the preparation of the soil. The best varieties of vegetables to grow, and where to plant them so as to give best results while considering space as well as labor in cultivating. About each of the well known fruits and vegetables, such as currants, raspberries, strawberries, asparagus, shard,beets, corn &c., many useful facts were given. These included the best kinds,the proper soil, and the mode of cultivation during growth. The students were very much benefitted by these interesting talks which Mr. Davison kindly repeated to the different classes of the Short Courses in session during the last two months.

IF MEALS HIT BACK AND STOMACH SOURS

"PAPE'S DIAPEPSIN" ENDS STOMACH MISERY, INDIGESTION IN 5 MINUTES.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but, what will please you most ach and intestines are clean and fresh and you will not need to restore to laxatives or liver pills for bilious-

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

Your Children's Teeth

are as important to be looked after as are the older people's—perhaps more so. Their teeth may not ache nor be decayed and they should not be allowed to get so. A tooth in time, as well as a stitch in time saves nine. Bring the little folks into our office and their teeth will be carefully looked after. First-class work at moderate prices. Extracting without pain. Examination free.

LAST CALL—To investors to secure stock in the Belfast Fox and Fur Farming Company. Only a few shares remain. Make application today. See ad for full particulars. 1409.

FOX STOCK.—Still a few shares of stock for sale in some of the best fox companies. Sure dividend payers. P. E. Island Fox Exchange and Realty Co., Ltd., Summerside. 1413.

FOXES NOTES.— To give some idea as to the demand for high-class stock in reliable Fox Companies it might be stated that the Fur Farmers' Bureau & Exchange Ltd., Victoria Row, Charlottetown, received applications for Rosemont in one day amounting to $22,900, another day $16,100, another $14,000 and still another day $12,500 These phenomenal records have all been made within one week.

EGG SCARCE—P. E. Islanders will be interested in the following St. John Market report:—An egg famine is impending in St. John unless the available supply is materially increased during the next few days. Prices Saturday jumped to 50 cents a dozen, and even larger amounts were offered for large quantities. In many cases it was found impossible to obtain eggs. Butter in the country market was plentiful, the price ranging from 32 to 34 cents. Other prices are as follows: Turkey 30c., chicken $1.70 to $2, fowl $1.50. Prices of lamb, beef, pork, mutton, veal, etc., remain unchanged. Vegetables are plentiful.

ENTERTAINMENT.—The largest and most brilliant event of the season, and one might safely say, ever given in Edmonton, was the Conversazone given by the Students' union in the University buildings, Athabasca hall, was the scene of a wonderful kaleidoscopic picture, ever changing and almost bewildering. The big dining room, a very large lofty room, with a magnificent floor, was used for receiving and dancing, and was beautifully decorated with white flowers and trailing vines of smilax, shading the lights and many college emblems. The supper, a very good one, was served in the gymnasium at small tables decorated with quantities of flowers and shaded candles, and the room profusely adorned with streamers of bunting and many flags. After the reception, from 8.30 to 9 His Honor the Lieutenant Governor and suite led the way into the gymnasium, Athabasca hall, where a very fine concert was given by the students, the orchestra playing God save the King on the entrance of the Lieutenant Governor. Among the guests was Mrs. Duncan Marshall formerly of Charlottetown who wore whate satin churmeuse, draperies and bodice of cream chantilly lace.

MOCK PARLIAMENT.—On Wednesday the 25th, inst., the St. Dunstan's College Mock Parliament held its usual weekly meeting. Since last session the McGuigan government had been defeated at the polls and Hon. Jas. McDougal called upon by His Excellency to form a new government. Owing to the short length of time which is now at the disposal of Parliment for the discussion of the different measures, the formalities usual at the opening of Parliament were omitted. The speech from the Throne foreshadowed many radical changes and touched upon several issues that agitate the world today, including the extension of the Franchise to women, the abolition of Trial by Jury and of Capital punishment. The draft adress in reply to His Excellency's speech was moved by Hon. J. R. Fleming (Levis) and seconded by Hon. R. St. John (Dorchester). The other speakers on behalf of the government were the Premier, Hon. J. A. McDougal and Hon. R. C. McCarville. Minister of Marine and Fisheries, while the ex-premier Hon. Mark R. McGuigan, Hon. F. J. McDonald, Hon. P. L. McMahon, and Hon. F. J. Butler spoke for the opposition. The following is a list of Cabinet members of the McDougal Government:—Premier and President of the Council—Hon. J. A. McDougal, Minister of Justice—Hon. A.E. B. Murphy. Minister of Finance—Hon. Owen C. Trainor. Minister of Marine and Fisheries—Hon. R. C. McCarville. Minister of Public Works.—Hon. H. F. McPhee. Minister of Trade and Commerce—Hon. Ray Brown. Minister of Interior—Hon. A. Arsenault. Minister of Militia and Defence—Hon. H. Fitgerald. Minister of Railways and Canals—Hon. E. Doyle. Minister of Labor—Hon. E. McDonald. Minister of Agriculture—Hon. B. Gorman. Secretary of State—Hon. Russell Smith. Postmaster General—Hon. W. Curley.

DAILY SELECTIONS FOR GUARDIAN READERS

Furnished by W.S. Louson

A DAILY THOUGHT

Because of your faith, I kept the track
Whose sharp-set stones my strength had well-nigh spent.
I could not meet your eyes if I turned back:
So on I went.

Because you would not yield belief in me,
The threatening crags that rose, my way to bar,
I conquered inch by crumbling inch—to see
The goal afar.

And though I struggle toward it through hard years,
Or flinch, or falter blindly, yet within,
"You can!" unwavering my spirit hears:
And I shall win.

MIDWINTER

All ermine clad the earth in regal state
Is panopl ed. The gaunt trees 'bear the weight
Of snow upon their branches wide-outspread,
E'en as a patriarch his vestment wears,
O'erburdened with its care. The fields and hills
A wide expanse of jeweled splendor show.
A tang of frost pervades the air that calls
The red blood to the cheek and to the eye
A light like that which glows upon the crest
Of some far hill at sunrise.
Up in air
Crows circle beating wings of ebon hue,
The silence of the hills, the ice-locked streams,
Forbid intrusion. Nuture slumbers now
E'en as a tired mother spent with care
Seeketh forgetfulness at close of day.
From out this lair the howling North Winds hies,
And shakes and twists the gaunt and leafless trees,
And laughs at their distress as on he fares,
The patient cattle stabled warm and fed
From crib or bin, chew as they switch their tails
And dream of pastures green.
The winter sun.
—Helen M. Richardson.

Chronic Cold

ARE CONTRACTED BY CHANGEABLE WEATHER. A SIMPLE REMEDY

Sudden changes are particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their condition, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance and to accomplish this nothing equals Vinol, our cod liver and iron tonic.

Mrs. M. J. Grimes of Springfield, Ohio, says: "I was badly run-down, nervous and weak, and while in this condition I contracted a heavy cold and rheumatism. Vinol was recommended and I am happy to say it cured my cold and restored me to health again."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you.
