WHEN you take your car to your Ford Dealer for service, please bear this fact in mind: there are many thousands of Ford vehicles engaged in essential war transport here in Canada.

Your Ford dealer wants to service your car promptly, too. But when one of these essential trucks or transports comes in his door for urgently needed service, then your car must wait.

Since all cars on the road are old cars—and steadily getting older—the demands from car owners for service from Ford dealers are steadily multiplying.

Your Ford dealer is grateful to you for your patience under today's trying conditions, and will do his utmost to serve you promptly.
