CORNWALL METHODIST CIRCUIT CONVENE.

(From Yesterday's Evening Guardian)

The fourth meeting of the Quarterly Official Board of the Cornwall Methodist Circuit, which convened on Wednesday, May 28th, and was postponed on account of wet weather, was held in the Kingston Methodist Church Thursday evening, May 29th. The meeting was encouraging, harmonious and satisfactory. The receipts for the year on the minister's salary were ahead of those of any previous year in the history of the circuit, passing the nine hundred dollar mark, being most creditable to the contributors and collectors.

The General Missionary Society receipts were over $237. The Livingstone memorial services, conducted by the pastor at all the four churches, Cornwall, North Wiltshire, Kingston and Hampshire, are responsible for $25 of the amount and the Young People's Forward Movement for another $25. The Women's Missionary Society have over $400 made up as follows: Cornwall, $260; North Wiltshire, $122 and Kingston, $32. The Bible Society from the settlements of Cornwall, North Wiltshire and Hampshire made $80. Nor does this exhaust the list. All this has been achieved in the face of serious losses by deaths and removals. The Teacher Training Study Classes, conducted by the pastor at Cornwall and Kingston (assisted by Mr. George Cruwys at the latter place) have acquitted themselves most satisfactorily, earning marks ranging from 70 to 94. The classes are in connection with the Provincial Sunday School Association and it is hoped the students may be able to attend the autumnal convention and receive their diplomas.

On motion of Mr. George Cruwys, Recording Steward, seconded by Mr. Frank Howard, the pastor Rev. Geo. Orman, was heartily and unanimously invited to labor among them a second year. This invitation he accepted subject to the approval of Conference and expressed his acknowledgment of the many kindnesses received and the whole-souled way in which the people, officials and rank and file had co-operated to further his efforts among them.

Was Trouble With His Heart

Had to Give Up Work

When the heart begins to beat irregularly, palpitates and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mr. Alfred Male, Eloida, Ont., writes:—"I was troubled with my heart for two or three years. I thought sometimes that I would die. I went to the doctor, and he said he could not do anything for me. I had to give up work. My wife persuaded me to try Milburn's Heart and Nerve Pills. The first box relieved me, so I kept on until I had taken seven boxes, and they cured me. I would not be without them on any account, as they are worth their weight in gold. I advise my friends and neighbours who are troubled with heart or nerve trouble to try them."

Milburn's Heart and Nerve Pills are 50 cents a box, 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto Ont.

Weak and Nervous

But Health Was Soon Restored.

The number of cases of general debility in which Hood's Sarsaparilla has proved just the medicine that was needed is very great. May H. Davidson, Orangeville, Ont., describes her case and tells what this medicine did for her, in the following testimonial: "My system was run down, my blood was impure, and I was weak and nervous. I grew thinner and paler every day. A friend advised me to take Hood's Sarsaparilla which I did. I gained rapidly and my health was soon restored."

PRESPETARIAN CONGRESS

to a union of forces."

NO OUTSTANDING LEADER AGAINST UNION CAUSE

The report of the committee on union will be presented to the assembly by Rev. Dr. W. J. Clark, of Montreal. The question, will no doubt, be debated in the assembly, but there is now no distinguished leader of the church to maintain the cause of those who are opposed to organic union. Principal John McKay, of Vancouver, who resisted the movement in the past, is no longer on that side, and gives support to the report, which will be committed to the assembly. It is believed that the present assembly will adopt the report of the committee and ask Presbyterian people to consider the question again during the coming year and to vote for the second and last time. It is believed that the union will be finally consummated by the assembly of 1914.

At the congress the present condition of China will be finally discust and the church will ask for hundreds of young men of Canada for service in that land. Men are wanted there for the schools, the colleges, and for the practise of medicine.

Grand Teaparty

The St. Peter's Sporting Club, will hold their Annual Teaparty on Dominion Day, July 1st.

A description of the beautiful location of St. Peters village is unnecessary, as it is known throughout the province.

But just a word here. The members of the club, who are all young enthusiastic men and women, are determined to make this teaparty the greatest success of the season. They are already looking around for special attractions and amusements to make the day one worth while.

Good band music will be provided also.

Come everybody and enjoy the beautiful refreshing breeze, with the salty odor right from the ocean. A day spent like this will do you good.

Watch this space for announcements of the different attractions and amusements, in a later issue.

A special train will run from Souris, and special train arrangements from the West will be provided. The train timetable which will be published later, will be arranged so as to give lots of time for passengers both from the East and West on the grounds.

This teaparty was a good one last year. This year it will be far better, weather permitting, as greater efforts are being put forth.

By order of Committee.

AN examination of the recently-issued annual report of Robin, Jones & Whitman Limited demonstrates the sound financial condition of this new old enterprise, established nearly a century and a half ago, and now operating under the most modern methods.

THIS report shows that after providing for bond interest and bad debts the net profits for the fiscal year ending March 31st. last were $60,638.84. Adding the surplus balance of $72,251.52 carried forward from the previous year gives a grand total of $132,890.36. Preferred dividends take $45,380 with a balance of $83,510.36.

WITH such substantial reserves, the result of careful and experienced management, the 6 p. c. Cumulative Preferred Stock of this Company offers a most desirable investment medium. As the price per share is 85 p. c. of the par value of $100 the yield is the high one of 7 p. c. and the 25 p. c. bonus of Common Stock adds further to its attractivenessx Therefore we invite your earnest consideration of this excellent issue.

Is Health Only a Game of Chance?

If you are accustomed to look on health as a gamble you will probably prove a loser early in the game.

Some may hold on to health and life for considerable time and defy the laws of nature, but there are many rules of the game which are conducive to health and long life.

Take nervous diseases, for example There are many symptoms to warn one of the approach of nervous exhaustion long before there is danger of locomotor ataxia or some dreadful form of paralysis.

But they seem such little things that their danger signal is not taken notice of. Sleeplessness, headache, indigestion, irritability, loss of vigor and energy, discouragement and despondency, all point to low vitality and exhausted nerves.

Dr. Chase's Nerve Food has been wonderfully successful in the cure of nervous diseases of a serious nature, such as prostration, locomotor ataxia and partial paralysis, but persistent treatment and considerable patience are necessary.

On this account we prefer to think of Dr. Chase's Nerve Food as a preventive treatment, which, overcomes these symptoms by rebuilding the feeble, wasted nerve cells and restoring vigor to mind and body.
