Sir:

If the "happy-go-lucky-slap-it-on-a-press-and-let-'er-go" kind of advertising you are using is doing you some good doesn't it seem reasonable to suppose that "something different"—bright, convincing, thought-out and mailed regularly "direct" to your list will prove of much greater value? (This is intended only for the man who feels the bullet strike him).

I study Printing! I make a feature of preparing printing that is profitable. That is, I make it profitable to my patrons. I study types and effects to insure attractive arrangement, and I believe you'll appreciate how I handle your work. From a card to a catalogue I want to figure on your work.
