Mr. S. J. Hungerford, President of the Canadian National Railways, was in the city yesterday on an inspection tour. He was accompanied by Messrs. Alistair Fraser, Vice-President of Traffic, W. U. Appleton, Moncton, Vice President and General Manager, Atlantic Region, Directors C. H. Read, Amherst, Daley of Winnipeg and Northerly of Toronto, W. E. Robinson, Moncton, General Superintendent of Transportation and Frank Sayer, Publicity Agent.

While here they were interviewed by local men regarding the situation created by the sinking of the S. S. Charlottetown, car ferry. These included: Premier Campbell, Lt. Col. K. S. Rogers, President of the Charlottetown Board of Trade, A. R. Brennan President of the Summerside Board of Trade, B. W. Robinson, M. L. A., and J. O. Byndman. Others present during the interview were: Messrs. E. W. MacKinnon, Superintendent of the Island Division of the C. N. R., D. B. Bishop, Division Freight and District Passenger agent and Mr. Austin Scales of Freetown.

Inquiries were made as to what provisions are being made to handle automobile and freight traffic between this province and the mainland during the fall and winter months.

It was stated that the car ferry, Prince Edward Island, which is at present on the crossing from Borden to Cape Tormentine, N. B., is capable of carrying 30 cars which is only about ten less than the S. S. Charlottetown could accomodate. As far as the freight traffic in the fall is concerned it would also be able to handle it although the boat might have to run longer hours than usual.

It was also stated that the matter of converting the Prince Edward Island ferry into an oil burner was under consideration. This would be done without interfering with the regular crossings. One boiler at a time could be installed.

The opinion held is that the ferry would not have to go to the drydock until next spring and if it became necessary then the ferry Scotia might be placed on the run.

A preliminary hearing into the sinking of the S. S. Charlottetown is scheduled to take place at Borden this morning at 9.30 Standard Time. It will be a private hearing.

On Saturday afternoon, June 7, 1941, grim death entered the district of Newton and stilled the kind heart of Mrs. John M. McKenna at the age of fifty-eight years. Mrs. McKenna was about her work as usual when she suffered a sudden heart attack and died within a few minutes before any medical aid could reach her. Her death though so sudden was not unprovided. The previous morning like the good promoter of the League of the Sacred Heart that she was, on the First Friday she received Holy Communion. Little did anyone dream that the devotion of the Nine Fridays which she had begun as a preparation for a happy death would bring its promised reward so soon after the third. Her zealous and ever ready Pastor, Reverend Dr. M. J. Smith was with her very quickly and administered Extreme Unction. The news of her sad and untimely death was a severe shock to her loved ones and to the entire community where she was a universal favorite. She possessed in a marked degree all the admirable virtues found in a truly Christian wife, charitable, patient, industrious and interested in everything for the welfare of her neighbour she ever was. Her passing leaves a void that will be difficult to fill.

Left to experience this great loss are her husband, John M. McKenna, three brothers Michael and James McCaffrey, Riverdale, Lot 65, P. A. McCaffrey, Waltham, Mass., and two sisters, Teresa McCaffrey at Riverdale and Mrs. James E Coady, Brookvale.

They were excused from their duties by the Court.

It was then agreed by counsel for the Crown and defence that the ten remaining jurymen would be allowed to act on being re-sworn and that they would proceed with the remaining two names on the panel. Both of these were challenged by the defence.

The Court then instructed Sheriff John McFadyen to go out and select twelve men from whom the two necessary to complete the jury, would be chosen. Before the noon recess the balance of the panel was excused from attendance until 11 o'clock Thursday morning.
