WAS SHE POISONED!

Thamesville, Ont.—The wife of a prominent citizen of Thamesville was the heroine of a mysterious case which has just been successfully solved. About a year ago, Mrs. J. W. Dulong began to suffer with headaches. There was no apparent cause for them. After trying the ordinary "headache remedies," and failing to get relief, Mrs. Dulong consulted several physicians, who pooh-hooed the idea of anything out of the ordinary and told her she "would be all right." Vague hints became rumors. Was Mrs. Dulong being poisoned? Yes, she was—and strangest of all, by herself. Not intentionally—nor with drugs—but nevertheless, she was slowly poisoning herself. Headaches are always a sign of blood poisoning. Bowels, skin and kidneys should rid the system of tissue waste. If one of these organs are weak or not acting properly, this waste stays in the system—is absorbed by the blood—and irritates the nerves and makes the headaches.

"I have tried 'Fruit-a-tives' and found them splendid for headaches," writes Mrs. Dulong after her recovery. "I feel so much better since I commenced taking them. I think they are a splendid medicine and" (note this) "I am recommending them to my friends." Everybody, who takes Fruit-a-tives, is grateful for the cures they effect. It is wonderful how quickly "Fruit-a-tives" give relief in all cases stomach, liver, kidney and bowel trouble. If you suffer, get a box today: 50c, 6 boxes for $2.50. At your druggist or sent on receipt of price. Fruit-a-tives Limited, Ottawa Ont.

$50,000,000 FOR ADVERTISING.

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspaperdom."

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 100,000. The Guardian's daily circulation is therefore is 1 to 12 of population in the city in which it is published, or 1 to 12 of the population of the Province. This is, the management believe unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000 St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario bout 2,220,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this: that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

WEST ARICHAT.

Mrs. A. P. Ferguson a well known Cape Breton'er has cured asthma by "Catarrhozone." Her statement is convincing: "Although I was troubled for years it was recently I tried Catarrhozone. When an attack started I got out my inhaler and invariably got quick relief. Feeling satisfied Catarrhozone would cure, I continued the treatment till one bottle was finished. I didn't use more because I was cured and the asthma has never returned." Catarrhozone is sure death to asthma and bronchitis. Try it and be convinced. Two sizes, 25c and $1.00 at all dealers.

Fortify yourself against coughs.

If you "always have a cough all winter," it shows that your throat and lungs are weak and susceptible to the cold.

"SPRUCINE"

is more than a cure for coughs. It fortifies the whole system against the ravages of winter. At the first sign of a cough, take "SPRUCINE" It will cure you and also protect you against taking "fresh cold."
