Commodities Tone Down On New York Exchange

By Frederick Gardner,

NEW YORK, Oct. 18. — Trading currents flowed sluggishly in financial markets today. Flashes of strength in packing shares and specialties brightened stocks a bit, but the main drift there, as in most other categories was toward slightly lower levels.

Speculation seemed to be marking time awaiting fresh incentive toward action.

Reactionary tendencies in equities apparently had their inception in nothing more than a shift toward the selling side by traders on the assumption the preceding advances justified a change.

News affording glimpses into the financial and business future was meagre. Traders turned their gaze on President Roosevelt's forthcoming address as notably his scheduled speech to bankers at Washington next week, in search for new rays of light on administration politics.

Stocks idled around the top of the recent narrow trading area. Paced by Wilson & Co. A, which spurted more than 2 points, the packing shares furnished most of the bullish action. Armour of Illinois preferred issues picked up gains of about 3 points. Both the Wilson & Armour issues established new year's highs.

A further drop of more than a cent in the price of spot silver prompted selling of Cerro De Pasco, U. S. smelting and other non-ferrous metal shares, but losses were moderate.

Relatively heavy trading in Gillette Safety Razor, which carried the common up for a net gain of nearly a point, took that issue into the spotlight. Eastman Kodak touched a new 1934 peak and Coca Cola held around its peak, closing a point higher. Other firm spots were Hershey Chocolate, International Silver preferred, Kroger Grocery and Safeway Stores.

The Standard Statistics Co. average for 90 selected stocks slipped three-tenths of a point to 72. Turnover was a little lower, totalling 655,110 shares against 662,210 yesterday.

Gossip of inventory appreciation, predictions of higher meat prices next year and reorganization plans in brokerage quarters accompanied the advance of the packing shares. Oil stocks felt the bearish influence of spreading gasoline price cuts. Standard of New Jersey dipped to the lowest price recorded this year within a fraction of 40, but closed off less than a point.

Copper shares listed a bit as a move by Kennecott to cut domestic production called attention to the industry's current position.

A reactionary turn in U. S. governments did not especially affect other prime investment loans. The bond list finished about unchanged. A down drift in commodities was marked by a drop of 25 to 35 cents a bale in cotton. Grains were fairly steady, however, with wheat unchanged to ⅛ of a cent a bushel lower and corn up a little at the close.

Increased speculative interest in stocks during last week's upturn was indicated in a gain of $34,000,000 in brokers' loans for the week. The total was $759,000,000. Money in circulation, as shown in the weekly federal reserve statements, declined $10,000,000. Monetary gold stock was up $5,000,000 and member bank reserves increased $17,000,000.

TORONTO, Oct. 18—Practically dormant through many sessions the big gold group came into notice today with a demonstration of weakness attended by considerable selling. Teck Hughes continued its decline, closing at a new low mark for the year at 3.85, off 15 cents for the day. A low point of 3.73 was marked up. Silvers and base metals also finished on the downside.

Dome was the main soft spot with a loss of $2 to $40 on fairly heavy selling. It sold at 39.50 during the day. Hollinger sagged 75 cents to 20.65 and other losses were 65 for Lake Shore, 35 for Wright Hargreaves, 5 for Bralorne while McIntyre and Pioneer closed unchanged. Selling of Teck Hughes was on heavy volume, 36,000 shares changing hands.

MARKET GOSSIP

(Johnston and Ward's Special Wire)

MORNING MARKET LETTER

NEW YORK, N. Y., Oct. 18—Prices went modestly higher on two rallies during the day yesterday but as previous highs were approached further progress became too difficult and bids were lower. Closing prices were the lows for the day. Wheat prices pursued a similar course while bonds were little changed.

The market appeared to be showing some signs of being "tired" yesterday and an inability immediately to absorb offerings around the August and recent highs. Thus, some further consolidation or reaction may develop.

Laidlaw and Company.

BANON SAYS

The pronounced resistance which met yesterday's mark up confirms the view that some correction should make its appearance before stocks are in a position to absorb the offerings overhanging the market at the 96 level.

Offerings in the gold shares were not particularly heavy yesterday but prices yielded rather easily.

Greene Stabell and Teck Hughes made new lows.

I, would not, however, continue too bullish on the better issue. Lake Shore and Hollinger look a little top-heavy and are both likely to experience some correction. I suggest that partial profits be accepted in these two issues. Pickle Crow made a new high but sold off near the close. San Antonio continues to hover at the low of the current reaction, a break through 4.75 would be followed by substantial recession.

Securities Surge Upward On Montreal Exchange

(C. P. by Guardian's Special Wire)

MONTREAL, Oct. 18—With four issues mounted to new highs for the year and gains extending as high as nearly 16 points, securities on the Montreal Stock Exchange surged upward during today's session. While gains held a good margin over losses two issues slumped to new lows for the year.

The advance was in evidence in the early dealings but as the session progressed irregularity crept in to be gradually overcome as specialities recorded wide gains. Sales volume was light despite the better tone with approximately 9,700 shares changing hands.

Lake of the Woods Preferred was again a strong feature. On buying attributed to an expected increase in earnings and the general betterment experienced by the company in the last three years it rose six points to a new top at 83. The common was up ¼ at 12¼.

Simpsons preferred on the first board lot sale since June gained 15 ¾ points at 83, a new peak for the year. Penmans Common jumped two points to a new top at 63, while the preferred rose 14 points to a new maximum at 105 on the first board lot sale since last February.

Dominion Bridge, Bell Telephone, Canadian Car and Windsor Hotel Preferred were all up a point. Montreal Power, National Breweries, Dominion Steel, Quebec Power, and National Steel Car were up fractions.

St. Lawrence Paper preferred dropped 1½ points to a new low at 10, the second day in succession the stock has dipped to a new minimum. Viau Biscuit slumped 4½ points to a new low at 12½ on the first board lot sale since May. Canadian Converters on its sale since last March plunged 15 points to 30. Dominion Textile and Steel of Canada, recent strong spots, were subjected to profit-taking with textile losing 1½ points at 83 and Steel 1¼ at 40¼. Bathurst Paper dipped a point at 74.

Brazilian Traction, Canadian Pacific Railway, Hollinger and St. Lawrence Corporation Common and Preferred were off small amounts.

International Nickel, McColl-Frontenac, Canadian Industrial Alcohol "A" and "B" and General Steel Wares were unchanged.

Sales 9,675 shares; bonds $40,350.

GRAIN

(Canadian Press)

WINNIPEG, Oct. 18—Upward trend of values in world grain markets, usually one of the chief factors in price movements on the Winnipeg Grain Exchange, influenced local wheat futures only temporary today. Liberal selling at the close wiped out fractional gains, prices ending ⅛ to ¾ cent lower.

Reflecting the strong tone of the Chicago and Liverpool markets values here also advanced for a time, but at the close the October future was near bottom levels, at 78 cents, December 78⅝ and May 83-83⅛ cents. Reacting from earlier sharp declines, Chicago closed unchanged and Liverpool only ¼ lower after previous 1½d setbacks.

The closing spurt was almost the market's sole activity today, traders spending most of their time perusing outside news. Reports indicated frost might seriously affect the Argentine crop, resulting in estimates wheat movements from that country this week would total only 2,750,000 bushels.

Lightness of offerings restricted cash-grain trading, despite continued good demand for high-grade wheat. Trading in the coarse-grains pits was full, futures fluctuating with wheat.
