ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

THE ladies of St. James church will hold their annual fancy sale and Tea on Thursday, April 16th.

AT Georgetown yesterday 1000 boxes spoiled smelts, first value $1000, were sold for $15 to be used as fertilizer.

THE unused dynamite at Murray Harbor was hauled to Georgetown and sent to the City by special train last night. It arrived about ten o'clock and returned later with several passengers.

THE annual celebration of the feast of St. Joseph was held in St. Joseph's Convent yesterday. First mass was said by Rev. Father Johnston at 6 45 a. m., and second mass at 7.45 by Rev. Dr. Morrison. In the evening a sermon was preached by Rev. Father Johnston, followed by Benediction of the Blessed Sacrament.

THE funeral of the late Norman McLeod took place yesterday afternoon from his home at St. Avards to People's Cemetery. There was a very large attendance. The burial services were conducted by Revs. T. F. Fullerton, D. B. McLeod and Donald McNeill, and the pallbearers were Horace Haszard, Captain Taylor, Col. Docherty, Hector McLeod, D. R. McLennanand Robert Longworth.

THE Stanley reached Georgetown yesterday at half past ten making the trip from Pictou in 3½ hours including a delay at Cape Bear where 22 men and two women passengers were landed. Capt. Brown and his crew were heartily welcomed at Georgetown. The freight included one car lathe, eight cars way freight three tons express car caggage and mails. She leaves again this morning with a quality of perishable freight and 27 horses. The cargo will also include 250 cases of eggs sent from Charlottetown by special train, and 310 barrels apples shipped by F. G. Bowyer on account of Senator Ferguson.

A VERY pretty wedding took place on Wednesday night lase at the residence of Alexander McLeod, Dunstaffnage, Lot 35, when his sister, Miss Annie S. McLeod was united in the holy bonds of Wedlock, to Walter Charles Munn, of Mermaid Lot 48. The ceremony was performed by the Rev D B Leod, of Charlottetown, assisted by the Rev D McLean, of Lot 48. The bride was becomingly attired in light grey, with white satin chiffon and applique trimming. The bridesmaid, Miss Alice R Owen, of French Fort, was dressed in pale blue with white silk chiffon and lace trimming. The groom was supported by his brother James Munn. The presents, which were numerous and valuable, were admired by all. After a sumptuous repast, the hours passed quickly, in pleasant and harmless forms of amusement and entertainment. The happy pair will reside in Mermaid, Lot 48. The Guardian extends sincerest best wishes.

UNMISTAKEABLE SIGNS OF CATARRH.

If you have a ringing in the ears, dropping in the throat, bad breath, headache, morning weakness, and taste in the mouth—then it's catarrh. Use Catarrhozone Inhaler four times daily and eradicate this awful disease from your system. WEEKS & CO., THE WHITE SALE

THE mail arrived yesterday a few minutes after one o'clock. There was good crossing from the mainland but none from Traverse.

THE P. W. College Observer for March is to hand. It is brimful of interesting reading matter and fully sustains the record of past numbers.

A MEETING of Carnegie Institute was called in Long River Hall on Tuesday night to consider the proposition made by Messrs. Davis and Fraser regarding a Joint Stock Packing Company. As the evening was unfavorable the meeting was not large, but the sentiment was strongly in favor of such a Company, as may be seen by the following resolution, which was moved by John Johnson, seconded by Jasper Bell, and carried unanimously. The resolution reads as follows

Resolved that members of Carnagie Institute and residents of Long River present at this meeting in Long River Hall this the 17th March, fully approve of the proposition read by J. S. Clark from Messrs Davis & Fraser of Halifax to organise a joint stock company on P. E. Island for the purpose of doing a large packing business. After the resolution had been put by the chairman, Mr Gillis: pie and carried heartily a stock list was opened and a very encouraging amount subscribed. The meeting discussed seeds and Institute work before adjournment and meets tonight to complete organization in that section.

THE story regarding Dr. Trudeau, Lynn Mass, and Miss McNeill, late of Vernon River which has been going the rounds of the Maritime Province press during the past few weeks has been increased in interest by the addition of another chapter. Among the passengers to the Island on Wednesday were the couple who have obtained so much notoriety by their recent visit to the Province. They came to Tormentine by special train from Sackville hired by another passenger. The ice boat in which they crossed the Straits was delayed and failed to connect with the special at Cape Traverse. The Doctor however with whom money was as plentiful as oats, hired a special and reached Charlottetown with his companion and a large number of the boatmen who obtained a free trip and enjoyed his hospitality during the evening. All but Miss McNeill left again at nine o'clock for the Capes. There was no crossing however yesterday from the Island and Dr. Trudeau returned to the city by the afternoon special. He left again last night and will cross to-day. The McNeill girl remains in the city. She was at one of the hotels for a time but the proprietor refused to entertain her further neither would he allow the Doctor to register.

No further particulars have yet been received regarding the death of Harry Wadman brother of O. B. Wadman Crapaud which occurred accidentally at Dawson City as mentioned in yesterday's Guardian. The deceased was the youngest son of Henry and Mrs. Wadman, Victoria. Before leaving the Island some thirteen years ago he taught school at Argyle shore. After travelling extensively in different parts of the U. S. and Canada, he went to the Yukon where he purchased claims at Bonanza, French Hill. During his absence he corresponded frequently with his parents and relatives and was hopeful of soon visiting his old home. But it was ordained otherwise and the sorrowing ones must bow to the will of God. To the aged bereaved parents who mourn the loss of a son in the prime of manhood with bright prospects before him and to the brothers and sisters—Rev. J. W. Wadman of Japan and O B Wadman, Crapaud. Mrs. N. Wright, Summerside, Mrs. Isaac Lowther, Kensington, Mrs. David Lowther, of Carleton, and Mrs. Peter Newsom, Charlottetown, The Guardian extends its heartfelt and sincerest sympathy.

AT a meeting of the Executive Committee of the Natural History and Antiquarian Society held last night the following resolution was passed unanimously. "The Natural History and Antiquarian Society, deeply sensible of the sad loss which it has suffered in the demise of its valued and revered member, Dr. Richard Johnson, desires to place upon records it respectful tribute to the attractive personality, the sterling worth, the beauty of character, and the exemplary walk in life of the deceased. Dr Johnson was ever a friend of the Society supporting it by his encouragement and substantial aid and contributed to its transactions one of the most admirable papers in its history. The society also ventures to offer to the widow and family its respectful assurance of profound sympathy in the hour of their sudden and sore bereavement. It was decided to postpone the reading of President MacSwain's paper on a sketch of the history of Botany until next Monday evening.

The funeral of the late Dr. Richard Johnson takes place today at a quarter to three o'clock to the First Methodist church and thence by train to Sherwood Cemetery. The following is the Order of Procession.

TEETH

FILLING AND CROWNING MADE ABSOLUTELY PAINLESS.

While improvements have been going on in science generally dentistry has not been standing still. The "Berlin System" is based upon the knowledge that the conditions of dental sensibility are numerous requiring a wide range of remedies. The "Berlin System" of painless dentistry embraces every method known to the profession at large, and some that are not generally known. It succeeds because it takes each of the various sensitive conditions into account.

DENTAL SPECIALIZATION

This is the age of specialists, and in no profession is specialization more important than in dentistry. Time was when one could acquire a knowledge of dentistry in a short time, but in the last few years the profession has grown by leaps and bounds, until now it is beyond the attainment of any one man. It is best practiced by the co-operation of several men, each devoting his time to a special branch. In our offices each man devotes his time to a special branch. We divide the work into parts and have specialists for each part.

NARCOTILE

for painless dentistry is a grand success. If you have tooth troubles we will be glad to talk with you face to face.
