

MONDAY

**TO ATTEND WEDDING.**—Miss Florence Coffin leaves this morning for Fredericton, N. B., to attend the marriage of her brother Dr. J. D. Coffin to Miss Helen Robinson of Fredericton. Wedding takes place on Wednesday.

**EDITOR DEAD.**—The death occurred in Toronto last week of J. A. Wall barrister, editor of the Catholic Register. Mr. Wall had been in failing health for some time. He came to Toronto about two years ago from Nova Scotia when Rev. Dr. Burke of P. E. Island relinquished charge of the Catholic publications.

**AUTO ARRANGEMENTS FOR EXHIBITION.**—The Tuesday and Friday auto restrictions on all roads in the province have been removed during exhibition week and cars crossing Hillsborough Bridge shall have the same privilege as on other days of the week. Between Waymouth Street and the eastern boundary of the Exhibition grounds cars eastward must go by Fitzroy Street or Kent Street and the Kensington Road; returning by Park Street and Grafton Street past Rifle Range and Pork Factory.

**HOLIDAY GRANTED.**—The Hazelbrook group of churches have given their retiring pastor Rev. F. N. Atkinson a month's vacation. The past week he and Mrs. Atkinson spent with their old parishioners Mr. and Mrs. Ludlow Jenkins, Marshfield. They leave this morning for their old home in Apple River for the balance of their time before going to Isaac's Harbor, N. S., where Mr. Atkinson has accepted a call to that group of churches.

**MR. BEER IN MONCTON.**—Mr. E. H. Beer, Secretary of the Charlottetown Board of Trade, was in the city Thursday, as a member of the Missionary Committee of the Methodist Conference, in session in the Central Methodist church there. The Transcript says: Speaking of the Charlottetown Exhibition Mr. Beer states that the matter of accommodation of visitors is in the hands of a very energetic committee. They are establishing in the business section of the city an information bureau, so that all visitors looking for accommodation and failing to get it at the hotels will be looked after.

Every 10 Packet of  
**WILSON'S FLY PADS**  
WILL KILL MORE FLIES THAN  
\$8.00 WORTH OF ANY  
STICKY FLY CATCHER

Clean to handle. Sold by all Drug-gists, Grocers and General Stores.

**DIED IN BOSTON.**—Mr. and Mrs. Darius Garret, 36 Kensington Street Charlottetown received a telegram Sunday conveying the sad news that their son Ernest had died in South Boston, Mass., on Sept. 21st. Further particulars will be given later.

**ENGAGEMENT ANNOUNCED.**—Halifax papers announce the engagement of Miss Annie Margaret Doyle, daughter of Mrs. Edward Doyle of Halifax, to Mr. Vernon J. Worth of Charlottetown, manager of the Göttingen Street, Pharmacy in Halifax. The wedding is to take place shortly.

**THIEVES OF THE GARDEN VARIETY.**—Numerous complaints are being made of the robbing of orchards and gardens in Charlottetown and suburbs. One woman says that nearly a bushel of plums must have been taken from her trees several evenings ago. It is said that quite a lot of plundering of small vegetables is being done by boys who take them around from door to door and sell them.

**MORE ROBBERIES.**—That the juvenile propensity for crime in this city is not abating is shown by the fact that three places have been entered by boys since Saturday and articles stolen. On Saturday the residence of Mrs. H. Houle near the drill shed was entered and two purses taken from a back hall containing in all some six dollars. Yesterday the residence of Mr. Harry Toombs was entered and a satchel containing \$9 was taken out of the hall and the third robbing was at the residence of Mr. Wallace Diamond where the sum of \$3.59 was stolen and a wedding ring.

**POLICE COURT.**—There were four drunks registered on the police court records yesterday. One was accorded a three months rest at the St. Peter's Road institution; another got two months; one out on bail, very inconsiderately did not turn up when his name was called and the other a first timer, was dismissed.

**CABLE FROM THE FRONT.**—A cable was received in the city last week from Major D.A. McKinnon, D.S.O. in which he said "All Island boys with me are well and doing splendid work." As this cable is much later than any letters received from the boys themselves their parents and friends may regard it as a personal message from each. All will be glad to have this late reassuring word and will be grateful to the Major for his thoughtfulness in sending it at a time when news from the front is so eagerly awaited.

**Private James McN. Smith**  
Mrs. Effie Smith, Little Sands has received notification of the death in action of Private James McNeill Smith. He was 31 years of age and left his home in Little Sands 13 years ago for Quiney, Mass., where he was employed for many years. He enlisted in June, 1917 with the McLean Killies of America and trained at Valcartier, Que., till October, 1917, when he sailed from Montreal for England. He went to France last March and fought with the 13th Canadian Battalion till he made the supreme sacrifice. The late Private Smith was a young man of excellent christian character. He leaves to mourn besides his widowed mother three brothers and two sisters. One of his brothers Ewen voluntarily enlisted last April and is now training Bramshott, England.

**Private Leith Graham**  
On Monday, September 9, 1918, Mrs. Leith Graham, of Peters' Road, Lot 63, received the sad intelligence that her husband had been killed in action on August 27. Private Graham enlisted with the 106th Nova Scotia Battalion in New Glasgow, N. S., on April 20, 1916, and in July of that same year went across to Europe, his battalion being in the same convoy as the 106th from P. E. Island.

**SEVERE RHEUMATIC PAINS DISAPPEAR**

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

After several months in England he was drafted to the 26th Battalion and crossed to France, where he was in active service almost continuously until the time of his death. Several days after receiving the sad news of her husband's death Mrs. Graham received a letter from him which was written on Aug. 25th and which spoke cheerfully of conditions as he saw them. Mrs. Graham has one son who is nine years of age, and to both of them goes out the heartfelt sympathy of a large number of friends. On Sunday afternoon an appropriate memorial service was conducted in the Peters' Road Presbyterian church at which fitting reference was made by the pastor, Mr. Sutherland, to the fine spirit of sacrifice being evidenced by the Canadian Army, the memory of which will be the glorious heritage of generations yet unborn.

**Private Nicholas O. C. MacLennan**  
Private MacLennan enlisted in the old 105th in Charlottetown on the tenth day of April, 1916, and was with that Battalion until drafted for service in France, to which he went from England on April 4, 1918 where he was in action until killed on the second of September. Private MacLennan was a quiet, respectable, and home-loving young man who before enlisting lived at Peters' Road, Lot 63, where his wife and family of five children still reside. Much sympathy is felt in the whole community for those who are thus so suddenly bereaved of their only earthly support, but the memory of such as Private MacLennan, who cheerfully went forward at his country's call, at great personal sacrifice, will long be revered by those who in years to come remember the hour of the nation's greatest need, and they will understand that even the sacrifice of life itself was not in vain.

WEDNESDAY

Lieut. Col. Ings received sad news late yesterday afternoon, when a telegram came to him from the war office, London, announcing that his eldest son, Lieut. John Walter Ings had been killed in action in France. Deceased who was only twenty years of age went from the Royal Military College, Kingston, Ont., in September, 1916 to England, where he joined the Royal Engineers. He served for some time in Saloniki where he contracted malaria and was invalided to Malta and later back to England. After his health became restored he went to France in June of this year and joined his unit—the 56th Field Company, Royal Imperial Engineers where he had been devotedly doing his duty until his brave young life was suddenly terminated.

The tenderest sympathy goes out to Mr. and Mrs. Ernest Ellis, Tyne Valley, in their recent sore trial, death having entered and claimed their precious baby, Beattie Gertrude, aged one year and six months. This darling was so bright and her little cunning ways made her the very joy and life of the home; a beautiful well-developed child, always so healthy and strong, until a little more than 2 weeks before her death, when she became ill. At once the best medical skill was procured and on consultation it was found that the terrible suffering was caused by that dread disease, meningitis of the brain, and although she was watched day and night so closely and with such tender care by the parents and nurse, the great hope was held out that their little pet would be spared to them, even when the terrible struggle and battle between life and death was debating. But God willed otherwise, and their little bud so sweet, so pure was restored back to Him who gave it, and sweetly passed away to that higher and brighter inheritance, incorruptible, undefiled and that fadeeth not away, on Sunday morning, September 8th. What makes this seem doubly hard to the grief-stricken parents is that only a few years ago they were called upon to part with their only dear little boy, who was a most wonderful, bright and promising little fellow, and at the most interesting age.

To those passing through such sorrow we realize how poor a thing is human sympathy, and can only commend the sorrowing parents and the two little sisters, Olive and Jean, to Him who alone is able to give the needed strength and resignation to say, "Not my will but Thine be done," and with the blessed assurance of the

Master who said, "Suffer the little children to come unto Me and forbid them not." There is a solace of comfort in that blessed promise that some day in God's own time we shall all be reunited with our loved ones in Heaven. The service was conducted at the house and grave by the Rev. Mr. Davidson, of Lot 14, assisted by the Rev. Mr. Bamford, of Port Hill, and was deeply impressive. The little casket was banked with flowers, silent sympathy from many kind friends, and notwithstanding the busy season, the funeral was largely attended. The pall-bearers were: Nelson Theene, Jack Bamford, Harry Ramsey and Frank McKay. To the sorely bereaved the sincere sympathy of the friends and community is extended.

**BELLEVILLE**  
Mrs. A. Lott, 49 Grier street, Belleville, Ont., writes: "About nine years ago I was a nervous wreck—so bad that my arms and shoulders had to be bandaged, and sometimes my friends had difficulty keeping me in bed. One time I went to the hospital to see my sister, and while there became so nervous that my arms and feet had to be bandaged and I had to be brought home. Through reading of it in the Receipt Book, I was induced to use Dr. Chase's Nerve Food, and after taking several boxes I began to recover and get stronger, and now feel perfectly well. I am very pleased to recommend Dr. Chase's Nerve Food to all my friends."

**PETERBORO'**  
Mrs. C. French, 104 Lansdowne street, Peterboro', Ont., writes: "I was troubled with nervousness, sleeplessness, frequent headaches and indigestion. For many years I was troubled with a twitching or fidgety feeling about my limbs after retiring, causing me much loss of sleep. I was wakened up out of my first sleep, even had I been asleep for only five minutes, I would lie awake for hours and could not get to sleep again. Any sudden noise or a door slamming would set my nerves going, and I would fear that something dreadful was going to happen. I had tried different remedies for this trouble, but without success. A friend asked me one day why I didn't try Dr. Chase's Nerve Food, so I thought I could at least give it a trial. I secured some and commenced using them, and found they benefited me so much that I have taken fully a dozen boxes. My nervousness or fidgety feeling in the limbs is entirely cured. I can now eat and sleep well. I can now recommend Dr. Chase's Nerve Food strongly, and would advise anyone suffering from nervous trouble of any kind to use them according to directions."

**BRANTFORD**  
Mrs. A. North, Grand street north, Brantford, Ont., writes: "Both my husband and I can speak very highly of Dr. Chase's Nerve Food, having used it with splendid results. My husband suffered from weakness and a rundown system, and became so bad he finally had to give up work. He also had spells of melancholia. He commenced using Dr. Chase's Nerve Food, and after a treatment of this medicine I never saw such a change in anybody. He is now able to attend to his work, and is enjoying splendid health. Before I started taking Dr. Chase's Nerve Food, I was troubled

**How the Good Word is Passed Along**

It is over the teacup that women exchange confidences. Not infrequently "Health" is the subject, and this often leads to the discussion of the merits of Dr. Chase's medicines, and more particularly his Nerve Food. The doctor had a fine appreciation of the needs of the feminine system, and had this in mind when developing this great restorative treatment for the nerves. More blood—and always more blood—is required in order to make up the periodic loss and to supply the nourishment required to sustain the delicate and complicated nervous system. Because no treatment ever seemed to meet this need so nicely as Dr. Chase's Nerve Food, this food cure has attained wide popularity and enormous sales. There is sure to come times in every woman's life when such restorative, blood-building treatment is required. It is a blessing to know just where to turn for help. Ask your friends about Dr. Chase's Nerve Food, and then give it a chance to build you up with new energy and vitality.

**Dr. Chase's Nerve Food**

**LONDON**  
Mrs. E. Meathrel, 23 Hyla street, London, Ont., writes: "About a year ago I had a complete collapse from my nerves. I was taken to the hospital for a treatment, but it did not give me much relief. Then I went to the country for a change of air, but after my return home I did not feel much better. I used to have nervous spells, when my limbs would begin to shake, then grow cold, and I would be completely exhausted. I was also troubled with an accumulation of gas on my stomach, which caused palpitation of the heart. At last I decided to try Dr. Chase's Nerve Food, and after I had used them for a while I could see that they were helping me, so I continued using them until I got well again. I became real strong and healthy, could sleep well at night, and was able to do my own housework. As I got stronger, the nervous spells disappeared, and I have not had one since."

**GALT, ONT.**  
Miss Alice Howen, 21 Haddington street, Galt, Ont., writes: "I was very ill with anemia, could not sleep at night, and my appetite seemed entirely gone. I suffered in this way for nearly three years, and had treatment from two doctors in Toronto, but did not get any relief. I became completely run down, and as I did not see any immediate hopes of getting better, I went back to live with my mother in Galt. I thought perhaps the change of air might do me good. My mother saw that I was in a bad state, because my nerves were affected, and everywhere I went I used to take dizzy and fainting spells. My hands and limbs would become numb, I would see black specks before my eyes, and cold perspiration would come out on me. My mother had been talking Dr. Chase's Nerve Food with excellent results, and she advised me to do the same. But it is hard for me to take pills, so I went to a doctor in Galt instead. However, his treatment did me no good, so I at last decided to follow mother's advice. I began taking Dr. Chase's Nerve Food, and gradually found myself getting better. I soon was able to sleep at night without any difficulty, my appetite came back, and I began to gain back my natural color. After taking about twelve boxes of this medicine I was able to return to my work in Toronto. My friends there all noticed the improvement in my condition, and I am now stronger and healthier than I have been for a long, long time."

**WOODSTOCK**  
Mrs. Lydia MacKay, 285 Hunter street, Woodstock, Ont., writes: "I suffered from a weak and rundown condition of the system. I also had severe headaches. I got some of Dr. Chase's Nerve Food, took a good treatment of this medicine, and the results were most satisfactory. I feel much stronger now, have got rid of the headaches, and am able to do my own work without any difficulty. I have recommended the Nerve Food to many of my friends, and would recommend it to anyone suffering from nervousness of any kind."

50c a box, all dealers, or Edmundo, Bates & Co., Ltd., Toronto. The portrait had signature of Dr. A. W. Chase, M.D., the famous Receipt Book author, on every box of the genuine.
