WAS A GREAT SUFFERER FOR FIVE YEARS FROM DYSPEPSIA.

Dyspepsia is one of the most prevalent troubles of civilized life, and thousands of people suffer untold agony after every meal, for nearly everything that enters a weak dyspeptic stomach acts as an irritant.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters. Mrs. Wm. J. Boyne, Lepreau, N.B., writes:—"I thought I would write and tell you of the good Burdock Blood Bitters has done me and also tell you how thankful I am.

"For five years I had been a great sufferer from dyspepsia, and tried different doctors and proprietary medicines, but could get no relief. One day a friend told me to try Burdock Blood Bitters. I did not have much faith in it, but I thought I would give it a trial. To-day I am completely cured, and I will always recommend it."

Burdock Blood Bitters has been on the market for about thirty-five years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CUT THIS OUT AND PASTE IT UP

Almost every day The Guardian receives orders by mail to insert news matter of an advertising nature. In most of these cases the senders, who are frequently not known to any member of the staff and who have no account in the advertising department, write "Please insert the following and oblige," thus apparently implying that they think the items will be inserted free. Only a few weeks ago a reader wrote asking that his advertisement of Farm for Sale be inserted free from day to day until he cancelled it, as he is a subscriber to The Guardian. In this connection it may be said that the subscription price is not sufficient to even pay the actual cost of paper, ink, presswork, mailing, bookkeeping and other expenses of the Circulation department proper, and thus subscribers have no privileges of free advertising and are on the same footing as non subscribers. Seldom ever does the sender state whether the item is to appear in the Morning Daily or the Rural Daily, whether for one or more times in either Daily, or in both, whether as a display advertisement, announcement, business local, classified ad or otherwise. When for church or charitable purposes they seldom ever say so, or do not enclose sufficient money to pay for same all of which will be returned by first mail in the event of the item not being chargeable, or if more money is sent than necessary to pay for the item the surplus will be returned at once, there being a greater discount for cash with order for advertising of churches &c than for regular business. In all such cases the Advertising department communicates with the sender as quickly as possible by mail or phone, often paying the messenger service to get them to the telephone if not too far distant, thus saving all possible time. People write this office to know if News, Letters to Editor, etc., are charged for, and to all such there is but one reply—all items etc, of a money making nature, even though they be somewhat of a news nature, are chargeable. For instance, the advance notice or notices of a concert, lecture, pic social, picnic, etc., are chargeable if an admission fee, silver collection, sale of pies or sale of food or refreshments, etc. Advance notices of purely religious services, even tho a silver collection is to be taken up, are not chargeable. The particulars of any of the above, after they have been held, are, however, news and thus not chargeable. The news of any past, present or future business, which is still being conducted, is chargeable, if it is apparent that the object is to make the business more widely known and thus increase it. Verses accompanying death notices are also chargeable. Even items which are actual news and not chargeable but once in either morning Daily or Rural Daily or both are chargeable for more than one insertion, as they are thus not news.

The above facts are given for the purpose of assisting persons who have items, etc., to mail to this office, so that delay and disappointment will be avoided. 3-16drtf.

KNOWS NOW

Doctor Was Fooled By His Own Case For a Time.

It's easy to understand how ordinary people get fooled by coffee when doctors themselves sometimes forget the facts.

A physician speaks of his own experience:

"I had used coffee for years and really did not exactly believe it was injuring me although I had palpitation, of the heart every day. (Tea contains caffeine—the same drug found in coffee—and is just as harmful as coffee.)

"Finally one day a severe and almost fatal attack of heart trouble frightened me and I gave up both tea and coffee, using Postum instead and since that time I have had absolutely no heart palpitation except on one or two occasions when I tried a small quantity of coffee which caused severe irritation and proved to me I must let it alone.

"When we began using Postum it seemed real food but because we did not make it according to directions—but now we put a little bit of butter in the pot when boiling and allow the Postum to boil full 15 minutes which gives it the proper rich flavour and the deep brown color.

"I have advised a great many of my friends and patients to leave off coffee and drink Postum; in fact I daily give this advice." Name given by Canadian Postum Co., Windsor, Ont.

Many thousands of physicians use Postum in place of tea and coffee in their own homes and prescribe it to patients.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

EMPIRE DAY MESSAGE.

The following message has been handed to the Guardian by ex-Governor McKinnon, Commissioner:

"The Council of the Boy Scouts Association desire to send to all Boy Scouts in the British Empire the heartfelt greetings of their brother Scouts in the Motherland on this great anniversary of the birth of our Good Queen Victoria.

"On this day set apart for Imperial rejoicing it is particularly appropriate that Scouts throughout the Empire should especially consider the meaning of that portion of the Three fold Promise which deals with Loyalty to the King. It is the loyalty which to a large extent is responsible for the consolidation of the British Empire in one great confederation, and on that sure foundation rests the present bond of sympathy between the Dominions and the Mother Country.

"The great brotherhood of Scouts to which we all belong is foremost in its loyalty to the King and in fastening the great Imperial ideals.

"We now, on Empire Day, send these Greetings across the Seas, in the sure knowledge that Scouts will ever adhere to the high ideals of their Founder and Chief Scout, Sir Robert Baden-Powell.

"We wish you all success in Canada and trust that much progress will be made in the movement in your great Dominion.

Lt. General.
