The Organist of St. Patrick's Church, Grand River, writes us as follows regarding the Church Organ which recently underwent a thorough overhauling in our Repair Department.

MILLER BROS., Charlottetown,

I hereby write to compliment you on the wonderful work you have accomplished when repairing our Grand River Church organ. Having been built over thirty years ago, it was almost practically useless before shipping it down to you. At present it gives great satisfaction, and I am very well pleased with its sound and action.

Congratulating you again on your skilled workmanship, I beg to remain.

Sincerely,

(Signed) BERTHA MORRISON,
Organist.

This Organ has fourteen sets of reeds, double manuel and pedal bass. When we received this instrument for repairs, we found about all that was not worn out was the case, stop action, reeds and reed board. The Organ is now practically new, and should give good service for many years to come. At present prices this instrument would cost new $800.00. IT PAYS TO DEAL WITH US.

Your Daughter

IS your daughter at that critical age, approaching womanhood, when nothing is so important to her as mother's care and mother's advice?

It is during this time that her whole future health and happiness may be at stake.

With most girls this important development takes place at a time when school work is most exacting and the nervous system is consequently under a most severe strain.

An enormous quantity of rich, red blood is necessary to meet the demands of the system, and, this failing, there is the development of anaemia, chlorosis or some form of nervous trouble, such as St. Vitus' dance.

Most mothers now know about Dr. Chase's Nerve Food and the promptness with which it enriches the blood and builds up the nervous system of the growing girl.

It is mother's duty to see that a reasonable amount of rest and sleep is obtained, that the food is wholesome and nutritious, and that the treatment is used regularly and persistently so as to keep up an abundant supply of pure, rich, nourishing blood.

Dr. Chase's Nerve Food 50 cents a box. All dealers, or Edmanson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

JOLLY PARTY— In honor of the fifth anniversary of Mr. Henry M. Jenkins entering into the Groceteria business a jolly party was held at 1438 Seventeenth avenue west, Calgary Wednesday evening. Mr. Friskens was entirely responsible for the successful and tasteful catering and very kindly offered his commodious premises for the occasion, and all of which was very much appreciated by the committee in charge. Mr. P. Rinn was chairman and immediately after supper gave a short address and opened the programme. Those contributing to the programme were: Mr. Jackson, Miss Miller, Mr. George Bell and Mr. Donaldson. Mr. Ross gave a fine address on the growth of the Groceteria since its inception, five years ago, and Mr. Frisken delivered a very eloquent address. During the evening Mr. Jenkens was presented with a handsome gold watch by Mr. Harper, while Mrs. Jenkins was presented with some cut glass. Both Mr. and Mrs. Jenkins made suitable replies, thanking the staff for their kindness. The remainder of the evening was spent in cards and dancing. Mr. Jenkins referred to is a brother of Mayor Jenkins of this city.

Enjoyable Concert

A large crowd was in attendance Thursday night at Prince of Wales College Hall when an excellent programme was rendered.

The chair was taken promptly at 8 o'clock by Mr. G. Dudley Wright, who made a short introductory speech, stating the object of the entertainment—to obtain funds for the Spring Park School Building.

The programme was opened with a piano solo, by Miss Belle Cheshire and proved she was indeed a capable pianist. Next came a Quartette "The Deathless Army" by the Harmony Male Quartette, composed of Messrs Ritchie, Hutcheson, Gorbell and McKie. This was an excellent number and well received. Enjoyable readings were given by Misses Ella Seaman, J. McDonald and Mr. D. Edgar Shaw. Songs by Mesdames J. J. Stewart, Frances Trainor, W. E. Fletcher and Mr. Arthur Bruce, all old favorites were warmly received and were all in excellent form. A drill by a number of young men under the direction of Mr. Walter Scantlebury was a most pleasing feature of the entertainment. A dance by the Misses Dulcie and Marie Walker and a sword dance by Miss Marion McEwen were gracefully performed and elicited well merited applause The proceedings concluded by God Save the King.

During intermission there was a sale of candy.

MR. DEWAR AND MR. HESSIAN—Mr. J. A. Dewar in the Legislature last week, in reply to Mr. Hessian's statement that he had been informed a petition signed by three hundred electors was being circulated against him, replied that there were a thousand electors in his district and that at the last election he took six hundred votes. Through a typographical error this appeared "three hundred votes" in the published report. Mr. Dewar on Friday taunted Mr. Hessian on the fact that the threatened petition had not materialized and that he was still patiently waiting for it.

DEFEAT LABOR CANDIDATES

LONDON, April 7—The election of members of the Boards of Guardians in London yesterday resulted in a great defeat of Labor candidates, who secured only 123 out of nearly 700 seats which were ballotted for. The defeat of the Laborites has nothing to do with the political cleavage but the result of tax payers protesting against what they consider unjustifiable liberty on the part of the Boards of Guardians in affording relief to the poor unemployed which the recent happenings at Poplar were an example.

UNEMPLOYED ARE ORGANIZING

MONTREAL, April 7—Nothing but red revolution will save the unemployment question in this city, according to Albert St. Germain, stenographer of the Superior Court who addressed a meeting of about three thousand workless on the Champ De Mars in front of the City Hall yesterday afternoon. Speaking through a megaphone, St Germain announced further demands of a peaceful nature were futile and a league of unemployed would be formed. An executive council on Soviet model would be chosen and a plan of campaign studied.

Making Ice Cream A Better Food

Perfection Heathized Ice Cream is Richest in Vitamines

Just as Pasteurization made milk a safer food, so does Heathization make Ice Cream a better and safer product. Heathization is an advance on Pasteurization—the most important advance in food sanitation of the age. It adds a super-purity to this delicious product and increases its food values bw preserving from destruction those essential vitamines which are the health and growth elements of food.

Air is a Destroyer of Vitaminess

It has been proven that agitating high vitamine food-stuffs in air causes an important reduction of their vitamines by oxidation, through contact with the free oxygen in the air.

The highest authorities have also shown that agitating dairy products and other high vitamine foods, in the pure, sterile atmosphere used in making Heathized Ice Cream preserves these precious food elements.

Why Perfection Ice Cream is Best

That is what makes Perfection Heathized Ice Cream so infinitely better and purer than Ice Cream frozen in air. Insist on Perfection Heathized Ice Cream. It is the ONLY Ice Cream made in Charlottetown by the Heath patent method. So you can only get this purer and better Ice Cream by buying Perfection. Order it from your dealer. If he hasn't it go to a Perfection dealer.
