"Doc Bird Says"

The only importance we attach to this business is that it is our life work. That is the most important thing in life after all.

It's quite important tha you use only drugs of super ior quality.

The purpose of drugs is to relieve suffering—restore health.

Inferior, weak, impure drugs do neither—the kind we sell do the greatest good.

You'll be clear-sighted enough to realize that it's to your advantage to purchase drugs in this store—so well known for it's high character goods and fair prices.

IN MEMORIAM

MRS. MAURICE DEVENNEY

The funeral of the late Mrs. Maurice Devenney late of Philadelphia, took place to Kelly's Cross Church on Saturday morning 25th April at 10 o'clock, where a High Mass of Requiem was celebrated by the pastor Rev. Dr. Currans. The pall bearers were Messrs. Neil Cameron, Alex. Cairns, Oswald Kelly, W. T. Woods, J. E. Trainor, and G. E. Kelly, the funeral undertaker being Mr. M. Kennedy, Bradalbane. The late Mrs. Devenney was a daughter of Mr. and Mrs. Pierce Kelly, Stanchel, and was only in her 34th year. She and her husband were visitors to her home here only four or five years ago, and then apparently was in the bloom of health. About a month ago she underwent an operation in the hospital in her home city Philadelphia, and for two weeks afterwards appeared to be doing nicely, but on Monday morning the 20th April at 3.30 she passed away, although the early part of the night she had written three or four letters, and had a pleasant chat in the hospital with her husband up till 11 o'clock. But such is the uncertainty of this life, and the slim hold poor mortals have of it. The deceased had friends by the hundreds both in her native and her adopted homes, young and old loved her, her good natured and generous traits of character making her a favorite of those who had the pleasure of associating intimately with her. She leaves to mourn, her disconsolate husband, who accompanied the remains to the Island, her parents and four brothers and four sisters, to all of whom is extended sincere sympathy.

WORKED A CLEVER SCHEME.

TORONTO, May 2.—Kathleen Robb, was arrested on a charge of obtaining $100 or so by false pretences from the Imperial Bank and Bank of Nova Scotia. Her method was to call with a check while the Manager was out and say she was in a hurry and that the manager was the only one who could identify her. It usually worked.

Shades To Be Worn This Spring. You Should See Them!

The New DY-O-LA Shaded Color Card which your Druggist or Dealer will be pleased to let you look at, gives all the delicate shades of Pink Green, Purple, also the warm shades of Red and Brown, as well as a variety of Blues, and Grays, and don't forget to ask him for one of the Handy Little DY-O-LA Booklets. It gives in a concise form information about Dyeing, which Professional Dyers have been years in acquiring. Just step into the nearest store, take a look at the DY-O-LA Color Card, and secure one of the little Booklets, before they are all gone. If you are too late to secure one of the Booklets send Post Card to The Johnson Richardson Co., Limited P. O., Box 1210, Montreal, Can. But don't fail to look at the new DY-O-LA Shaded Color Card.

A Message To Thin, Weak, Scrawny Folks

AN EASY WAY TO GAIN 10 TO 30 LBS. OF SOLID, HEALTHY, PERMANENT FLESH

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat, I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being prived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building element and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Your druggist has Sargol, or can get it from his wholesaler, and will return your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution.—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles. It should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh builder.

KELLY'S POND HATCHERY SPECKLED TROUT EGGS

In the House of Commons Mr. A. A. McLean asked the Minister of Marine and Fisheries:

1. Have any steps been taken to collect speckled trout eggs in Prince Edward Island for propagation in the Kelly's Pond, Southport Hatchery?

2. If so, in what years and with what success?

3. What quantities and kinds of fry have been distributed from this hatchery each year since it was erected, and where placed?

4. What distribution is expected this season?

Mr. Hazen replied.—(1.) Yes. (2). 1907. No eggs collected. Parent fish were stolen from crates by unknown persons. 1911, 7,000 eggs collected. 1912, 134,000 eggs collected. 1913, 459,600 eggs collected.

CENTRAL GUARDIAN

THE EXPRESS.—The western express with mails and passengers arrived in Charlottetown at 11.45 o'clock last night.

THE NORTHUMBERLAND.—The S. S. Northumberland arrived at Charlottetown last night at 8.10 o'clock.

CHURCH WEDDING.—At 1.15 to-morrow, the marriage will take place in St. James' Church, of Miss Winnifred Robertson, daughter of Mr. and Mrs. R. Robertson, Amherst, to Mr. Amos S. Etter, of Amherst.

Among passengers arriving in the city by the Northumberland last night were Rev. W. H. Spencer, Mr. M. C. McKinnon, Glenaladale, and Capt. D. Fraser, Little Harbor, N.S.

THE PRINCE EDWARD THEATRE—A real good programme was witnessed by real good houses at the Prince Edward Theatre last night. The feature photo-play was "Michael Arnold and Dr. Lynn," a two-part masterpiece, and was one of the best films yet put on at the Prince Edward. "Percy Baldwin, Trifler" and "Wheel of Life" were two other good dramas presented. Of the picture "Universal Ike's Wooing," a side-splitting comedy, it is sufficient to say that Augustus Carney was the principal performer and ably sustained his reputation as one of the best comedians of the day. Mr. Cairns was heartily applauded in his song. The program will be repeated to-night.

The Black and White Cigar at 5c. straight is one of the best smokes you can possibly buy. It is made from a good quality tobacco, burns evenly, has a fine flavor and a distinctly aromatic odor. McKinnon Drug Co., Cor. Great George & Kent Sts. MEtf.
