MARK WRIGHT & Co

THE MORNING GUARDIAN

WEDNESDAY, JAN. 2, 1901.

In Monday's issue among the signatures the requisition of 67 years ago the name of T. Dawson was improperly substituted for J. Lawson. The J. Lawson referred to was a former representative in the Island Legislature and father of the late Henry Lawson, so long and favorably known as the Editor of the Patriot. The object of the meeting called in accordance with the requisition was nominally to deal with "the payment of the Civil List of the Island." What was behind this appears to have been that the landlords who then held the title to so large a portion of the Island were obligated to pay to the Crown certain quit rents, to form a fund from which the Civil List was to be paid, which quit rents the landlords had either neglected or refused to pay.

Queen Wilhelmina has settled a neat $5,000,000 upon the consort whom she is to take to herself during the current month, but he can only be permitted to use the income therefrom and cannot spend or squander any part of the principal sum. Still he ought to be able to get three square meals a day out of $200,000 a year.

In its excellent review of the past year the Examiner falls into the slight error of including the Manitoba election among the events of 1900. The election took place on December 7, 1899, but the new Government was not formed until nearly a month later.

Governor Roosevelt's Christmas address to the boys across the border is equally good for Canadian boys as well: "Be good and gentle to your mothers and sisters, and be able to hold your own outside."

The New York Journal estimates that $10,000,000 was spent in that city for Christmas presents this year.

SALT MAKES HEART BEAT!

Surprising Result of Experiment With Common Salt and the Heart of Turtles.

Chicago, Dec. 26.—The Record says.—Experiments on turtles have convinced Dr. Jacques Loeb and Prof. D. J. Lingle, physiologists at the University of Chicago that common salt in the blood makes the heart beat. What is more they say that not only does salt keep the heart in action but that it possibly may cause the heart to beat again after it shall have been stopped.

In the experimental work instead of taking the heart as a whole a small strip from one of the ventricles was used. Suspended in a solution of sodium chloride the strip of turtles heart began a series of beats. Separated from all nerve connections, the lifeless strip of heart muscle responded perfectly to the presence of the salty solution.

For weeks the experimenters worked to ascertain what properties that salt contained to cause this rhythmetic beating of the heart that were not possessed by calcium or potassium the salts of which enter the composition of the blood. They found a solution of the problem in the fact that the action of sodium chloride was due to the peculiar character of the sodium. They discovered that a pure sodium chloride solution was destructive to heart tissues and that by mixing calcium and potassium solutions with the sodium solutions the poisonous effect of the sodium chloride was destroyed.

KIDNEY DISEASE AND BACKACHE

Mr. Patrick J. McLaughlan, Beauharnois Que., States:—"I was troubled with kidney disease and dyspepsia for 20 years and have been that bad I could not sleep at nights and suffered terrible agony I tried all sorts of medicines but got no relief until I began using Dr. Chase's Kidney-Liver Pills. They made a new man of me and the old troubles seem to be driven out of my system." One pill a dose, 25 cents a box

We have long thought it regrettable

The best that money can buy should be your aim in choosing a medicine, and this is Hood's Sarsaparilla. It cures when others fail.

Emerson Has Said...

If a man can write a book, preach a better sermon, or make a better mouse trap than his neighbor, though he built a house in the woods the world will make a beaten track to his door.

Now we don't live in the woods but we make our guaiacol or REDDIN'S PERFECTED EMULSION and we consider it one of the best of its kind on the market.

We have been telling you of its virtues for two years—we now have an enormous sale for it.

If you come in we will tell you more about it and what others say in praise of it.

Remember we sell an 8 oz bottle for 40c.

Its virtues are so well known you should be a purchaser if you need it.

JENKINS & C
The C rner Grocer

A Chance of a Lifeti

To Secure One of the Fine Properties in P. E. I.

This farm contains 130 acres of excellent land, 80 acres cleared and in prime condition. There is a fine belt of hard and soft wood (which is very valuable now that wood is so high) oyster mud within a few rods of the shore, abundance of marsh mud well watered, two wells near the house, good buildings, basement stable, six miles from town, one mile from Pownal, village school next the farm, three churches within a radius of 1½ miles, cheese and butter factory in rear farm, a large and heavy bearing orchard of best varieties of apples plum trees rasberries, strawberries etc. For location and beauty of scenery this property is unsurpassed by any in the Island. It is a daisy of a place but there is not a daisy on it. Only reason for selling—going into business in the North West with my sons. Sold with or without crop, stock and implements. Terms on application to solicitor A. A. McLean, Barrister, Charlottetown, or to the owner,

A. A. MOORE,
Pownal.
