The "HORTICULTURIST," And Journal of Rural Art and Rural Taste.

THE Subscriber, who has long been connected with Mr. BARRE, as one of the editors of the *Genesee Farmer*, has purchased the *Horticulturist*, so ably conducted by A. J. Downing, and, after the conclusion of the present volume, it will be Published at ROCHESTER, and Edited by P. BARRY, assisted by many of the best Horticulturists of the country, whose communications will materially add to its value. The ARCHITECTURAL DEPARTMENT will be conducted by gentlemen of ability and reputation.

To render the work accessible to a greater number, and consequently more beneficial, the price will be reduced to TWO DOLLARS per year, *in advance*, and at the same time various improvements made. Each number will contain a full page engraving of some new, rare, and valuable fruit or flower, drawn from nature, and engraved in a style not excelled.

Still further to add to the value of the work, and meet the improving taste and increasing wants of the horticultural community, we shall also publish an edition with COLORED PLATES, each number containing a full page engraving of some new, rare, and valuable fruit or flower, correctly colored from nature, by the best living artist in this line. This will be a new and important feature, in this country, and must command the attention and patronage of both professional and amateur Horticulturists. As the number of colored plates will be few, they will be limited, from the care and time required in their preparation, those who wish the *Colored Edition of the Horticulturist* for 1853, will do well to order immediately. Price with colored plates, FOUR DOLLARS, *in advance*.

All who cultivate fruit or flowers, should read the *Horticulturist*, as it is devoted entirely to Horticulture, and its kindred arts, Landscape Gardening and Rural Architecture, and will keep its readers advised of everything new on the subject, either in Europe or America.

It will be our aim not only to make the *Horticulturist* superior both in style and matter, to any work of the character in this country, but equal to any of the Horticultural Journals of Europe; and we confidently ask the aid and co-operation of the Horticulturists of the country. The work is published monthly, and contains forty-eight large pages, without advertisements, stitched in a beautiful and appropriate cover.

Saint John Sale Stables.

M. A. CUMMING, Veterinary Surgeon, begs to intimate to parties having *HORSES* to dispose of, that he is about to open as a Sale Stable, those premises near the Catholic Chapel, head of King's Square, St. John; where Horses will be kept at livery, and bought or sold on commission.

There being no well-understood place in St. John where those having Horses to dispose, and those wanting Horses, know where to find each other, M. A. C. flatters himself that a HORSE BAZAAR, or Sale Stable, properly conducted, may in some measure supply a want often felt by the public; and that the knowledge of horses derived from his profession, he may be able at times to give useful advice both to seller and purchaser.

N. B.—Two or three good young Harness Horses wanted; and a STRONG HEAVY PAIR, full mouthed for shipyard work.

Twelvetrees Brothers' Soap Powder,

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is a MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad Washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE.
