STOCK QUOTATIONS

MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, March 6—Last night in England the minister in charge of defence appealed to the country to forego construction of new buildings and restoration of old ones so that the government arms orders would not be handicapped. He frankly admitted the government's anxiety over a shortage of steel. This news will probably stimulate the steel stocks further today on the N. Y. S. E. Earnings reports published overnight include United Drug which showed $1.47 against $1 07, Western Union 5 89 against $5 03. U S Rubber 3 31 against 90 cents. General Electric 1 56 against 97 cents. We would look for a firm and active market today with leadership in the steels, rails, oils, metals, rubbers, merchandise and farm implements.

MONTREAL, March —Canada Northern Power Corpn. reports 1936 net earnings $2.804,914 against $2,770,678. Working capital jumps. $2 earned on common. Earnings expand and balance shows position is strengthened. British Columbia Packers Ltd. reports net profit for 1936 at $100.047 as against a loss of $32,249 for the previous year. Working capital up.

MARKET BULLETIN

(Received over Woods- Reade and Company Special Wire)

MORNING MARKET LETTER

NEW YORK, March 6—All divisions of the market showed advances in the early trading yesterday and the course of the industrials and rails was generally upward throughout the day. Volume indications were favorable, offerings shrinking on any dips.

Utilities however, again showed up poorly, drifting downward throughout the day after the first hour.

The strength in the steel and rail groups supplied the dominant note but good response was found in a wide number of other groups or individual stocks.

Performance of the auto group was only fair. Apparently these stocks are affected unfavorably marketwise by the strike problem with which the industry is still plagued. It seems almost inevitable that concessions will have to be made to labor to settle the existing differences and some question remains as to whether the auto companies can pass it along to ultimate consumers. Against this, however, is the highly satisfactory production and sales outlook for the spring and summer months, which, in our opinion will come to be the chief market influence with respect to the motor and parts stocks later.

We look for continued market strength today.

BARING MORNING LETTER

THE OUTLOOK IN WALL STREET

As I expected, we did not get that six point setback after the industrial averages went above 193, as we already had it from above 191. We may get it from around 197 or 198. Today's high was 195.17. As I said yesterday indiscriminate purchases are not advised at this level but special issues, as recommended in recent letters, can still be bought.

Atlas Plywood made a new high 27 3-4 and as advised some time ago, take profits on half around 34.

Industrial Rayon closed at 37 1-2 and purchases here will pay well.

Radio got active again and I still expect 22 for it, but I can't tell if this is the start of the move. Anyhow keep long, as it is not likely to break 11 again.

Buyers Pipe, which you should still have much lower down rose 3 points and should still be held.

Hollander is likely to show earnings of near $5 per share this year and seems a great bargain around 28.

U. S. Steel made a new high and should sell above 129, the figure I predicted long ago, before having any serious setback, but would not buy here.

American Rolling Mills which you should have at and below 34 sold above 40 and I would take no profits yet.

Associated Drygoods rose over a point and would still hold it for 35.

Anaconda Ex Div. closes nearly a point higher, it will sell much higher and can still be bought around 64.

American Machine and Metal has a chance to go near 20.

N. Y. Central got up to 49, Atchison to 84 3-4, Erie 1st to 34, Northern Pacific to 35 1-4, Southern Railway Pfd to 60 and Atlantic Coast Line to 52 1-2 on very sharp further bulge sell a fraction of each, retaining the balance for the present.

Artloom got up to 16 3-4, still a buy around 15, Mengel around 14, United Airlines near 21, and Simmons 51 to 52.

Would still keep long of Montgomery Ward, Sears Roebuck, Macy, Woolworth, White Motor, Vanadium American Can, etc.

Baring.

Wonderful Women

Fortunate are the housewives who combine strict economy with menus that cause their families to regard them as wonderful women. Canadian women are fortunate in having the means at hand to do this. They live in a land boasting extensive fishing grounds, unrivalled in quality of product. For health and economy's sake they may serve a variety of fish soups and many changes of the fish dishes, that more often form the main course of luncheons and dinners.

Fish soups served piping hot appeal to both children and adults. The soup stock, negligible in cost but not in nourishment or flavour may be made from the trimmings and heads of fish, simmered in water with vegetables and seasonings, then strained. The free cookbook, "Any Day A Fish Day" obtainable from the Department of Fisheries, Ottawa give several recipes for delicious and savory fish soups, some of them well suited too, as main luncheon or supper dishes.

What could be more economical, healthful and able to fill the bill of making Canadian women "wonderful Women" to their families, than bringing into prominence on family menus, some of these economical, savory and nourishing fish soups?

MONTREAL, March 7—Pound sterling advanced 1-4 cent on Montreal foreign exchanges Saturday to 4 87 15-16. The French franc dropped 1-32 cent to 4.53 cents while the United States dollar remained unchanged at par.

NEW YORK, March 7—Traders were cautious Saturday pending clarification of French Government plans and the franc moved lower in light business in the foreign exchange market.

The erratic quotations were largely nominal. The franc was traded at as low as 4.50 cents during the morning, when offerings from France were in evidence, but struggled later to a higher close at 4.52, off 04 of a cent.

Sterling advanced 1-4 a cent to $4 87 15-16. Swiss francs held steadily at their previous close and the Canadian dollar was unchanged at par.

Presentation

On Monday evening March 1, 1937, The Long Creek Young People's Society met at the home of Mr. and Mrs. C. R. MacPhail, in honor of two of its members, the Misses Evelyn MacEachern and Annie MacPhee whose marriages take place soon. The president, Mr. Stanton MacPhee, called the meeting to order and Mrs. Wilfred Stretch read an address to Miss Evelyn MacEachern while Mrs. Ernest Turner presented her with a serving tray. Mrs. C. R. MacPhail, the vice-president, then called on Miss Anna MacMillan to read an address to Miss Annie MacPhee and Mrs Hugh MacKenzie made the presentation of sherbet and water glasses. Both the members made pleasing speeches and thanked their fellow members for their thoughtfulness. "For they are Jolly Good Fellows" was cheerily sung and a very pleasant evening passed in singing and playing games. Lunch was served by the ladies of the Y. P. S and the meeting as closed by singing "Auld Lang Syne" and The King.

The following were the address

Dear Evelyn:

Having heard that you are about to embark on the sea of matrimony we, your fellow members of the Long Creek Y. P. S. have gathered here tonight to extend to you our best wishes and to offer our congratulations. We wish for you a long and pleasant journey and at the end of the years a home in the beautifully City of God.

We shall miss you, Evelyn, at our regular meetings because you were a loyal member and a capable officer. We shall miss you at our social gatherings because you always did you part to make them a success.

Please accept this gift, not for its intrinsic value but as a token of our esteem for you and as a rememberance of our fellowship together.

As your new abode is not so far distant from your old home town you may have the opportunity of meeting with us, if so, we shall welcome you.

Good luck and life's truest wealth
be yours to share,
Life's kindliest fortune bless your way.

Dear Annie:

We, the members of Long Creek Young People's Society are gathered here this evening to offer to you our sincere good wishes:

"We wish for you abundant health
And then your share of worldly wealth
Long sunny hours when you may see
The beauty in each flower and tree
And if perchance a cloud should stray
To dim the brightness of your day
We wish you faith that falters not
A trusty friend to share your lot
May pleasant memories brightly glow
And those less happy quickly go
Our wish for you dear faithful friend
Is happiness into the end."

We are not saying farewell, for we knew that you are to make your new home in Long Creek and we know that we shall still enjoy your fellowship.

We ask you to accept this gift as a remembrance from your friends in the Y. P. S.
