Quite understandably today's parents, conscious of the unsettled conditions in the world today, are wondering if everything will be all right for *their* Jimmies.

easy going, all of which are virtues which endear her to her husband.

DEAR MISS DIX: A young married man and I have been desperately in love with each other for several years. We are both honest and honorable, and we have fought this love until we are both mental and physical wrecks. He wants to go and tell his wife all about it and ask her to set him free. What do you say?

D.L.

ANSWER: I think that is the right thing to do, and if the wife is a wise woman and a good sport she will not try to hold the body of a man whose heart and soul belong to another.

DOROTHY DIX cannot reply personally to readers but will answer questions of general interest through her column.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
