VARIETIES.

ADVICE TO PARENTS.—Be ever gentle with the children God has given you; watch them constantly; reprove them earnestly, but not in anger. In the forcible language of Scripture; "Be not bitter against them." "Yes, they are good boys." I once heard a kind father say, "I talk to them pretty much, but I do not like to beat my children—the world will beat them." It was a beautiful thought, though not elegantly expressed. Yes, there is not one child in the circle round your table, healthful and happy as they look now, on whose head, if long spared, the storm will not beat. Adversity may wither them, sickness fade, a cold world frown on them; but amid all, let memory carry them back to a home where the law of kindness reigned, where the mother's reproving eye was moistened with a tear, and the father frowned "more in sorrow than in anger."

THE PASTORS SYSTEM.—Scene (apartment in the office of the French Consul; Mamma and Daughter discovered applying for a passport) :—Clerk (to Mamma: Will you be kind enough to tell me your age?—Mamma (trying it on): Thirty-three last birthday.—Clerk (to Daughter): And your age also, if you please, miss?—Daughter (who is of a spiteful turn of mind, and wishes to hurt her mamma's feelings): Oh! I was thirty-five last birthday. I am two years older than mamma!

HOW TO MAKE A BARREL.—The Chinese are said to have laboured for centuries under great embarrassment, from not knowing how to make a barrel. They could do every part without any difficulty. They could make the staves, and set them up, and hoop them in; and, indeed, with the help of a man inside, they could put the second head on; but how to get the man out after the barrel was headed up, was a problem which they could not solve.

The consummate epicurian and coarse man rs of Quin, the actor, often rendered him a very disagreeable guest. Dining one day with the Duchess of Marlborough, her grace, to his great surprise, helped herself to the leanest part of a haunch of venison, which stood near her. "What!" said Quin, "and does your grace eat no fat?" "Not of venison, sir." "Never, I assure you." Too much affected to restrain his genuine sentiments, the epicure exclaimed, "I like to dine with such fools."

"Philura, dear," said an American husband to his loyal spouse, who was several years the junior, "What do you say to moving out West? "Oh, I'm delighted with the idea! You recollect when Morgan moved out there, he was as poor as we are, and he died in three years worth a hundred thousand dollars."

As a dandy was wending his way through a narrow passage, he met a pretty girl, and said to her, "Pray, my dear, what do you call this passage?"—"Balaam's passage," replied, quick as thought (and he) I am like Balaam—stopped by an angel." "And I (rejoined the girl, as she pushed past him) am like the angel—stopped by an ass."

The times are getting so hard that people can't pay attention.

Lady: "Pray Mr. Jenkins, are you musical?"—Gentleman: "Vy, no Miss, I am not musical myself; but I have a very hexellent snuff-box wot is!"

Light meals are the best diet in the absence of the gastrick juice.

Our *foot* regiments are as determined as ever to support the glory of our *arms*.

The man who is a stranger to the finer feelings is recommended to have an introduction.

A Gentleman who did not trust to his memory wrote in his pocket book, "I must be married when I get to town."

If a tree, shaken by the wind, happen to smash a pane glass, what would the pane of glass say? Answer:—Tre-mend-ous!

"Measures not men," as the Chancellor of the Exchequer said when he taxed the British porter-pots.

PERRY'S HUNGARIAN BALM

For Restoring Preserving and Beautifying the Hair.

THIS elegant preparation is an effectual remedy for Baldness, or falling off of the Hair. It prevents and completely eradicates Scurf and Dandruff, strengthens the Roots of the hair; causes it to grow luxuriantly; gives it a rich, dark, soft and glossy appearance, and prevents it turning gray. The Hungarian Balm is a purely Vegetable compound, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the hair. It acts directly upon the skin, cleansing and purifying it from all unhealthy secretions, promoting and preventing the accumulation of scurf, dandruff and other impurities, which so frequently cause premature decay and ess of the hair.

The Hungarian Balm is especially adapted to ladies' use; and those who have tried the various oleaginous mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation. Instead of matting and tangling the hair, (which is more or less pulled out in the process of combing,) it leaves the tress and ringlet in a natural position, and imparts a beautiful dark and glossy appearance. Try it at once and you will be convinced of its superiority over all other compounds for the hair.

Much more might be said in favor of this inestimable compound, but it is deemed unnecessary. The proprietor feels confident that ONE TRIAL will convince the most incredulous of its rare and manifold virtues. Therefore,

If you have lost your hair and wish to restore it,
If you are losing your hair and wish to preserve it,
If you are troubled with Dandruff and wish to remove it,
If you have any humour of the Scalp and wish to cure it,
If you are troubled with Nervous Headache and wish to cure it,
If you have hair enters at the roots of the hair and wish to destroy them,
If you have harsh dry and wiry hair, and wish it to become soft, pliable and luxuriant as silk; and if you wish to possess rich, graceful and luxuriant tresses to the latest period of life, use PERRY'S HUNGARIAN BALM.

Price 25 and 50 cents, in large bottles.

PROCLAMATION
TO THE
Good People of P. E I.

PROBABLY there is not a family in your Province but what some members of it are more or less afflicted by Humours or Chronic Affections. As a remedy for these various complaints, there are numerous preparations brought into the market, but all of them of little or no good. But there is a discovery which has recently been made in chemical analysis that is wonderful in its operation. It has been long enough tried and we have proof sufficient to satisfy—all from men holding the highest offices the people of the United States can give—that the medicine will do just what it is recommended. It is DOCTOR HAMPTON'S VEGETABLE TINCTURE. The medicine is compounded from the Vegetable Kingdom and may be used by any person without injurious consequences. By a wise choice and combination of some of the best of each class of co-operative, opposite remedies, it fully reaches all the essential organs of the human system and there it has proved itself so effectually curative of the WHOLE ROUND of chronic affections.

Over two million bottles have been sold in the north and west during the last five years.

Three to five bottles is warranted to cure the worst case of *Rheumatism*.

Two bottles will check the worst case of *Dyspepsia*.

Three bottles are warranted to cure the severest case of *Erysipilas*.

Five to eight bottles will cure the worst case of *Scrofula*.

One to two bottles is guaranteed to cure the worst kind of *Pimples on the Face*.

Two to three bottles is warranted to cure the worst case of *Ring Worm*.

Three bottles are a certain remedy for the *Piles*.

Five bottles will cure the worst case of *Gout*.

Three to five bottles have never failed to cure the worst case of *Liver Complaint*.

Five bottles will cure the worst cases of Cough, Consumption, General Debility, Asthma, &c.,

AS A FEMALE MEDICINE it has no superior.

We could give hundreds of cases where the cures were truly wonderful, but we request all to get a pamphlet and read the hundreds of certificates of its cures *Price $1.00 per bottle.*

General Agent for P. E. I. W. R. WATSON. Sold also by M. W. SKINNER.

FOR SALE—GROVER ISLAND, situated Richmond Bay, about one-fourth of a mile from Princetown.

This Island contains about 80 acres, and as a fishing station is unequalled in this Island,—having a sufficient depth of water on one side for vessels of large burthen, and being entirely free from drift and. An indisputable Title will be given, and for further particulars, apply to WM. FORGAN, Esq., Charlottetown.

April 29, 1854. (liew. tf)

AYER'S PILLS,

A NEW and singularly successful remedy for the Ague and all Bilious Diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Dysentery, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual purgative were more freely used. No person can feel well while a costive habit of body prevails, from it arises consequences more or often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is admitted by all. Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable diseases which load the bearers all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Ancient and modern literature is open to all who are allowed to refer for these facts, are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, Geologist to the State of Massachusetts.

ISRA EL MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. G. SPRINGER, Esq., one of the first merchants in New York City.

J. S. DAVIS, M. D., Supt. and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such testimonials, all parts where the Pills have been used, but evidence even more convincing than the certificates of those eminent public men is shown in the effect of a fair trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities of its kind, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance are left behind, and the curative virtues only being retained. Hence it is self-evident that these should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the necessary information by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. As the medicine is not the same thing of my Pills, and even more confidently, and are willing to refer both to their authoritative were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera; purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.

Prepared by JAMES C. AYER, *Practical and Analytical Chemist*, Lowell, Mass
