UNITED STATES.

A SECOND GRACE DARLING.—Miss Moore, daughter of the invalid keeper of the lighthouse on Fairweather Island, below Bridgeport, Conn., heard wild cries for "help" far out in the Sound, on the night of the 13th, and summoning two young men to her aid, she launched the boat belonging to the lighthouse, and ordered them to pull out in the direction of the cries, herself holding the tiller. About two miles out in the Sound, they found a sailboat capsized, and clinging to it, two men, (George Penfield and Harry Shields of Black Rock), who were nearly exhausted. One of them was entirely helpless and with great difficulty got into the boat; but both were finally rescued from death by the courage and efforts of this brave girl, and brought safely to shore.

THE ATTACK ON FORT DEFIANCE BY THE INDIANS.—The Santa Fe correspondent of the Republican says the attack on Fort Defiance by the Navajoes was made from three different points just after the setting of the moon. While the garrison were asleep one party entered the settlers' store and carried off everything within reach; another party attacked the corrall, and was finally driven off to the mountains, till the troops were compelled to halt in consequence of random firing from the fort, the darkness being so great friend could not be distinguished from foe. The Indians were estimated to be over a thousand strong. Twelve men were killed, and four or five mortally wounded.

THE NEW YORK PRESS.—There appear in New York six-and-thirty papers, of which nine daily and fourteen weekly are printed in English; nine in German. In the French language appears the Courrier des Etats-Unis, in a daily and weekly edition, with 11,000 subscribers; in Italian, the Eco dell' Italia, and in Spanish, the Cornico, which has only an edition of 500. Of the Weekly Tribune, 212,000 copies are printed; of the New York Ledger, 160,000; of the Weekly Mercury, 100 000; of Harper's Weekly, 75,000; of Daily Herald, 90,000; of Daily Sun, 70,000; of Daily Times, 36,000; of Daily Express, 25,000; and of Daily Tribune, 39,000.

A NEW YORK DODGE.—Various are the tricks resorted to in New York to evade the law for the prevention of liquor selling on Sunday. One of the cleverest lately invented was putting up a notice on a place where liquor was sold, to the following effect—"Worship here each Sunday. None but members of the Church admitted." The police passed this house of "worship," but did not molest the audience nor the presiding genius.

SALE OF HORSES.—A sale of valuable horses recently took place at Chpville, Mass, the proceeds of which were $15,257. Among those sold was the celebrated mare "Pocanonias," which realized $3,450.—"Nimon," a yearling colt of the former, s red by Ethan Allan, brought $2,300.—"Garibald," an Ethan Allan horse, 23 months old, sold for $1 000. "John Alden," a Black Hawk Horse, brought $1,050; and "Miles Standish," another Black Hawk, realized $2 100. The owner of the latter horse said he had never offered him at private sale for less than $6,000.

A WEALTHY MAN DROWNS HIMSELF FOR FEAR OF COMING TO WANT.—Yesterday about 4 o'clock, p. m., word came in upon Summit Street that Geo. W. Scott, Esq, a valued and highly respected resident of this city, had flung himself into the pond convenient to the fork of the road, made by Adams-street and the old territorial road, nearly out to Judge Finch's residence. A general rush was made to the spot in vehicles and on foot, and after three quarters of an hour's grappling, the body was recovered and was immediately conveyed to his residence, next beyond Judge Finch's, on the territorial road. It appears that he has for some days past been in a state of mind that has caused uneasiness among his friends, so that perpetual watch night and day had been kept on his outgoings and incomings. At the time, his second daughter was with him and caught him by the coat as he was about to make the fatal plunge, but he broke away from her and effected his object. He was a man said to be worth $60 000 in property and funds, and did not owe a dime. Of late he has thought that he would be brought to want, and the idea has culminated in his effecting self-destruction. A coroner's jury was to be summoned, but their verdict can be anticipated by the foregoing.—*Toledo Herald.*

The jurymen in a recent case for slander, in New York, in which the damages were laid at $20 000, found a verdict for defendant, and contributed their earnings to a poor washerwoman in the following manner: The 12s. were wrapped in paper, and endorsed, "The combined earnings of twelve able-bodied men for four days labor."

STRUCK DEAD.—The Madison (Iowa) *Plaindealer* says that a poor miserable wretch, living near Farmington, in Van Buren County, while horribly blaspheming God on Sunday last, for withholding rain from his suffering crops, was suddenly struck with palsy and almost immediately died.

A fellow living on the Indiana shore of the Ohio river, near Vevay, Indiana, having recently lost his wife, crossed in a boat to the Kentucky side, visited a grave yard there and stole a tombstone, which he placed over the remains of his lamented better half.

Five men were shot during a strychnine whiskey fight in a grocery store in Bellon, Texas, two weeks since.

A writer describing the condition of the city of Camanche, Illinois, lately devastated by a tornado, says that horses and cattle killed by the storm were lying in every direction. The building seems to have been torn into fragments and scattered in all directions. Only about half a dozen houses escaped; the rest were either utterly destroyed or much damaged.—Whole blocks are quite vacant, the cellars only remaining, to show that houses had been there. The writer saw 28 dead bodies. In one family father, mother and two children were killed, and three children remained. Three men were blown off a raft on to the shore, and stunned for a long time; what became of their companions he knew not. At Mount Vernon, Iowa, fifty persons were killed. The tornado was seen approaching six miles off, like a black column, not more than twenty rods in width, and out of it were seen to fly trees, boards, &c., as it swept along, and when it passed in its fully rapid progress, it left but ruins behind. Its work was almost instantaneous. The cries of the sufferers, it is said, were heard even above the storm.

The Great Eastern, according to a telegraph message received at the Reading Room, on Thursday last, had reached Sandy Hook, at the entrance of New York Bay, that morning. We have not yet heard the date of her sailing and consequently do not know what run she has made.

A Comet has, for a week past, been visible in the Northern sky. It is, or was, to be seen in the early evening, for a short time, in a nearly North Western direction; but the best time to see it is just before daybreak in the morning.

SPECIAL NOTICES.

HOLLOWAY'S PILLS, for the cure of Bile, Liver, and stomach Complaints, and General Debility.—This medicine is so well known in every part of the world, and the cures effected by it are so wonderful, that it now stands in no need of public eugoly. Its pre-eminence as a remedy for bilious and liver complaints, and disorders of the stomach and the chest, is no longer a matter of dispute and doubt. In these diseases the beneficial effects of these invaluable pills are so permanent and extensive that the whole system is renovated, and the organs of digestion strengthened, and a free and easy respiration promoted. Plain directions for the use of this admirable medicine, at once so mild and efficacious, are affixed to each box.

WILD CHERRY BALSOM—The memory of Dr Wister is embalmed in the hearts of thousands, whom his *Balsom of Wild Cherry* has cured of coughs, colds, consumption, or some other form of Pulmonary diseases

A CARD TO THE SUFFERING.

The REV. WILLIAM COSGROVE, while laboring as a missionary in Japan, was cured of consumption, when all other means had failed, by a receipt obtained from a learned physicivn residing in the great city of Jeddo. This receipt has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and nervous depression caused by these disorders.

Desirous of benefitting others, I will send this receipt, which I have brought home with me, to all who need it free of charge.

A PHYSICIAN IN NEW BEDFORD writes to a friend:—"Say to Joseph Burnett & Co., that I can testify with pleasure to the virtues of their *Kalliston*, and also of their *Oriental Tooth Wash*. As a physician I can truly say that the *Kalliston* is the best antidote for Mosquito Bites that I ever tried, and I often advise its use. It is also a good lotion for the cure of some forms of *acne*, and other eruptions of the face; for slight burns and scalds, in which cases, according to my wife, it quickly relieves the pain. And in CHICKEN POX it relieves the irritation of the vesicles, and appears to prevent spitting. The *Tooth Wash* appears to be the best in use for spongy, bleeding gums."

Prepared by Joseph Burnett & Co., Boston; and sold in Charlottetown by M. W. Skinner, T. Desbrisay and W. R. Watson.

AYER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted posit on and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by some unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

What a splendid Growth of Clover!!

FARMERS! have you seen Williams's Red Clover Seed or the Stalks on which it grew? Rarely are to be seen samples so fine. It is of William Lea's growth. Remember William Lea took the first prize for Red Clover at the Grain Show on the 7th inst.

Williams's Timothy and Turnip Seeds with all his Garden Seeds are, as usual, good, very good! Encourage the man, and patronise home growth. Look also at his White Bald Canada Wheat. He has a great variety of English Turnip Seeds; also Island Turnip Seed.

Charlottetown, March 20, 1860.

Victoria Steam Mill.

THE Subscriber, having leased this most efficient establishment from the Hon. Dr. Young for a term of years, is now prepared to do all kinds of work with Mill and Circular Saws.

He will cut Boards, Scantling and Ship's Plank; also Fencing stuff, and every kind of sawing on moderate terms, and with unusual despatch.

There is a spacious Boom on the premises, to which rafts of timber may have easy access at ordinary tides. And as these valuable premises are situate on the banks of the Hillsborough River, at the eastern end of the City, this Boom will be found to be safe and convenient.

As quick work and small profit will form the motto of the Subscriber, he trusts that he will receive and merit a share of patronage from Ship and Housebuilders, and from a generous and discerning public.

Please call and see! and encourage Native Enterprise, by sending orders to

WILLIAM W. DUCHEMIN.
