YESTERDAY'S STOCK AND BOND QUOTATIONS

Morning Stock Letter

Wall Street Mirror Says:—
Special to Johnston & Ward

NEW YORK, Nov. 30—Little change occurred in the news of the action of the principal market Saturday. In the stock market the rails went further into new low ground with the industrials and utilities approaching their low for the year. The market is thus at the most critical stage since last September. Then the industrials held for a few days at the June lows and then followed the rails down an increasing volume. If volume increases today it is difficult to see how the old lows can hold. On the other hand the decline in volume Saturday suggests the possibility of the reaction terminating without a selling climax. Even should the old lows be broken on volume it seems unlikely that the decline would be extensive as on previous occasions. Thus, the time is fast approaching when purchases of stocks can be made hoding until at least next spring.

Same Prices Will Prevail

(Canadian Press)

NEW YORK, N. Y., Nov. 30—International Paper Co. in a letter newsprint contract customers today, confirmed previous notice that its standard prices now prevailing will continue for the year 1932 for the respective destinations set forth in its contracts.

The letter adds however, that the company is now considering some revision of its newsprint schedules, but that today the situation is not sufficiently clear to enable it to state what, if any, reductions it will make from the prices already announced for next year.

The letter is in line with the company's policy of letting customers know its prices by Dec. 1.

Little Progress In Neutral Enquiry

PARIS, Nov. 30. (A.P.)—A committee of the League of Nations council renewed yesterday its efforts to draft acceptable terms for a neutral inquiry into the Manchurian strife between China and Japan, with indications of little progress yet toward finding an acceptable formula.

Its work will be continued today, therefore, while League quarters await further information regarding Japan's military policy toward Chinchow and Tientsin.

The Japanese delegation reiterated to the drafting committee that they desired an investigating commission of only three members, but gave no specific reasons.

Marketing Your Silver Fox Pelts

EARLY SALES

Last year prices on Silver Fox pelts dropped fully 20% after the first AUCTION SALES. Are you going to hold them this year until prices drop or sell when the market is demanding fresh skins at good prices? Remember the first sales last year were the best both as regards prices and demand, the only trouble was there was not enough fresh skins placed on the early sales to satisfy the buyers.

SATISFIED SHIPPERS

Ninety per cent of the shippers who sold their pelts through me last year were well satisfied netting twenty to sixty per cent more for their pelts than they were offered elsewhere. This is not soliciting talk. I have the proof in my office. The other ten per cent could not be satisfied by any dealer for the simple reason that they were offered more than their pelts were worth by local buyers and they did not sell because of the unknown value of their pelts.

COMPETITION

Where you have one hundred and fifty or two hundred buyers bidding on a pelt worth forty or fifty dollars and it is sold, you know you are getting full market value for it regardless of what the other buyer offered, still if you get a good offer for your pelts take it providing you know their value and are satisfied you are getting all they are worth.

SHIPPING INSTRUCTIONS

If you want your pelts sold on the first AUCTION SALES they must be in my Summerside office not later than December 9th, every pelt sent for this sale will be sold (providing they bring full value) excepting pelts on which limits are too high these will be returned to the shipper or limits reduced at their option.

WHEN PAID FOR

Every skin sold on the first sales will be paid for not later than December 20th.

PERSONAL ATTENDANCE

I attend every sale personally on which I have pelts and protect them fully.

COMMISSION CHARGES

My selling charges are 5% there will be no other charge as this includes cleaning and transportation.

SHIP OR BRING IN YOUR PELTS.

TEN YEARS EXPERIENCE IN HANDLING SILVER FOX PELTS.

Grain Exports

(Canadian Press)

CHICAGO, Ill., Nov. 30—Wheat scored more than 3 cents a bushel advance today in some cases, with the maximum just before the close. Unfavorable crop reports from Argentina and also from European countries, together with bullish world statistics on wheat supplies, were largely responsible. Temperatures as high as 18 were reported in Argentina, with rains extending northward into harvest regions.

Wheat closed unsettled, 1⅞-3 cents higher than Saturday's finish, corn 1¼-1¾ up, oats ⅝-1 advanced, and provisinos unchanged to 12 cents decline.

WINNIPEG

WINNIPEG, Man., Nov. 30—(By the Canadian Press)—Wheat prices swung into a sharp course on the Winnipeg Grain Exchange today and quotations at the close revealed the greatest advances in many sessions. All futures finished from 1⅞ to 2⅛ cents stronger than Saturday.

November jumped 1⅞ and December from two to 1⅞, both to close at 59¼; May also gained 1⅞ at 63⅞ while July shot up 2⅛ to 64⅞ to 65.

An increase in export trade and encouragement lent by a strong Liverpool market was credited for the return of strength to the local pit after its faltering days of last week. Trading was fairly active though sales came mostly through local commission houses.

Pit trade was of moderate volume with several quite active periods but most of the operations were local. Shipments of North American wheat last week increased over one million bushels.

Cash wheat trade was slow at fractionally better spreads. Coarse grains experienced a good export demand for barley at slightly higher levels.

CLOSE

Wheat:—Nov. 59¼A; Dec. 59¼; May 63⅞; July 64⅞-65.
Oats:—Nov. 31½B; Dec. 31⅝; May 34⅛; July 34⅞A.

Montreal Market Sidelights

(Canadian Press)

MONTREAL, Que., Nov. 30—The local market remained very much a stagnant affair in the week's opening session, on extremely dull and narrow list moving in a mixed manner within the narrowest of price limits, and giving expression to nothing so much as a complete lack of interest. The market in Wall Street turned firmer on the development of supporting tactics, and wheat prices also enjoyed a firmer trend, but all in all nothing developed during the day to encourage a broader market participation. The better tone which developed in Wall Street found reflection in the interlisted stocks here, International Nickel moving up fractionally, C. P. R. gaining a point and Brazilian improving 1⅛.

The remarkable success which attended Canada's National Service Loan offering has had an invigorating effect on sentiment generally, with the celerity with which the great amount was raised attesting to the very complete confidence which the people of this country have in the position of the Dominion and in its future. At headquarters of the central loan committee here today the total of subscriptions up to the close of business on Saturday was announced as $145,000,000, and with the rush of orders, large and small, which poured in today it was clearly evident that the $150,000,000 objective set by the Canadian government, and for which a three-week campaign had been planned, had been substantially surpassed in eight business days.

MONTREAL, Que., Nov. 30—(By the Canadian Press)—Responding quickly to a better feeling in New York, the interlisted stocks on the Montreal Stock Exchange today recovered much of their loss of last week with Canadian Pacific Railway closing a point higher at 17 and Brazilian Traction recording a gain of 1⅛ at 11½. International Nickel was up half a point at 10½.

Elsewhere the list was narrow and dull. Sales amounted to slightly over 5,000 shares with five gains and five losses being shown at the close. Bell Telephone was the only downward movement of importance, closing at 122, off six points from its last board lot quotation of 128.

Dividends declared during the day included Foundation Company, 25 cents per share for the quarter ending January 31, 1932; Canadian Car and Foundry Preferred, 44 cents per share for quarter ending December 31 and Twin City Rapid Transit Company, Preferred, $1.75 per share. No action was taken on Twin City Common.

Headquarters of the National Service Loan reported that up to Saturday afternoon $145,000,000 had been subscribed. Today the remaining $5,000,000 was far oversubscribed but the final figures, it was stated, would not be available for publication for a day or more.

Distillers Corporation-Seagrams presented an annual report in which it was shown the company had earned its dividend by a considerable margin.

The price changes on the exchange included, in addition to those mentioned above, Consolidated Smelters, up 1 points at 70; Steel of Canada, a point higher at 23; B. C. Power, off ¼ at 23; Dominion Steel and Coal "B," off ½ at 2½; Fraser, off ⅛ at 1½; and St. Lawrence Corporation, off ⅛ at 1.

Total sales were 5,130 shares compared with 9,308 shares Friday and 14,726 shares on the corresponding day of last year.

Bond sales on the floor of the exchange were confined to a single block of Victory 1933's which advanced 15 cents to $100.50.

Sterling closed at $3.9355, its lowest figure locally since the gold standard was dropped at London. United States funds closed at a premium of 15¾ per cent.

NEW YORK, N. Y., Nov. 30—The New England Power Association today purchased at auction the entire voting stock of Green Mountain Power Corp., of Vermont, a utility serving light and power to 50 cities. The stock consisted of 28,347 no-par common shares and gas sold for $1,025,000.

LONDON, Nov. 30. (A.P.)—A band of more than thirty men attacked the Japanese Embassy in Portman Square here last night and tried to force an entry, but escaped into a thick fog as police arrived.

Some of the windows of the Embassy were broken ni the attack, the purpose of which was unknown to the authorities. The Embassy staff was absent at the time, except for a caretaker who telephoned the police.

Produce Market

(Canadian Press)

MONTREAL, Que., Nov. 30—Butter prices were higher and egg quotations were lower while cheese and potato prices held unchanged on the produce and dairy market here today.

Eastern townships no. 1 pasteurized butter, in carlots, gained a quarter of a cent at 22 to 22½ cents a pound. To retailers solids at 24 cents and prints at 25 cents a pound both advanced a cent. Receipts were 558 boxes.

Carlot prices of fresh eggs were from one to two cents lower. Extras were quoted at 48 to 49 cents, firsts at 43 to 44 cents and seconds at 38 to 39 cents a dozen. Storage extras and firsts, in carlots, at 27 cents and 24 to 25 cents, respectively, were both unchanged while storage seconds lost a cent at 21 cents a dozen. To retailers, fresh extras, in cartons, declined a cent at 55 cents a dozen, while other quotations were steady. Receipts were 265 cases.

Ontario cheese was quoted unchanged at 9¾ to 9¾ cents and Quebec at 9½ to 9⅝ cents a pound. Receipts were 1,065 boxes.

The potato market ruled steady, quotations per 80 pound bag being 35 to 45 cents for Quebec whites, 50 to 55 cents for Quebec green mountains and 55 to 60 cents for New Brunswick green mountains. Prince Edward Island green mountains, per 90 pounds, were 60 to 70 cents.

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer)

NEW YORK, N. Y., Nov. 30—The decline in stocks was broken today by a rally which Wall Street assumed to be technical, although it was none the less welcome, especially since it started from a level that was perilously near the Oct. 9 lows.

The advance averaged into a net rise of 2.6 points, the best gain in about three weeks, and was accomplished against an unusually large break in sterling exchange and a weak foreign bond market. Wheat, corn and cotton rallied, a fact that doubtless had something to do with the retreat of shorts on the stock exchange.

Nevertheless, the market's ability to turn after an early stage had made an escape from last month's average lows seem doubtful relieved some of the gloom, although Wall Street was unwilling to put too much weight on one day's performance.

Sterling suffered an extreme drop of about 13 cents to the lowest rate in a decade.

Before the rally several prominent stocks, including U. S. Steel, Santa Fe, New York Central, Union Pacific, Baltimore and Ohio, Western Union, Westinghouse and Radio, touched new lows. Steel, however, climbed from 53 to 57¾ and closed at 56¾, up 3⅛. American Telephone was strongly supported, gaining about 4 points net, while New York Central had an extreme advance of more than 4. Atchison's best was a rise exceeding 6 points which was reduced to 3⅝. Gains of 2 to 3 were numerous in all groups. Sales totalled 2,012,459 shares.

WHAT THE STOCK MARKET DID:

	Mon.	Sat.
Number of advances	351	77
Number of declines	191	367
Stocks unchanged	154	165

NEW YORK, N. Y., Nov. 30—Foreign exchange irregular, Great Britain 3.93⅝; France 3.99 15-16; Italy 5.15¼; Belgium 14.88; Germany 23.74; Canada 85.50.

NEW YORK, N. Y., Nov. 30—Raw sugar was quiet again today and in absence of business prices were more or less nominal. Some prompt shipment Cubas were available at 3.25, while Philippines for January arrival were available at the same level, and perhaps less, but refiners showed no interest.

After selling into new low ground for the season, futures steadied up a little on covering and trade buying with the market closing net unchanged to 3 points lower.

Approximate sales were 30,300 tons, including 14,800 in exchanges. Dec. closed 1.09, Jan. 1.08, Mar. 1.08, May 1.13, July 1.20, Sept. 1.26.
